Radical Presence Teaching As Contemplative Practice:

Radical Presence Mary Rose O'Reilley, 1998 *Radical Presence* is a book about our lives as well as our work suggesting that the secrets of good teaching are the same as the secrets of good living seeing one's self without blinking offering hospitality to the alien other having compassion for suffering speaking truth to power being present and being real These are secrets hidden in plain sight But in an age that puts more faith in the powers of technique than in the powers of the human heart it takes the clear sight and courage of someone like Mary Rose O'Reilley to call secrets of this sort to our attention *Radical Presence* asks What might happen if we frame the central questions of our profession as spiritual issues and deal with them in light of our spiritual traditions The basis of O'Reilley's remarks is not religious it is pedagogical She does not preach she shares Writing of the human condition O'Reilley places herself first in line not as an ego or leader but as a friend and guide Over the course of her journey she seeks to discover what spaces we can create in the classroom that will allow students the freedom to nourish an inner life This is an important book that will have a significant impact on the way educators view teaching and learning O'Reilley writes Some pedagogical practices crush the soul most of us have suffered their bruising force Others allow the spirit to come home to self to community and to the revelations of reality This book is my own try at articulating a space in which teacher and student can practice this radical presence

The Intersubjective Turn Olen Gunnlaugson,Charles Scott,Heesoon Bai,Edward W. Sarath,2017-10-11 Examines key theoretical aspects of the emerging field of second person contemplative education A first of its kind this book maps out current academic approaches in higher education to second person contemplative education which addresses contemplative experience from an intersubjective perspective Until recently contemplative studies has emphasized a predominantly first person standpoint but the expansion and embrace of second person methods provides a distinctive learning context in which collective wisdom and shared learning can begin to emerge from dialogue among students and groups in the classroom The contributors to this volume leading researchers and practitioners from a variety of institutions and departments examine the theoretical and philosophical foundations of second person contemplative approaches to instruction pedagogy and curricula across various scholarly disciplines

Critical Expressivism Tara Roeder,Roseanne Gatto,2015-04-15 Critical Expressivism is an ambitious attempt to re appropriate intelletual territory that has more often been charted by its detractors than by its proponents Indeed as Peter Elbow observes in his contribution to this volume As far as I can tell the term expressivist was coined and used only by people who wanted a word for people they disapproved of and wanted to discredit The editors and contributors to this collection invite readers to join them in a new conversation one informed by a belief that the term expressivism continues to have a vitally important function in our field

Teaching Literature and Writing in Prisons Sheila Smith McKoy,Patrick Elliot Alexander,2023-10-13 As the work of Malcolm X Angela Y Davis and others has made clear education in prison has enabled people to rethink systems of oppression Courses in reading and writing help incarcerated students feel a sense of community examine the past and present and imagine a better future Yet incarcerated students often lack the resources materials information and opportunity to pursue their coursework and training is not always available for those who teach incarcerated students This volume will aid both new and experienced instructors by providing strategies for

developing courses for creating supportive learning environments and for presenting and publishing incarcerated students scholarly and creative work It also suggests approaches to self care designed to help instructors sustain their work Essays incorporate the perspectives of both incarcerated and nonincarcerated teachers and students centering critical prison studies scholarship and abolitionist perspectives This volume contains discussion of Mumia Abu Jamal s Live from Death Row Marita Bonner s The Purple Flower Suzanne Collins s The Hunger Games Mary Shelley s Frankenstein and William Shakespeare s The Taming of the Shrew and Othello

Hearts and Minds Without Fear Barbara A. Clark,James Joss

French,2014-06-01 Hearts and Minds Without Fear Unmasking the Sacred in Teacher Preparation is the first book of its kind that focuses on the critical urgency of integrating creativity mindfulness and compassion in which social and ecological justice are forefronted in teacher preparation This is especially significant at a time of cultural turmoil educational reform and inequities in public education The book serves as a vehicle to unmask fear within current educational ethical deficiencies and revitalize hope for community members teacher educators pre service in service teachers and families in school communities The recipients of these strategies are explicitly presented in order to build understanding of a compassionate paradigm shift in schools that envisions possibility and social imagination on behalf of our children in schools and our communities The authors unabashedly place the arts and aesthetics at the core of the educational paradigm solution The book lives its own message Within each seed chapter the authors practice authentically what they preach offering a refreshing perspective to bring our schools back to life and instill hope in children s and educators hearts and minds

