Radical Students The Old Left At Sydney University:

Radical Students Alan Barcan, 2002 This is an insight into undergraduate life and thinking at Australia's oldest university where conflicting political ideas found expression on campus Included are articles and reports of meetings from student magazines and the press as well as anecdotes and lively undergraduate wit [The Far Left in Australia since 1945](#) Jon Piccini, Evan Smith, Matthew Worley, 2018-07-11 The far left in Australia had significant effects on post war politics culture and society The Communist Party of Australia CPA ended World War II with some 20 000 members and despite the harsh and vitriolic Cold War climate of the 1950s seeded or provided impetus for the re emergence of other movements Radicals subscribing to ideologies beyond the Soviet orbit Maoists Trotskyists anarchists and others also created parties and organisations and led movements All of these different far left parties and movements changed and shifted during time responding to one political crisis or another but they remained steadfastly devoted to a better world This collection bringing together 14 chapters from leading and emerging figures in the Australian and international historical profession for the first time charts some of these significant moments and interventions revealing the Australian far left's often forgotten contribution to the nation's history **A History of the Modern Australian University** Hannah Forsyth, 2014-10-01 In 1857 all of the Arts students at the University of Sydney could fit into a single photograph Now there are more than one million university students in Australia After World War II Australian universities became less elite but more important growing from six small institutions educating less than 0.2 per cent of the population to a system enrolling over a quarter of high school graduates And yet universities today are plagued with ingrained problems More than 50 per cent of the cost of universities goes to just running them They now have an explicit commercial focus They compete bitterly for students and funding an issue sharply underlined by the latest federal budget Scholars rarely feel their vice chancellors represent them and within their own ranks academics squabble for scraps Knowing Australia is a perceptive clear eyed account of Australian universities recounting their history from the 1850s to the present Investigating the changing nature of higher education it asks whether this success is likely to continue in the 21st century as the university's hold over knowledge grows ever more tenuous **Australia's Boldest Experiment** Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and

popular resolve **The Brecht Yearbook / Das Brecht-Jahrbuch 40** Theodore F. Rippey, 2016 Newest volume of the central scholarly forum for discussion of Brecht and aspects of theater and literature of particular interest to him especially the politics of literature and theater in a global context What's Wrong with Benevolence David Charles Stove, 2011 Is benevolence a virtue In many cases it appears to be so But when it comes to the enlarged benevolence of the Enlightenment David Stove argues that the answer is clearly no In this insightful provocative essay Stove builds a case for the claim that when benevolence is universal disinterested and external it regularly leads to the forced redistribution of wealth which in turn leads to decreased economic incentives lower rates of productivity and increased poverty As Stove points out there is an air of paradox in saying that benevolence may be a cause of poverty But there shouldn't be Good intentions alone are never sufficient to guarantee the success of one's endeavors Utopian schemes to reorganize the world have regularly ended in failure Easily the most important example of this phenomenon is twentieth century communism As Stove reminds us the attractiveness of communism the emotional fuel of communist revolutionaries for over a hundred years has always been exactly the same as the emotional fuel of every other utopianism the passionate desire to alleviate or abolish misery Yet communism was such a monumental failure that millions of people today are still suffering its consequences In this most prescient of essays Stove warns contemporary readers just how seductive universal political benevolence can be He also shows how the failure to understand the connection between benevolence and communism has led to many of the greatest social miseries of our age **The A to Z of Australia** James C. Docherty, 2010-04-01 The last continent to be claimed by Europeans Australia began to be settled by the British in 1788 in the form of a jail for its convicts While British culture has had the largest influence on the country and its presence can be seen everywhere the British were not Australia's original populace The first inhabitants of Australia the Aborigines are believed to have migrated from Southeast Asia into northern Australia as early as 60 000 years ago This distinctive blend of vastly different cultures contributed to the ease with which Australia has become one of the world's most successful immigrant nations The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through a detailed chronology an introduction appendixes a bibliography and cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets author James Docherty provides a much needed single volume reference on Australia from its most unpromising of beginnings as a British jail to the liberal tolerant democracy it is today *R.G. The Liberal Mind in a Conservative Party Geoffrey Robinson,2025-06-17 Robinson analyses the peculiarly Australian intellectual tradition of liberal conservatism within the mainstream centre right Liberal Party of Australia Conservative intellectuals in Australia have forged a pragmatic sceptical and utilitarian liberal conservatism focused on the tasks of government It remains distant both from the romantic and organicist ideas of the populist right and the simplicities of libertarianism Focusing on key figures within this tradition

