The Alienated Subject James A. Tyner, 2022-03-08 A timely and provocative discussion of alienation as an intersectional category of life under racial capitalism and white supremacy From the divisiveness of the Trump era to the Covid 19 pandemic alienation has become an all too familiar contemporary concept In this groundbreaking book James A Tyner offers a novel framework for understanding the alienated subject situating it within racial capitalism and white supremacy Directly addressing current economic trends and their rhetoric of xenophobia discrimination and violence The Alienated Subject exposes the universal whitewashing of alienation Drawing insight from a variety of sources including Marxism feminism existentialism and critical race theory Tyner develops a critique of both the liberal subject and the alienated subject Through an engagement with the recent pandemic and the Black Lives Matter movement he demonstrates how the alienated subject is capable of both compassion and cruelty it is a sadomasochist Tyner goes on to emphasize the importance of the particular places we find the alienated subject and how the revolutionary transformation of alienation is inherently a spatial struggle Returning to key interlocutors from Sartre to Fromm he examines political notions of distance and the spatial practices of everyday life as well as the capitalist conditions that give rise to the alienated subject For Tyner the alienated subject is not the iconic

romanticized image of Marx's proletariat Here he calls for an affirmation of love as a revolutionary concept necessary for the transformation of a society marred by capitalism into an emancipated caring society conditioned by socially just relations