Flourishing in the Holistic Classroom Lisa Marie Tucker,2021-08-01 In a time of unprecedented changes globally

Flourishing in the Holistic Classroom offers an educational model that is dynamic organic and adaptive The book offers key principles dispositions and practices that holistic educators draw from to create learning environments in which their students can flourish This book describes learning that is based on a balance of inner and outer ways of knowing with an emphasis on the inner life or soul of the learner This is illustrated through accounts of running an arts camp using the inquiry process and experiences with teacher candidates A key principle of holistic education is connection which is explored through experiential examples such as connections between learners and each other the teacher and their subject of study The role that mindfulness practice and teacher presence plays in the classroom as well as working with fear and vulnerability are addressed through detailed narratives The breadth of the author s experience including being an early years teacher a director of programs and exhibits in a children s museum and working with pre service teachers is woven throughout the

book *Reflections* from former teacher candidates highlight the influence that holistic pedagogy has on learners. The book concludes with an invitation to the reader to embrace a holistic integrative approach to education which creates fertile ground for student flourishing. *Flourishing in the Holistic Classroom* is intended to support teachers, administrators, academics, pre-service teachers and graduate students. Praise for *Flourishing in the Holistic Classroom*: Heartfelt, authentic, soulful. Lisa Marie Tucker's *Flourishing in the Holistic Classroom* is a gift to all educators. Drawing on her lengthy career as an educator in various roles, Lisa draws on her personal and professional experiences. Her use of the nautilus shell creates a profound holistic image that connects heart, mind and spirit where personal cosmologies are valued. Her work is timely as we emerge from challenging times and seek to re-situate and re-connect ourselves to each other and our planet in a post-pandemic world. Her lived journey resonates and inspires as we, the reader, moves through each chapter. Drawing on the wisdom of ancestral roots, Lisa explores what makes us human in profound ways. Marni Binder, Associate Director, Academic Leadership, Associate Professor, Ryerson University. I loved this book. *Flourishing in the Holistic Classroom* by Lisa Tucker is a must-read for any teacher who is looking to make education meaningful, engaging and relevant to students' lives. It is highly readable and full of practical examples and applications for teachers at all grade levels. It is also a wonderfully inspiring text for professors working in teacher preparation programs. I felt like I was having a conversation with a master teacher, one who truly understands the really important qualities that teachers can cultivate in their lives and work. I appreciated the way substantive theory was integrated seamlessly into her own personal narrative. Using stories, she brings her Nautilus model of holistic teaching to life, creating an intimacy with the reader that engages your mind and spirit. Sam Crowell, Professor Emeritus, California State University. Founder, MA in Holistic and Integrative Education. Author, *Emergent Teaching: A Path of Significance, Creativity and Transformation*. Lisa invites us to imagine, enact and embody wholeheartedly our life as more than surviving; she wants us to flourish in the classroom as learners, no matter if we are wearing a teacher or student hat. To do this, we think of ourselves as a whole person whereby heart, mind, body and spirit are embraced. This is what holistic education is. In this book, we are taken on a journey and as Lisa says, teaching is a complex profession and in order for true exploration and deep learning to occur, a healthy, caring and sustainable learning community must be developed. Dr. Narelle Lemon, Associate Professor and Associate Dean of Education, Swinburne University of Technology, Melbourne, Australia. [A Pedagogy of Kindness](#). Catherine J. Denial, 2024-07-16. Academia is not by and large a kind place. Individualism and competition are what count. But without kindness at its core, Catherine Denial suggests higher education fails students and instructors and its mission in critical ways. Part manifesto, part teaching memoir, part how-to guide, *A Pedagogy of Kindness* urges higher education to get aggressive about instituting kindness, which Denial distinguishes from niceness. Having suffered beneath the weight of just getting along, instructors need to shift every part of what they do to prioritizing care and compassion for students as well as for themselves. *A Pedagogy of Kindness* articulates a fresh vision for teaching, one that

focuses on ensuring justice believing people and believing in people Offering evidence based insights and drawing from her own rich experiences as a professor Denial offers practical tips for reshaping syllabi assessing student performance and creating trust and belonging in the classroom Her suggestions for concrete scalable actions outline nothing less than a transformational discipline one in which together we create bright new spaces rooted in compassion in which all engaged in teaching and learning might thrive
