Radical Right Parties And Electoral Competition:

The ^AOxford Handbook of the Radical Right Jens Rydgren, 2018-02-01 By integrating various strands of scholarship on the radical right that covers different regions and different research perspectives The Oxford Handbook of the Radical Right provides an authoritative and state of the art overview of the topic that will set the agenda for scholarship on the radical right for years to come

The Extreme Right in Europe Uwe Backes, Patrick Moreau, 2011-12-07 The present work deals not only with the well organized right extremism in modern Europe as well as with its function in proper political parties but equally includes two additional broader approaches the militant branches and subcultures that exist including some paramilitary phenomena in Eastern Europe and the broad realm of their political ideas and cultural trends and the influence they exert on European political culture

Radical Right Movement Parties in Europe Manuela Caiani, Ondřej Císar, 2018-12-07 This book provides state of the art research by leading experts on the movement parties of the radical right It examines the theoretical implications and empirical relevance of these organizations comparing movement parties in time and space in Europe and beyond The editors provide a theoretical introduction to radical right movement parties discussing analytical frameworks for interpreting their causes forms and effects In the subsequent sections of the book chapter authors examine a range of empirical case studies in Western Central and Eastern Europe using a combination of qualitative and quantitative methodological approaches and make a significant contribution to the literature on social movements and party politics This book is essential reading for scholars of European party politics and students in European politics social movements comparative politics and political sociology

The Populist Radical Right Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research

The Emergence of a Euro-American Radical Right Jeffrey Kaplan, Leonard Weinberg, 1998 The United States and Western Europe are experiencing a new and important cultural and political development In this book Jeffrey Kaplan and Leonard Weinberg argue that there now exists a set of conditions common to the United States and Western Europe that draws right wing radicals on both sides of the Atlantic closer together

Radical Right-Wing Populist Parties in Western Europe

Tjitske Akkerman, Sarah de Lange, Matthijs Rooduijn, 2016-05-18 Radical right wing populist parties such as Geert Wilders Party for Freedom Marine Le Pen's National Front or Nigel Farage's UKIP are becoming increasingly influential in Western European democracies Their electoral support is growing their impact on policy making is substantial and in recent years several radical right wing populist parties have assumed office or supported minority governments Are these developments the cause and or consequence of the mainstreaming of radical right wing populist parties Have radical right wing populist parties expanded their issue profiles moderated their policy positions toned down their anti establishment rhetoric and shed their extreme right reputations to attract more voters and or become coalition partners This timely book answers these questions on the basis of both comparative research and a wide range of case studies covering Austria Belgium Denmark Finland France the Netherlands Norway Switzerland and the United Kingdom Analysing the extent to which radical right wing populist parties have become part of mainstream politics as well as the factors and conditions which facilitate this trend this book is essential reading for students and scholars working in European politics in addition to anyone interested in party politics and current affairs more generally

Extreme Reactions Lenka Bustikova, 2019-10-24 Shows that the acquisition of political power and demand for rights by ascendant minority groups in Eastern Europe has precipitated a backlash of radical right mobilization

Extreme Right Parties in Western Europe Piero Ignazi, 2003-05-29 This text explores the extreme right in order to assess its ideological meaning and political expression Beginning with a discussion of the usefulness of the left right distinction it deals with the varied significance of the term right and analyses the right's post war evolution across Europe

The ^AOxford Handbook of Electoral Persuasion Elizabeth Suhay, Bernard Grofman, Alexander H. Trechsel, 2020-04-01 This volume surveys the vast political science literature on electoral persuasion emphasizing contemporary research and topics and encouraging cross fertilization among research strands A global roster of authors provides a broad examination of electoral persuasion with international perspectives complementing deep coverage of U S politics Major areas of coverage include general models of political persuasion persuasion by parties candidates and outside groups media influence interpersonal influence electoral persuasion across contexts and empirical methodologies for understanding electoral persuasion

Party Transformations in European Democracies André Krouwel, 2012-11-20 Political parties regularly change and adapt in response to ever changing circumstances Until now these changes have frequently prompted both scholars and the media to suggest a whole new type of political party and over time the number of models and types has proliferated to the point of confusion contradiction and a loss of explanatory power In this sophisticated yet accessible study Andr Krouwel rejects this m lrange of models as inadequate He utilizes a wide range of data sources to analyze the ideological organizational and electoral change undergone by more than one hundred European parties in fifteen different countries from Scandinavia to the Iberian Peninsula between 1945 and 2010 The result is one of the most comprehensive empirically grounded studies to date of the genesis development and transformation of political parties in

