Radical Theatre Notebook:

The Radical Theatre Notebook Arthur Sainer, 1975 **The radical theatre notebook** Arthur Sainer, 1972 The New Radical Theatre Notebook Arthur Sainer, 1997 Applause Books This book traces three tumultuous decades of avant garde theatre in the U S It begins with the Living Theatre and explores diverse ensembles such as The Open Theatre The Performance Group and Bread and Puppet Theatre It also looks at the women s theatre movement and examines the work of Robert Wilson Meredith Monk Richard Foreman and more There are sections devoted to ritual concepts theatre in the streets radical participation of the spectator workshops in prisons spectacles such as the Greenwich Village Halloween Parade and much more This giant colloquium involves the people who changed the face of theatre from the 60s onward Filled with photos drawings private notes and fliers it is part ongoing history part document part journal part complaint and part blessing *American Theatre Ensembles Volume 1* Mike Vanden Heuvel, 2020-11-12 Across two volumes Mike Vanden Heuvel and a strong roster of contributors present the history processes and achievements of American theatre companies renowned for their use of collective and or ensemble based techniques to generate new work This first study considers theatre companies that were working between 1970 and 1995 it traces the rise and eventual diversification of activist based companies that emerged to serve particular constituencies from the countercultural politics of the 1960s and examines the shift in the 1980s that gave rise to the next generation of company based work rooted in a new interest in form and the more mediated and dispersed forms of politics Ensembles examined are Mabou Mines Theatre X Goat Island Lookingglass Elevator Repair Service and SITI Company Preliminary chapters provide a sweeping overview of ensemble based creation within the general historical and cultural contexts of the period followed by a detailed study of the evolution of ensemble based work The case studies consider factors such as influence funding production and legacies as well as the forms of collective devising and creation while surveying the continuing work of significant long running companies Contributors provide detailed case studies of the 6 companies from the period and cover A chronicle of development and methods Key productions and projects Critical reception and legacy A chronological overview of significant productions From the long history of collective theatre creation with its sources in social crises urgent aesthetic experimentation and utopian dreaming American ensemble based theatre has emerged at several key points in history to challenge the primacy of author based and director produced theatre As the volume demonstrates US ensemble companies have collectively revolutionized the form and content of contemporary performance influencing experimental as well as mainstream practice **Playing Underground** Stephen J. Scott-Bottoms, 2009-11-10 Scrupulously researched critically acute and written with care Playing Underground will become a classic account of an era of hard won free expression William Coco At last a book documenting the beginnings of Off Off Broadway theater Playing Underground is an insightful illuminating and honest appraisal of this important period in American theater Rosalyn Drexler author of *Art Does Not Exist* and *Occupational Hazard* An epic movie of an epic movement

Playing Underground is a book the world has waited for without knowing it. How precisely it captures the evolution of our revolution I am amazed by the book's scope and scale and I bless its author especially for giving two greats Paul Foster and H. M. Koutoukas their proper polar places and for memorializing such unjustly forgotten masterpieces as Irene Fornes's *Molly's Dream* and Jeff Weiss's *A Funny Walk Home*. Stephen Bottoms's vivid evocation of the grand adventure of Off Off Broadway has woken and broken my heart. It is difficult to believe that he was not there alongside me to breathe the caffeine nicotine alkaloid steeped air. Robert Patrick, author of *Kennedy's Children* and *Temple Slave*, few books address the legendary age of 1960s off off Broadway theater. Fortunately, Stephen Bottoms fills that gap with *Playing Underground*, the first comprehensive history of the roots of off off Broadway. This is a theater whose legacy is still felt today; it was the launching pad for many leading contemporary theater artists including Sam Shepard, Maria Irene Fornes, and others, and it was a pivotal influence on improv comedy and shows like *Saturday Night Live*. Off off Broadway groups such as the Living Theatre, La Mama, and Caffe Cino captured the spirit of nontraditional theater with their edgy, unscripted, boundary-crossing subjects. Yet as Bottoms discovers, there is no one set of truths about off off Broadway; to uncover the entire scene was always more a matter of competing perceptions than a singular concrete reality. No other author has managed to illuminate this shifting tableau as Bottoms does. Through interviews with dozens of the era's leading playwrights, performers, directors, and critics, he unearths a countercultural theater movement that was both influential and transforming, yet ephemeral and quintessentially of its moment. *Playing Underground* will be a definitive work on the subject, offering a complete picture of an important but little studied period in American theater.

