Maoism and the Chinese Revolution Elliott Liu, 2016-07-01 The Chinese Revolution changed the face of the twentieth century and the politics that issued from it often referred to as Maoism resonated with colonized and oppressed people from the 1970s down to the anticapitalist movements of today But how did these politics first emerge And what do they offer activists today who seek to transform capitalist society at its very foundations Maoism and the Chinese Revolution offers the novice reader a sweeping overview of five decades of Maoist revolutionary history It covers the early years of the Chinese Communist Party through decades of guerrilla warfare and rapid industrialization to the massive upheavals of the Cultural Revolution It traces the development of Mao Zedong s military and political strategy philosophy and statecraft amid the growing contradictions of the Chinese
