War and Militarism in Modern Japan Guy Podoler, 2009-08-01 A considerable amount of writing has been published on Japan at war in the Second World War and more recently scholars have been revisiting the Russo Japanese War of 1904-5 whereas this volume strives to examine Japan's twentieth century approach to war and militarism in a wider perspective bringing hitherto unexamined new themes and subject matter under scrutiny up to the present day Among the topics covered are the February 26 Incident in Theatre and Film Ethnicity and Gender in Wartime Japanese Revue Theatre Military Festivals and the Japanese Self Defence Forces Major Trends in Japanese Treatment of POWs in Modern Times and Japan's Tug of War after the Russian War Published to mark the distinguished academic career of Ben Ami Shillony who retired in 2006 this volume also offers valuable new insights into the theme of the Japanese and the Jews including the Story and Myth of Anne Frank and Sadako Sasaki the involvement of Jewish scientists in the making of the atomic bomb and Japan's Jewish Policy in the late 1930s

**Disassociation** Sophia Z. Kovachevich, 2025-07-07 The book looks at some of the problems in our world today It is based on extensive research It shows the problems that colonisation brought into the world and how that has permeated into the very fabric of society It shows the beginning of genocides and concentration camps and the present state of both in the 21st century world It also looks at where the greatest threats to the world peace are posed today which countries are still in the throes of genocide what is the connection between eugenics and killing Further it covers information pertinent to our world today but which very few lay people have any concept about We live in this world It is our world We should all make an attempt to care for our world to the best of our ability and avoid dissension and war whenever possible War brings nothing good to anyone but fosters a lot of negativity among nation countries cultures and religions in the world This book is about bringing awareness to the precarious position our world and environment is in If wars continue at this rate the soil air water will be so polluted and poisoned cancers and other unknown diseases rampant that future generations and all living creatures will be horribly affected as in the Mekong Delta with much less poison We must protect our descendants from such folly It is our duty

**Aussie Soldier** Denny Neave, Craig Smith, 2009-03-01 The second book in the Aussie Soldier series Aussie Soldier Prisoners of War by Denny Neave and Craig Smith details the lives of the men and women who found themselves on the wrong side of the wire This collection of heartfelt stories and anecdotes from Australian POWs will take you on their very personal journeys Surviving as a prisoner of war required as much strength of character as any hard fought battle Some lived to tell their tales about extreme suffering mateship and hardship and many would carry with them forever the memories of those who died Almost 35 000 Australian service personnel were taken prisoner during the Boer War World War 1 World War 2 and the Korean War As POWs are relatively few in number their stories often take a back seat when it comes to tales about battles and conflict situations Like most soldiers former prisoners do not like reliving the horrors of war and their time in captivity This is a collection of the stories of our Australian POWs Interviews questionnaires written records

images and letters provide an insight into captivity and the joy and fears that came with their release. These vivid and compelling stories highlight the contradictions of war: the compassion and generosity on the one hand and the cruelty, hate and indifference on the other.

**Fighting Monsters** Richard Wallace Braithwaite, 2016. Only six escapees survived the Sandakan death marches of 1945 in North Borneo, the worst atrocity ever inflicted on Australian soldiers. 1787 Australian and 641 British POWs perished. Previous descriptions of the numerous violent acts have yielded little understanding of a situation where the real struggle was to keep one's humanity when so many were losing theirs, whether Allied POWs, local residents of Borneo, Japanese slave labourers or Japanese soldiers. Understanding this extraordinary story is aided by reference to a wide range of sources in different countries and disciplines and by examining the perspectives of all players in this terrible game of survival. An unusual and extreme POW story, the Sandakan tragedy had four stages: active resistance in 1942, 3 stubborn endurance in 1943, 4 the collapse of civilized existence in 1945 and finally the postwar decades of torment for the six damaged survivors, the gradual assimilation of the story, the healing of the damage and the commemoration of the tragedy by the families and communities involved. Richard Wallace Braithwaite's father was one of the six survivors of the Sandakan death marches of 1945. He died in 1986, still wanting the story to be properly told. This led to a project that has lasted for much of the last forty years of the author's life, culminating in this book. With a scientific background, Richard worked for many years with CSIRO and universities in the biological and social sciences and in historical research. His extensive and diverse research history and lifelong personal immersion in the story has given him a unique perspective in exploring the complexities of the Sandakan tragedy.

