Rodriguez, 2004 An in depth look at trends in North American internal migration This volume gathers established and new scholars working on North American immigration transmigration internal migration and citizenship whose work analyzes the development of migrant and state level institutions as well as migrant networks With contemporary migration research most often focused on the development of transnational communities and the ways international migrants maintain relationships with their sending region that sustain the circular flow of people ideas and traditions across national boundaries it is useful to compare these to similar patterns evident within the terrain of internal migration To date however international and internal migration studies have unfolded in relative isolation from one another with each operating within these distinct fields of expertise rather than across

them Although there has been some important linking there has not been a recent major consideration of human migration that works across and within the various borders of the North American continent Thus the volume presents a variety of chapters that seek to consider human migration in comparative perspective across the internal international divide Marc S Rodriguez is Assistant Professor of History at Princeton University Donna R Gabbaccia is the Mellon Professor of History at the University of Pittsburgh James R Grossman is the Vice President of Research and Education at the Newberry Library Chicago Contributors Josef Barton Wallace Best Donna Gabbaccia James Gregory Tobias Higbie Mae Ngai Walter Nugent Annelise Orleck Kunal Parker Kimberly Phillips Bruno Ramirez Marc Rodriguez Repositioning North American Migration History is a volume in Studies in Comparative History sponsored by Princeton University s Shelby Cullom Davis Center for Historical Studies *General Technical Report PNW-GTR*, 2002 **Railroads and American Law** James W. Bucking the Railroads on the Kansas Frontier John N. Mack, 2013-01-07 As the Civil War ended thousands of Union veterans imagined Kansas as a place to make a new beginning Many veterans settled in the southeastern part of the state In their struggle to establish lawful ordered communities the settlers came into conflict with railroads intent on building through southeast Kansas to reach warm water ports in Texas To the settlers the railroads represented both a promise and a threat By linking farmers and businessmen with eastern markets the railroads guaranteed the prospects of economic gain However when they claimed rights to the land that settlers had already claimed railroad monopolies were identified as a new manifestation of the same threat to republican values they had fought against in the recently concluded War This book tells the story of the settlers opposition to and victory over railroads and the impact on the evolution of political thought in Kansas and the American west

Gamboa, 2016-07-01 Desperate for laborers to keep the trains moving during World War II the U S and Mexican governments created a now mostly forgotten bracero railroad program that sent a hundred thousand Mexican workers across the border to build and maintain railroad lines throughout the United States particularly the West Although both governments promised the workers adequate living arrangements and fair working conditions most bracero railroaders lived in squalor worked dangerous jobs and were subject to harsh racial discrimination Making matters worse the governments held a percentage of the workers earnings in a savings and retirement program that supposedly would await the men on their return to Mexico However rampant corruption within both the railroad companies and the Mexican banks meant that most workers were unable to collect what was rightfully theirs Historian Erasmo Gamboa recounts the difficult conditions systemic racism and decades long quest for justice these men faced The result is a pathbreaking examination that deepens our understanding of Mexican American immigration and labor histories in the twentieth century U S West *All Aboard! for Glacier* C. W.