Robinson tracks the progress of Australian liberal conservatism over the years through its origins in the work of David Hume to the thoughts of Peter Coleman David Kemp and Andrew Norton before moving forward to George Brandis and Gregory Melleuish The Liberal Party of Australia has appealed successfully to the conservative sentiments of voters in a liberal society The Liberal Mind in a Conservative Party tells the story of seven intellectuals who helped make this possible Peter Coleman drew on John Anderson Georges Sorel and Michael Oakeshott to champion neoconservatism He argues that this potent political ideology has shaped a distinct political identity which rejects conservative traditionalism and libertarian economics while defending a pragmatic approach to capitalism A fascinating read for students and scholars of Australian politics this book will also be of great value to readers with an interest in international centre right politics [Teacher for Justice](#)

Heather Goodall, Helen Randerson, Devleena Ghosh, 2019-08-26 Teacher for Justice is a major contribution to the history of the women's movement working class activism and Australian political internationalism But it is more than this By focusing on the life of Lucy Woodcock an unrecognised and under researched figure this book rewrites the history of twentieth century Australia from the perspective of an activist who challenged conventions to fight for gender race and class equality exploring the complex and multi layered intersections of these aspects It explores Woodcock's personal relationships and the circles she mixed in and the friendships she forged as well as the conventions she challenged as a single woman in possibly a same sex relationship The book makes a key contribution to the history of progressive education and the experience of women teachers Above all it charts the life of a transnational figure who made connections globally and in particular with refugees and with women in India and the Asian region It is a detailed thoroughly researched and richly textured history which places Woodcock within the context of the times in which she lived Joy Damousi Professor of History University of Melbourne Meet Lucy Woodcock a complex undaunted woman in a tough and changing world From her role as a public school principal in Depression and wartime to her union and feminist organising to her transnational engagements for peace this clear and thoughtful book brings to life forgotten forms of activism It's the gripping story of how Lucy navigated the minefields of gender class race and coloniality to change her world Raewyn Connell Professor Emerita University of Sydney Just over a century ago the last of the pupil teachers Lucy Woodcock co founded the NSW Teachers Federation So many of the principles and traditions that underpin our union today can be traced back to the lifelong work of Lucy Woodcock She fought for the industrial rights of teachers deep in the knowledge of the broader social and economic context in which she lived and worked Too often the role of working class women whose influence is profound is ignored This biography installs Lucy Woodcock into her rightful place as pivotal player in the history of twentieth century Australia Maurie Mulheron President NSW Teachers Federation A fascinating history of a fascinating woman Lucy's interests were so broad and so modern equal pay racism internationalism Indigenous rights and anti war struggles were all part of Lucy's world She had a vision beyond nationalism championed the cause of world peace when peace was being treated as a dirty word and saw

women as global citizens Lucy was one of the heroes of our disgracefully unfinished Equal Pay struggle Hon Dr Meredith Burgmann anti racism and peace activist former President of the NSW Legislative Council **The Unknown Judith Wright** Georgina Arnott,2016 Judith Wright 1915 2000 remains a giant figure within Australian art culture and politics Her 1946 collection of poetry *The Moving Image* revolutionized Australian poetry She helped to establish the modern Australian environmental movement and was a key player in early campaigns for Aboriginal land rights A friend and confidante of artists writers scholars activists and policy makers she remains an inspiration to many And yet as Georgina Arnott is able to show in this major new work the biographical picture we have had of this renowned poet activist has been very much a partial one This book presents a more human figure than we have previously seen and concentrates on Wright s younger years New material allows us to hear directly thrillingly the feisty voice of a young Judith Wright and forces us to reconsider the woman we thought we knew Thoroughly reader friendly in organization and presentation *The Unknown Judith Wright* is unreservedly recommended for community and academic library Literary Studies collections in general and supplemental studies reading lists in the subject areas of Australian History Art Poetry Gender Studies Literary Criticism and Biographies Midwest Book Review Library Bookwatch January 2017 Subject Australian History Art Poetry Gender Studies Literary Criticism Biography **Corrupting the Youth** James Franklin,2003 *A History of the Democratic Socialist Party and Resistance* John Percy,2005 Resistance is the first volume of a projected three volume history of the Democratic Socialist party and the youth organisation Resistance which today constitute the main current of the Australian far left This volume covers the tumultuous period from 1965 to 1972 **The Palgrave Encyclopedia of Imperialism and Anti-Imperialism** Immanuel Ness,Zak Cope,2016-04-29 The Palgrave Encyclopedia Imperialism and Anti Imperialism objectively presents the prominent themes epochal events theoretical explanations and historical accounts of imperialism from 1776 to the present It is the most historically and academically comprehensive examination of the subject to date *A Century of Influence* Renate Howe,2009 The Australian Student Christian Movement has provided a forum for exploring spirituality and social issues in the nations universities for over a century Prime Ministers Robert Menzies and Bob Hawke were ASCM members The ASCM was opposed to racism at home and abroad founding Aust Volunteers Abroad and opposing White Australia Policy *The Book Review Digest* ,2003 **Historical Dictionary of Australia** Norman Abjorensen,James C.