**Escape, Survive - or Die** Bryn Evans, 2025-08-30. During the Second World War, countless millions of men and women, both in the armed forces and civilian life, found themselves in life-or-death situations with the odds stacked against them. Inevitably, in the vast majority of cases, their experiences and the outcomes will never come to light, but when they do, we can only feel inspired. In this thought-provoking book, the author has unearthed numerous diverse accounts which make fascinating reading. It covers individuals fighting in jungles, deserts, on and below the seas, in mountains, valleys and plains, prison camps, in battles in the sky or as fugitives hunted in enemy territory. In almost every corner of the world, in innumerable conditions of extreme adversity, our forbears confronted an unavoidable choice: escape, survive or die. This superb collection of stories shows us the resilience and stoicism that we need to face the ultimate challenge. The most powerful force of democratic countries is the determination and self-sacrifice of ordinary individuals to endure and fight for their families, their country and freedom. Survivors' personal accounts in *Escape, Survive or Die* have the power to inspire and sustain us in the never-ending struggle for liberty, just as the Ukrainians fighting the Russian invasion are doing so gallantly today.

**Singapore Secret** K. S. Drake, 2019-07-19. *Singapore Secret* is about sacrifice. My PhD work covering three generations of family history. Coast, Laura Noszlopy, 2014      Medical Officers on the Infamous Burma Railway , 2022-02-24 In 1944 a compilation of medical reports from the main prisoner of war work camps along the infamous Thailand Burma railway was submitted to General Arimura Tsunemichi commander of the Japanese Prisoner of War Administration The authors stated that the reports were neither complaints nor protests but merely statements of fact The prisoners received only one reply that all copies of the documents must be destroyed As one officer later recalled Of course this was not done and copies of these reports survived stored away in dusty files for future generations to learn the truth Work on the railway began in June 1942 the Japanese using mainly forced civilian labour as well as some 12 000 British and Commonwealth PoWs Such is well known So are the stories of ill treatment and brutality many of which have been published The vast majority of these accounts however were written after the war colored by the sufferings the men had endured The reports presented here are quite unique for they were written by the medical officers in the camps as the events they describe were unfolding before their eyes The health and well being of the PoWs was the medical officers primary concern and these reports enable us to learn exactly how the men were treated fed and cared for in unprecedented detail There are no exaggerated tales or false memories here merely facts shocking and disturbing though they may be We learn how the medical officers organised their hospitals and dealt with the terrible diseases beatings and malnutrition the men endured As the compilers of the reports state 45 per cent of the men under their care died in the course of just twelve months But equally we find that the prisoners did have a voice and had the facilities and the courage to write and submit such reports to the Japanese perhaps contradicting some of the long held beliefs about conditions in the camps Through the words of the Medical Officers themselves some of the detail of what really happened on the Death Railway for good or ill is revealed here      **Survival on the Death Railway and**

**Nagasaki** Jim Briggishaw, 2018-06-30 This is a remarkable and unique story of Jim Briggishaw Having been captured by the Japanese after the fall of Singapore in 1942 Jim was first sent to work in Burma to build what has become known as the Death Railway Unlike many of his comrades Jim survived this ordeal only to be transferred to Nagasaki Japan where he was sent to work in the mines of Sendryu Jim describes how the conditions in the Hell pits of Sendryu were even worse than those experienced in Burma but were ultimately the reason why he survived the war On the 9th August 1945 the Americans dropped the second nuclear bomb on Nagasaki Jim was fortunately underground at the time but through this book re lives the harrowing aftermath of the attack when the ground shook violently
