**Soul Springs** Lotus Linton, 2002-08 Why is the harbinger of the Age of Aquarius called the Waterbearer Could it be that the true Grail of the spiritual quest is not so much a cup but the water within it Soul Springs Seeking Self in the Waters of the World tells of a uniquely female spiritual journey that has taken the form of a water quest on several continents Searching for truth within many cultures and landscapes the author was irresistibly drawn to watery places She discovered that water is universally understood to be a feminine element Soul Springs is a collection of vignettes revealing spiritual insights gained at the brink of water at a goddess well in Cornwall in the Grand Canyon or at a temple by the sea in Bali Each story is titled with a familiar religious term such as Blessing Communion or Grace and evolves into a distinctly feminine sometimes unorthodox perspective as revealed to the author by her inner voice Soul Springs appeals to the inner gnosis that is available to each woman the liquid light of her own Soul s wisdom **Bowker's Complete Video Directory**, 2000

**JNCHC**, 2005 **Healing Logics** Erika Brady, 2001-04 Scholars in folklore and anthropology are more directly involved in various aspects of medicine such as medical education clinical pastoral care and negotiation of transcultural issues than ever before Old models of investigation that artificially isolated folk medicine complementary and alternative medicine and biomedicine as mutually exclusive have proven too limited in exploring the real life complexities of health belief systems as they observably exist and are applied by contemporary Americans Recent research strongly suggests that individuals construct their health belief systems from diverse sources of authority including community and ethnic tradition education spiritual beliefs personal experience the influence of popular media and perception of the goals and means of formal medicine Healing Logics explores the diversity of these belief systems and how they interact in competing conflicting and sometimes remarkably congruent ways This book contains essays by leading scholars in the field and a comprehensive bibliography of folklore and medicine *The Video Source Book* David J. Mayes, 2022-05-17 This book bears us on eagles wings into the vault of the heavens and plunges us into the hidden depths of the soul As the climate crisis alerts us to the state of the planet so we look into our soul We see how the Bible and classic spiritual writers use arresting meteorological imagery to describe both the discovery of the Divine and the condition of humanity We explore a rich and diverse vocabulary archetypal universal and primal enabling us to describe the movements of the soul These images and metaphors help us express what is going on in our spiritual lives as we learn the skill of reading the climate of our soul Attentiveness to the ecology of the soul leads to a sharper perception of the environmental issues facing our planet This book helps us to look differently at our turbulent world within the interplay of microcosm of soul and