Making a Performance Emma Govan, Helen Nicholson, Katie

Normington, 2007-05-14 *Making a Performance* traces innovations in devised performance from early theatrical experiments in the twentieth century to the radical performances of the twenty-first century. This introduction to the theory, history, and practice of devised performance explores how performance makers have built on the experimental aesthetic traditions of the past. It looks to companies as diverse as Australia's *Legs on the Wall*, Britain's *Forced Entertainment*, and the USA-based *Goat Island* to show how contemporary practitioners challenge orthodoxies to develop new theatrical languages. Designed to be accessible to both scholars and practitioners, this study offers clear practical examples of concepts and ideas that have shaped some of the most vibrant and experimental practices in contemporary performance.

Efficiencies of Slowness Rachel Anderson-Rabel, 2011 This project focuses on the process and performance of three contemporary collective creation groups Goat Island Elevator Repair Service and Nature Theater of Oklahoma I draw processual and aesthetic connections between collective creation methodologies and the consequences of those methodologies in performance claiming that processes leave footprints that are ultimately visible to audiences though their visibility requires new ways of seeing Taking into account an American genealogy of collective creation I outline the footprints of method through the images of everyday employment instances of untrained bodies enacting danced gesture and the speeds and velocities that characterize the work of these three contemporary groups Through these aesthetics we can locate evidence of methodological principles that constitute a politics In the work of Goat Island Elevator Repair Service and

Nature Theater of Oklahoma this politics does not play out through the ideological content of performance but is embedded within collaborative acts of making

Performing Ground L. Levin, 2014-07-31 *Performing Ground* explores camouflage as a performance practice arguing that the act of blending into one's environment is central to the ways we negotiate our identities through space The book offers a critically rich investigation of how the performative practice of camouflage renders the politics of space power and gender in visible

Systems of Rehearsal Shomit Mitter, 2006-07-13 The gap between theory and practice in rehearsal is wide many actors and directors apply theories without fully understanding them and most accounts of rehearsal techniques fail to put the methods in context *Systems of Rehearsal* is the first systematic appraisal of the three principal paradigms in which virtually all theatre work is conducted today those developed by Stanislavsky Brecht and Grotowski The author compares each system of the work of the contemporary director who says Mitter is the Great Imitator of each of them Peter Brook The result is the most comprehensive introduction to modern theatre available

BOOK JACKET **A History of Collective Creation** Kathryn Mederos Syssoyeva, 2013-07-24 Collective creation the practice of collaboratively devising works of performance rose to prominence not simply as a performance making method but as an institutional model By examining theatre practices in Europe and North America this book explores collective creation's roots in the theatrical experiments of the early twentieth century

Plays of Impasse Carol Rosen, 2017-03-14 A study of post World War II plays set in total institutions such as hospitals psychiatric wards prisons and military bases *Plays of Impasse* probes the structure and significance of the numerous and highly visible plays set in contemporary society's dead ends the hospitals psychiatric wards prisons and military training camps so aptly described by Irving Goffman as total institutions Carol Rosen shows how the setting in these plays tends to engulf and then to exclude the audience turning an encompassing stage structure a closed controlling absolute system into a protagonist that overwhelms the characters In discussions ranging from Harold Pinter's *The Hothouse* to Samuel Beckett's *Endgame* she further maintains that the impasse of characters in reductive environments supplies a unifying image for post World War II drama in general This state of impasse pervades contemporary drama Everyday activities and attempts to endure life in a parenthesis are vacated of traditional social or moral meaning onstage The pain of this kind of survival spatially fixed is at the heart of *Endgame* for example an extreme

instance of this mode of drama at the edge of existence In plays such as Peter Nichols's *The National Health* Peter Weiss's *Marat Sade* Friedrich Dürrenmatt's *The Physicists* David Storey's *Home* Brendan Behan's *The Quare Fellow* Jean Genet's *Deathwatch* and David Rabe's *The Basic Training of Pavlo Hummel* the splintered self like the divided society strives to endure against enormous codified odds Even in plays not depicting the rigidity of institutions the contemporary dramatic mode is finally characterized by sparse introspective action in a closed system an onstage model of a world gone awry a world at an impasse Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Sixties, Center Stage James M. Harding, Cindy Rosenthal, 2017-04-06 *The Sixties Center Stage* offers rich insights into the innovative and provocative political underpinnings of mainstream and popular performances in the 1960s While much critical attention has been focused on experimental and radical theater of the period the essays confirm that mainstream performances not only merit more scholarly attention than they have received but through serious examination provide an important key to understanding the 1960s as a period The introduction provides a broad overview of the social political and cultural contexts of artistic practices in mainstream theater from the mid fifties to mid seventies Readers will find detailed examinations of the mainstream's surprising attention to craft and innovation to the rich exchange between European and American theatres to the rise of regional theaters and finally to popular cultural performances that pushed the conceptual boundaries of mainstream institutions The book looks afresh at productions of *Hair* *Cabaret* *Raisin in the Sun* and *Fiddler on the Roof* as well as German theater and performances outside the Democratic National Convention of 1968
