Copyright Office, 1961 A Gaffer's Perspective on Independent Filmmaking Rick M. Lord, 2011 In today's digital age thousands and thousands of independent filmmakers are challenging Hollywood's elite best of the best film producers A Gaffer's Perspective on Independent Filmmaking examines why so many first time independent film productions are doomed to failure before the first day of principal photography ever begins Learning what dooms a production is only half of the process teaching successful practices and techniques while revealing many of the tricks of the trade used by the big productions is the other half With examples of actual productions gone awry combined with should haves this book is a must have for a successful filmmaking experience **An Angle on the World** Bill Barich, 2016-11-15 An Angle on the World is a brilliant tribute to Bill Barich's extraordinary range as a writer Gathering together more than thirty years of work this book addresses such diverse subjects as a murder trial in the Caribbean a visit to a juju doctor in Nigeria and the author's youthful escapades in Italy and the Haight Ashbury As the New York Times put it An easy fluid stylist Barich writes entertainingly about anything As a staff writer at the New Yorker Barich found editorial support for his long form dispatches He makes no pretense of being an objective observer Instead he's out to capture what Norman Mailer called the feel of the phenomenon be it the texture of street life in Belfast or the trails of operating a home for paranoid schizophrenics in San Francisco He finds heroes in such unlikely places as San Fernando Valley where former gang members try to prevent teenagers from killing one another in turf wars The hallmark of An Angle on the World is its compassion Few writers are as gifted as Barich at making people come alive on the page His portrait of David Milch the legendary creator of HBO's Deadwood offers an inside look at an eccentric genius at work Here the Grateful Dead's Jerry Garcia is depicted as a real person not a rock star cliché Barich's touch is light intimate and acutely aware of our foibles Whenever he hits the road whether to London or Barbados he expresses the sheer joy of being alive An Angle on the World is an ideal bedside reader packed with insight good humor and razor sharp prose that has earned Barich his enviable reputation as a writer's writer **A List of Plays for High School and College Production** Drama League of America, 1916 **Pub Scene** Jane Peyton, 2006-04-05 The pub scene across the world is characterised by its casual warmth and conviviality It has none of the pretences or formality of a restaurant or cocktail bar It is the relaxed setting in which friends and strangers alike can choose to meet The pub is where we go to celebrate a special occasion with a group of chums but also where we might go to flirt intimately with a prospective

lover It is a comfortable destination for seeking out the company of others Whether located on a street corner in the Scottish Highlands Munich or New Zealand a favourite pub is defined by its own distinct atmosphere and character Pubs are distinguished as much by their interior décor as by the beer and liquor they sell and the customers that mingle around the bar These qualities combine to give a local its particular appeal with a draw far beyond its immediate locality These very unique idiosyncratic attributes of pubs which were once taken for granted are now in real danger of extinction as bar chains with standardised designs and drinks menus are rolled out across city centres and main streets Turning its back on the trend towards homogeneity of today's watering holes Pub Scene celebrates the often exuberant sometimes elegant décor and always singular wow factor of public drinking places whether they are big or small traditional or contemporary In her engaging and anecdotal style author Jane Peyton describes some of the world's best looking pubs including British Victorian Gin Palaces classic Art Nouveau Belgian cafés bars Germany's Beloved bierkellers Australia's amazing beachside beer gardens and America's notable brew pubs
