Railways in Lancashire David Joy,1976 *Lancashire's Railways* Martyn Hilbert,2024-03-15 The history of the railways in Lancashire from 1978 to the present from the end of the BR regional era through sectorisation to privatisation A *Bibliography of British Railway History* ,1988 **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography,1978 Subject Catalog, 1978 Library of Congress,1978 *The World's First Railway System* Mark Casson,2009-09-10 The British railway network was a monument to Victorian private enterprise Its masterpieces of civil engineering were emulated around the world But its performance was controversial praised for promoting a high density of lines it was also criticised for wasteful duplication of routes This is the first history of the British railway system written from a modern economic perspective It uses counterfactual analysis to construct an alternative network to represent the most efficient alternative rail network that could have been constructed given what was known at the time the first time this has been done It reveals how weaknesses in regulation and defects in government policy resulted in enormous inefficiency in the Victorian system that Britain lives with today British railway companies developed into powerful regional monopolies which then contested each other's territories When denied access to existing lines in rival territories they built duplicate lines instead Plans for an integrated national system sponsored by William Gladstone were blocked by Members of Parliament because of a perceived conflict with the local interests they represented Each town wanted more railways than its neighbours and so too many lines were built The costs of these surplus lines led ultimately to higher fares and freight charges which impaired the performance of the economy The book will be the definitive source of reference for those interested in the economic history of the British railway system It makes use of a major new historical source deposited railway plans integrates transport and local history through its regional analysis of the railway system and provides a comprehensive classified bibliography *Monographic Series* Library of Congress, *Library of Congress Catalogs* Library of Congress,1980 Whitaker's Cumulative Book List ,1977 British Books in Print ,1986 **Subject Catalog** Library of Congress, **The Industrial Archaeology and Industrial History of Northern England** ,1985 **The British Library General Catalogue of Printed Books 1976 to 1982** British Library,1983 Library of Congress Catalog Library of Congress,1970 National Union Catalog ,1978 The Railways of Bradford & Leeds Peter Waller,2023-12-30 It was to the south west of Leeds that one of the key lines in the development of Britain's railway network the Middleton Railway established the principle of seeking parliamentary sanction for the construction of a new form of transport Five decades later in the early nineteenth century it was again the Middleton Railway that was at the forefront of the use of steam rather than animal power to move coal from colliery to market From the early 1830s through until the early years of the twentieth century the local railway network continued to expand indeed if it had not been for the outbreak of the First World War in 1914 the area would have played host to one of the last first generation main lines to be constructed with the Midland

Railway planning and partially constructing a new main line north from Royston In the event the line was never completed consigning Bradford to be served by no more than glorified branch lines Providing a largely illustrated account to the history of the railway development of the area the book includes a fascinating selection of illustrations that focus on the evolution of the network in the almost eighty years since the end of the Second World War **National union catalog, 1978** Library of Congress,1978 **Subject Catalog, 1975** Library of Congress,1975 Subject Index of Modern Books Acquired British Library,1971 *The Writers Directory* ,2013
