Radio Luxembourg The Station Of The Stars:

Radio Luxembourg Richard Nichols,1983 Radio Luxembourg, the Station of the Stars Richard Nichols,1983 The Cultural Histories of Radio Luxembourg and Europe n°1 Richard Legay,2023-12-30 This book focuses on two commercial radio stations Radio Luxembourg and Europe n 1 which were popular institutions in Western Europe throughout the Long Sixties working across media and broadcasting transnationally It argues that the existence of an overarching dispositif of commercial radio stations enabled them to operate on various dimensions and differentiated them from other broadcasters The book therefore answers current calls in media history to look beyond national and single medium borders and contributes to the cultural and media history of Western Europe A Social History of Early Rock 'n' Roll in Germany Julia Sneeringer,2018-05-31 A Social History of Early Rock n Roll in Germany explores the people and spaces of St Pauli s rock n roll scene in the 1960s Starting in 1960 young British rockers were hired to entertain tourists in Hamburg s red light district around the Reeperbahn in the area of St Pauli German youths quickly joined in to experience the forbidden thrill of rock n roll and used African American sounds to distance themselves from the old Nazi generation In 1962 the Star Club opened and drew international attention for hosting some of the Beatles most influential performances In this book Julia Sneeringer weaves together this story of youth culture with histories of sex and gender popular culture media and subculture By exploring the history of one locale in depth Sneeringer offers a welcome contribution to the scholarly literature on space place sound and the city and pays overdue attention to the impact that Hamburg had upon music and style She is also careful to place performers such as The Beatles back into the social spatial and musical contexts that shaped them and their generation This book reveals that transnational encounters between musicians fans entrepreneurs and businessmen in St Pauli produced a musical style that provided emotional and physical liberation and challenged powerful forces of conservatism and conformity with effects that transformed the world for decades to come Encyclopedia of Radio 3-Volume Set Christopher H. Sterling,2004-03 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio s technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined **Europe - On Air** Suzanne Lommers,2012 During the interwar years broadcast radio became a popular way for Europeans to consume local national and international news The medium not only began to shape European policy and politics but also laid the foundation for European unification and global interconnectedness In *Europe On Air* Suzanne Lommers has documented the rich and often underexposed history of broadcast radio through the lens of international European relations She specifically explores the roles of Radio Moscow

Radio Luxembourg Vatican Radio and the International Broadcasting Union as institutions that played an important role in national identities and establishing standards for broadcasting The radio also offered new opportunities to politicians who seized upon a vibrant and more direct way to communicate with their constituents Essential reading for scholars of technology and European history Europe On Air reveals broadcast radio to be a technology that revolutionized international relations during the brief respite between the chaos of war in Europe

FORT VERENA, May 24, 1915, 04:00 Trilogy of the Great War Francesco Nicolini,2016-09-02 These memories handwritten by Elmo Cermaria Nonno Peppe for his grandson Checco Francesco Nicolini tell of when as a young man of 20 he found himself hurled into the inferno of the First World War In those days you could cry your heart out for a bread roll denied then miraculously regained thanks to the compassion of a German soldier the hated enemy These recollections are terse without a trace of rhetoric and devoid of recriminations Nonno Peppe tells the facts just as he experienced them first hand without expressing any condemnation of

those responsible for them even though an awareness of the large scale massacre he witnessed transpires from his account When Nonno Peppe delivered the manuscript to his grandson on his wedding day he asked him to make a promise Let the President of the Republic know what we did for Italy A hundred years ago whole generations of young Italian men were stripped of human honor and dignity Only a few of these young men would live on and become our grandfathers and only a few of us would be fortunate enough to become grandchildren of the Great War and bear witness to their ordeal *Crossing the Ether* Sean Street,2006 Histories of British broadcasting suggest that the BBC monopoly was never seriously challenged until the coming of ITV in 1955 *Crossing the Ether* counters this view telling the story of commercial radio s first challenge to the Public Service monopoly between 1930 and 1939 In the telling this account provides substantial primary evidence that radio in Britain during the 1930s was a battleground between continental based stations run by British and American commercial interests and the BBC beset by paternalistic and sabbatarian principles **Hello Again** Simon Elmes,2012-11-15 It s now ninety years since the BBC made its first broadcast and the British love affair with radio began This book is a journey through that fascinating history and a celebration of the many wonderful voices that were part of it Marion Cran who pioneered the first gardening programme in the 1920s The Goons and Kenneth Horne comedy greats of the 1950s John Peel Alan Freeman Kenny Everett and other heroes of the pirate stations all the way up to Eddie Mair Fi Glover and Danny Baker the much loved voices of today A delightful blend of insight history and nostalgia *Hello Again* will appeal to any radio aficionado **Popular Music** Roman Iwaschkin,2016-04-14 This is a comprehensive guide to popular music literature first published in 1986 Its main focus is on American and British works but it includes significant works from other countries making it truly international in scope **British Propaganda in the Twentieth Century** Philip M.
