the degree to which personal and professional accomplishments have determined overall life satisfaction Beyond serving as a  
guide to the past present and future of success in America especially that found in the business world this book poses a  
provocative argument the standard practice of employing outer directed measures of success notably wealth power and fame  
has worked to the psychological disadvantage of many Americans More specifically it shows that a comparative and  
competitive view of success has made a significant number of individuals feel less successful than if more inner directed  
measures were used Ironically then the traditional model of success in the United States has been largely a failure This work  
offers historians practitioners and general readers of non fiction a blueprint for how to adopt a more meaningful and positive  
model of success in their everyday lives    **The Nation** ,1884    **The Interior** ,1894 Issues for Jan 12 1888 Jan 1889
