[Complete Graph Decomposition through Artistic Impressions](#) is a book that presents state of the art of graph theory in resolving problems by graphical visualization. The book is unique in terms of the followings: Each chapter begins with visual illustrations of ideas to represent in pictures, figures, etc. and describe the problems that occur in the construction of algorithms. The abstract concepts in graph theory are presented in a more relaxed and easily digestible form. This book inspires readers to visualize hardcore mathematical concepts with a more meaningful and tangible story.