advanced democratic states Class Politics and the Radical Right Jens Rydgren, 2013 One of the most significant events in European politics the past two decades is the emergence of radical right wing parties mobilizing against immigration and multiethnic societies Such parties have established themselves in a large number of countries often with voter shares exceeding ten and sometimes even twenty percent Many of these parties exert a real influence on the policy within respective country The emergence of the recent wave of radical right wing party politics has generated a large and growing literature spanning a variety of dimensions such as ideology voting and policy impact This volume will cover all these dimensions but it will in particular focus on two questions why is it that the working class tends to be especially attracted by the radical right wing parties And what does the radical right wing parties growing electoral successes mean for Social Democracy and the traditional left in Europe which are meeting growing competition from the radical right over working class voters Bringing together the leading scholars within this field this book makes a unique contribution by focusing on the relationship between class politics and the radical right **Populist Political Communication in Europe** Toril Aalberg, Frank Esser, Carsten Reinemann, Jesper Stromback, Claes De Vreese, 2016-07-01 In an increasing number of countries around the world populist leaders political parties and movements have gained prominence and influence either by electoral successes on their own or by influencing other political parties and the national political discourse While it is widely acknowledged that the media and the role of communication more broadly are key to understanding the rise and success of populist leaders parties and movements there is however very little research on populist political communication at least in the English speaking research literature Originating from a research project funded by the European Cooperation in the field of Scientific and Technical Research COST this book seeks to advance this research It includes examinations 24 European countries and focuses on three areas within the context of populism and populist political communication populist actors as communicators the media and populism and citizens and populism Comparative European Politics Rory Costello, Neil Robinson, 2020 This essential guide to comparative European politics provides the broadest range of coverage on Europe illustrated via the widest range of examples applied to contemporary events **The Re-invention of the European Radical Right** Andrej Zaslove, 2011-08-04 Combining an in depth case study of the Italian Northern League with a comparative focus on other parties Andrej Zaslove employs a socio economic institutional and ideological analysis to argue that the new wave of right wing parties in Western Europe converged into a radical right populist party family in the 1990s He examines the transformation of the Northern League from its regionalist roots while focusing on the party's nationalism authoritarianism support for a market economy opposition to globalization and scepticism regarding Italian integration into the European Union He also scrutinizes the Northern League's participation in political power between 2001 and 2006 and its influence on federalism immigration economic policy and European integration A thorough and thought provoking work The Re invention of the European Radical Right offers remarkable insight into the ongoing effects of radical right populism

on politics and public policy in Europe **Impact of Extreme Right Parties on Immigration Policy** Joao Carvalho, 2013-09-05 Drawing on a mixed research methodology with a strong qualitative character this book traces the political impact of the British National Party in the UK the Front National in France and the Lega Nord in Italy by exploring their contagion effects on immigration politics and policy in particular over the patterns of inter party competition public behaviour and policy developments This book suggests that extreme right party impact on immigration politics and policy is an outcome of the extreme right parties electoral threats to established parties alongside the agency of mainstream political elites It also highlights the decline in the intensity of extreme right parties contagion effects on public attitudes to immigration throughout the late 2000s or the potential overstatement of this political process in the past Featuring detailed case studies of the UK France and Italy as three mature multi party democracies where the extreme right was on the rise during the past decade this work will be of great interest to students and scholars of populism extremism European politics and comparative and party politics The Radical Right in Western Europe Herbert Kitschelt, Anthony J. McGann, 1997 An in depth analysis of radical right parties in seven countries Domestic Contestation of the European Union Sara B. Hobolt, Toni Rodon, 2021-06-29 This book examines how Europe wide issues such as immigration cross national redistribution and further European integration have reshaped electoral democracy and party competition across Europe After decades of scholars and commentators bemoaning the limited politicization of the EU nationally European issues have come to dominate domestic electoral politics From the Eurozone crisis to the struggle of dealing with growing numbers of migrants and refugees entering Europe EU wide issues now occupy a salient part of the domestic political debate This book examines what drives public opinion towards some of the key Europe wide issues of the day and how these EU issues shapes electoral behaviour and party competition It brings together leading scholars from different fields to explore what shapes preferences towards Europe wide policy issues how they influence electoral behaviour and party fortunes and what the implications are for the quality of European democracy Overall this book deepens our understanding of the state of European democracy domestically in an era in which national and Europe wide problems and policy solutions are inextricably linked The chapters in this book were originally published in the Journal of European Public Policy **Rationality of Irrationality** Kyung Joon Han, 2022-09-20 Citizens in democracies complain that political parties positions on major issues are too ambiguous for them to confidently understand Why is party position ambiguity so common Are party positions ambiguous because political parties fail in forming clear policies or because they deliberately blur their positions Rationality of Irrationality argues that political parties are motivated to strategically blur their position on an issue when they struggle with a certain disadvantage in the issue Specifically political parties present an ambiguous position when their own supporters are divided in their stances on the issue A political party also blurs position stances when voters do not acknowledge that the party has the ability and integrity to solve problems related to the issue Political parties blur their position in these cases because

ambiguous party positions divert voters attention from the issue Voters support a political party whose policy positions on major issues are close to their own stances However voters cannot confidently and exactly estimate party positions on an issue when they are only ambiguous **Elgar Encyclopedia of Political Sociology** Maria Grasso,Marco

Giugni,2023-12-11 This comprehensive and authoritative Encyclopedia featuring entries written by academic experts in the field explores the diverse topics within the discipline of political sociology By looking at both macro and micro components questions relating to nation states political institutions and their development and the sources of social and political change such as social movements and other forms of contentious politics are raised and critically analysed **Protest Elections and Challenger Parties** Susannah Verney,Anna Bosco,2016-04-14 Both in Greece in 2012 and Italy in 2013 it took two elections to form a government A repeat parliamentary contest was required in Greece and the unprecedented re election of the outgoing President of the Republic in Italy before a cabinet could be formed Against a background of economic crisis and national austerity both countries experienced protest elections in which the overriding concern for an unusually large proportion of voters was not to choose a government but to express dissent The outcome included record breaking electoral volatility the decline of bipolarism the startling rise of challenger parties and the transformation of national patterns of government formation including experiments with grand coalitions and technocrat led cabinets These developments sent shock waves through Europe and beyond suggesting Southern Europe might be drifting towards ungovernability The volume offers analyses of the key electoral contests at the parliamentary presidential and local government levels complemented by special studies of two key challenger parties Beppe Grillo s Five Star Movement in Italy and Golden Dawn in Greece An introductory comparative overview traces the process of convergence between the political systems of Italy and Greece which appears to have been triggered by the economic crisis This book was published as a special issue of South European Society and Politics

When somebody should go to the ebook stores, search establishment by shop, shelf by shelf, it is in fact problematic. This is why we give the books compilations in this website. It will definitely ease you to look guide **Radical Right Parties And Electoral Competition** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections.
