Radiance In The Gulag:

A Radiance in the Gulag Nijole Sadunaite, 1992 Finding God in the Gulag Jeffrey S. Hardy, 2024-10-23 The Soviet Communist Party with help of the secret police attempted to completely eliminate religion from Soviet society by in part imprisoning believers and attempting to re educate them in the labor camps of the infamous Gulag Finding God in the Gulag tells the story of how imprisoned Christians nevertheless found ways to pray read scripture sing hymns celebrate Easter and commune with their fellow believers

The Holocaust and Soviet War Crimes Trials in the Cold War Context Gintarė Malinauskaitė, 2024-02-23 This volume aims to offer a fresh perspective towards the evaluation of Soviet war crimes trials of Holocaust perpetrators their representation through various means of media and their reception in the context of the Cold War By examining the 1964 Klaipėda war crimes trial in Soviet Lithuania through a microhistorical perspective the book explores the history of the second wave of Soviet justice in the 1960s It attempts to offer insight not only into how this Soviet war crimes trial was initiated and investigated but also into how it was presented in the courtroom and channeled through the media for publicity The book argues that the war crimes trials conducted by the Soviet Lithuanian judiciary can be on one hand perceived as an intrinsic element of Soviet ideological propaganda and on the other viewed as an alternative space for disclosing memories of the mass murder of Jews offering an opposing perspective to the official Soviet politics of memory Intended for both an academic audience and the general public this volume unveils an intertwined compilation of Soviet legal history politics of retribution memory and media during the Thaw period

Gulag Anne Applebaum, 2007-12-18 PULITZER PRIZE WINNER This magisterial and acclaimed history offers the first fully documented portrait of the Gulag from its origins in the Russian Revolution through its expansion under Stalin to its collapse in the era of glasnost A tragic testimony to how evil ideologically inspired dictatorships can be The New York Times The Gulag a vast array of Soviet concentration camps that held millions of political and criminal prisoners was a system of repression and punishment that terrorized the entire society embodying the worst tendencies of Soviet communism Applebaum intimately re creates what life was like in the camps and links them to the larger history of the Soviet Union Immediately recognized as a landmark and long overdue work of scholarship Gulag is an essential book for anyone who wishes to understand the history of the twentieth century

The Gospel of Mark (Catholic Commentary on Sacred Scripture) Mary Healy, 2008-11-01 There is an increasing hunger among Catholics to study the Bible in depth and in a way that integrates Scripture with Catholic doctrine worship and daily life In October 2008 a meeting of the world Synod of Bishops scheduled by Pope Benedict XVI will focus on The Word of God in the Life and Mission of the Church Coinciding with that meeting is the launch of the Catholic Commentary on Sacred Scripture CCSS a series that responds to the desire of Catholics to access the living Word of God The Gospel of Mark is the first of seventeen volumes which will cover the entire New Testament Written by trusted Catholic biblical scholars these commentaries interpret Scripture in the light of Catholic tradition Accessibly written yet substantive the CCSS fills a gap in

the available literature by offering commentaries that cover more than brief study guides but are less daunting than scholarly commentaries Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin, Irina

Livezeanu, Christine D. Soviet Security and Intelligence Organizations 1917-1990 Michael Parrish, 1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish's work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party's watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin's inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume

Architecture and Armed Conflict JoAnne Mancini, Keith Bresnahan, 2014-07-11 Architecture and Armed Conflict is the first multi authored scholarly book to address this theme from a comparative interdisciplinary perspective By bringing together specialists from a range of relevant fields and with knowledge of case studies across time and space it provides the first synthetic body of research on the complex multifaceted subject of architectural destruction in the context of conflict The book addresses several specific research questions How has the destruction of buildings and landscapes figured in recent historical conflicts and how have people and states responded to it How has the destruction of architecture been represented

in different historical periods and to what ends What are the relationships between the destruction of architecture and the destruction of art particularly iconoclasm If architectural destruction is a salient feature of many armed conflicts how does it feature in post conflict environments What are the relationships between architectural destruction and processes of restoration recreation or replacement Considering multiple conflicts multiple time periods and multiple locations allows this international cohort of authors to provide an essential primer for this crucial topic **The Forgotten** Rev. Christopher

