Cooper,2004-09-14 Megawattage sound systems have blasted the electronically enhanced

riddims and tongue twisting lyrics of Jamaica's dancehall DJs across the globe. This high energy raggamuffin music is often dismissed by old school roots reggae fans as a raucous degeneration of classic Jamaican popular music. In this provocative study of dancehall culture, Cooper offers a sympathetic account of the philosophy of a wide range of dancehall DJs: Shabba Ranks, Lady Saw, Ninjaman, Capleton, Buju Banton, Anthony B, and Apache Indian. Cooper also demonstrates the ways in which the language of dancehall culture often devalued as mere noise articulates a complex understanding of the border clashes which characterize Jamaican society and analyzes the sound clashes that erupt in the movement of Jamaican dancehall culture across national borders.

Black British Culture and Society Kwesi Owusu, 2003-09-02 Black British Culture and Society brings together in one indispensable volume key writings on the Black community in Britain from the Windrush immigrations of the late 1940s and 1950s to contemporary multicultural Britain. Combining classic writings on Black British life with new specially commissioned articles, Black British Culture and Society records the history of the post-war African and Caribbean diaspora, tracing the transformations of Black culture in British society. Black British Culture and Society explores key facets of the Black experience, charting Black Britons' struggles to carve out their own identity and place in an often hostile society. The articles reflect the rich diversity of the Black British experience, addressing economic and social issues such as health, religion, education, feminism, old age, community, and race relations, as well as Black culture and the arts, with discussions of performance, carnival, sport, style, literature, theatre, art, and film making. The contributors examine the often tense relationship between successful Black public figures and the media, and address the role of the Black intellectual in public life. Featuring interviews with noted Black artists and writers such as Aubrey Williams, Mustapha Matura, and Caryl Phillips, and including articles from key contemporary thinkers such as Stuart Hall, A. Sivanandan, Paul Gilroy, and Henry Louis Gates, Black British Culture and Society provides a rich resource of analysis, critique, and comment on the Black community's distinctive contribution to cultural life in Britain today.

Unsettled Multiculturalisms Barnor Hesse, 2000-11 This anthology reconsiders the social, political, and intellectual meanings of multiculturalism in the West, particularly Britain. It introduces a conceptual language for thinking about multiculturalism and casts the surrounding debates in the contexts of globalization, post-colonialism, and what Barnor Hesse calls multicultural transruptions. The contributors consider a variety of diaspora formations ranging from the Muslim Umma and Black Britain to the Chinese foodscape and Transatlantic Black sporting performances. They examine the transnational impact on how cultural differences are lived and pose questions for how we participate in and think about Western societies. The material on cultural entanglements focuses on media constructions of the Asian Gang in Britain, gender and sexuality in reggae music, and the ambivalence of identities in post-apartheid South Africa.
