Psychic Self-Defense Dion Fortune,2014-05-06 This book is not intended merely to make the flesh creep but is designed as a serious contribution to a little understood aspect of abnormal psychology perverted in some instances to the purposes of crime It is a book intended for serious students and for those who find

themselves confronted by the problems it describes and who are trying to understand them and find a way out My chief aim in speaking so frankly is to open the eyes of men and women to the nature of the forces that are at work below the surface of everyday life It may happen to any one of us to break through the thin crust of normality and find ourselves face to face with these forces Reading of the cases cited in this book we may well say that there but for the grace of God goes any one of us If I can give in these pages the knowledge which protects I shall have fulfilled my purpose **The Mummy's Curse** Roger
