Tibbetts, Alex R. Piquero, 2021-12-30 Criminological Theory The Essentials Fourth Edition by Stephen G Tibbetts and Alex R Piquero is a brief yet comprehensive overview of the major concepts and perspectives of the key theories in the evolution of criminology Putting criminological theory in context the acclaimed authors examine policy implications brought about by theoretical perspectives to show students the practical

application of theories to contemporary social problems The new edition has been thoroughly updated with the latest theoretical extensions and empirical research with links made to specific theories and recent events

Criminology
 Stephen E. Brown, Finn-Aage Esbensen, Gilbert Geis, 2015-07-03 Criminology Explaining Crime and Its Context Ninth Edition is a highly acclaimed textbook offering a broad perspective on criminological theory It provides students of criminology and sociology with a thorough exposure to a range of theories contrasting their logic and assumptions but also highlighting efforts to integrate and blend these frameworks In this ninth edition the authors have incorporated new directions that have gained traction in the field while remaining faithful to their criminological heritage Among the themes in this work are the relativity of crime its changing definition with abundant examples historical roots of criminology and the lessons they have provided and the strength and challenges of applying the scientific method This revision offers enhanced coverage of biosocial theories of crime more global examples and a new chapter on youth violence improving on the most comprehensive and balanced theory text available for undergraduates

What Works in Crime Prevention and Rehabilitation David Weisburd, David P. Farrington, Charlotte Gill, 2016-04-14 This ambitious volume brings together and assesses all major systematic reviews of the effectiveness of criminological interventions to draw broad conclusions about what works in policing corrections developmental prevention situational prevention drug abuse treatments sentencing and deterrence and communities Systematic reviews aim to minimize any possible bias in drawing conclusions by stating explicit criteria for inclusion and exclusion of studies by conducting extensive and wide ranging searches for possibly eligible studies and by making all stages of the review explicit and transparent so that the methods can be checked and replicated Over a decade ago a concerted effort was made by members of the criminology community including the Editors and contributors of this volume to bring the practice of systematic reviews to the study of Criminology providing replicable evidence based data to answer key questions about the study of crime causation detection and prevention Now the pioneers in this effort present a comprehensive stock taking of what has been learned in the past decade of systematic reviews in criminology Much has been discovered about the effectiveness of for example boot camps hot spots policing closed circuit television surveillance neighborhood watch anti bullying programs in schools early parenting programs drug treatment programs and other key topics This volume will be of interest to researchers in criminology and criminal justice as well as in related fields such as public health and forensic science with important implications for policy makers and practitioners Decisively showing that the nothing works era is over this volume takes stock of what we know and still need to know to prevent crime I plan to keep this book close at hand and to use it often Francis T Cullen Distinguished Research Professor Emeritus University of Cincinnati At a time when there is a broad commitment to bringing science to the front lines of practice this book should be on the reading list of both policymakers and scholars Laurie O Robinson Clarence J Robinson Professor of Criminology Law Society George Mason University and former Assistant Attorney General of the U S Department of Justice