Lawrence Zugger,2001-04-01 This remarkable work traces the history of Soviet Catholicism from its rich life in 1914 through its tentative fate in the first sixty years of the USSR Rev Zugger tells of the faithful men and women shackled by dictatorship doomed to deportation and abandoned by their own church in the west Soviet Russia was an empire born of atheism with religion viewed as a threat to the state s notion of individualism By 1932 dictator Joseph Stalin firmly declared that religion would be extinct in the USSR within five years In this compelling volume Zugger details the Soviet campaign against Catholicism among many ethnic groups and worshippers whose devotion would not be shaken He shows how they kept faith alive in prison camps in remote villages in monastery prisons and in the secrecy of their homes where the light of faith continued to burn brightly while churches crumbled or became dance halls and office buildings This is the first book in English to recount the fate of Catholic Russia and the church in the various lands conquered by Soviet rule It is at once a memorial to those who perished a tribute to those who survived and a testament to the enduring power of faith The Baltic

Revolution Anatol Lieven,1994-01-01 In this subtle penetrating study Anatol Lieven presents an intimate and engaging portrait of the history culture and politics of the Baltic States from their ancient origins to their contemporary status

The Baltic States Thomas Lane, Artis Pabriks, Aldis Purs, David J. Smith, 2013-11-05. Since the end of the Cold War there has been an increased interest in the Baltics. The Baltic States brings together three titles: Estonia, Latvia, and Lithuania, to provide a comprehensive and analytical guide integrating history, political science, economic development, and contemporary events into one account. Since gaining their independence, each country has developed at its own pace with its own agenda and facing its own obstacles. The authors examine the tensions accompanying a post-communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state. Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004. Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU.

Lithuania Thomas Lane, 2014-04-08. Lithuania restored her independence after half a century of Soviet occupation in the immediate aftermath of the failed Moscow coup in August 1991. As the multi-national Soviet state disintegrated, Lithuania evolved without war or violence from a communist state and a command economy to a liberal democracy, a free market, and a society guaranteeing human and minority rights. Lithuania therefore offers a notable example of peaceful transition, all the more impressive in the light of the bloody conflict elsewhere in the former Soviet Union of Yugoslavia, where the aspirations to independence of the constituent republics were either violently resisted or dissolved into inter-ethnic violence. Equally remarkable has been Lithuania's determination to return to Europe after half a century of separation, even at the price of submerging its recently restored sovereign rights in the supranational European Union. The cost of membership in western economic and security organizations are judged to be worth paying to prevent Lithuania's being drawn once again into a putative Russian sphere of influence. On the threshold of a new millennium, therefore, Lithuania

has made a pragmatic accommodation to the demands of becoming a modern European state whilst vigorously resisting the dilution of her rich cultural and historical traditions These twin themes of accommodation and resistance are Lithuania's historical legacy to the current generations of Lithuanians as they integrate into European institutions and continue the modernization process

Sharing God's Heart for the Poor Amy L. Sherman, 2016-09-12 *Lithuania* V. Stanley Vardys, Judith Sedaitis, Mrs V Stanley Vardys, 2018-02-19 This book explores Lithuania's pagan ancestry and epochal struggles with Germanic and Russian states and examines Lithuania's struggle with the legacy of Soviet rule as it strives to establish democracy and economic prosperity

The Cruel Radiance Susie Linfield, 2011-05-27 In *The Cruel Radiance* Susie Linfield challenges the idea that photographs of political violence exploit their subjects and pander to the voyeuristic tendencies of their viewers Instead she argues passionately that looking at such images and learning to see the people in them is an ethically and politically necessary act that connects us to our modern history of violence and probes the human capacity for cruelty Grappling with critics from Walter Benjamin and Bertolt Brecht to Susan Sontag and the postmoderns and analyzing photographs from such events as the Holocaust China's Cultural Revolution and recent terrorist acts Linfield explores the complex connection between photojournalism and the rise of human rights ideals In the book's concluding section she examines the indispensable work of Robert Capa James Nachtwey and Gilles Peress and asks how photography should respond to the increasingly nihilistic trajectory of modern warfare A bracing and unsettling book *The Cruel Radiance* convincingly demonstrates that if we hope to alleviate political violence we must first truly understand it and to do that we must begin to look
