Family Secrets Gloria González-López, 2017-06-20 Real personal accounts of sixty Mexican women and men affected by incest and sexual violence In Family Secrets Gloria González-López tells the life stories of women and men in Mexico whose lives were irrevocably changed in the wake of childhood and adolescent incest In Mexico a patriarchal religious society where women are expected to make themselves sexually available to men and where same sex experiences for both women and men bring great shame incest is easily hidden seldom discussed and rarely reported to authorities Through a gripping emotional narrative González-López brings the deeply troubling hidden and unspoken issues of incest and sexual violence in Mexican families to light She contends that family and cultural structures in Mexican life enable incest and the culture of silence that surrounds it She examines the strong bonds of familial obligation between parents and children brothers and sisters and elders and youth that in the case of incest can morph into sexual obligation the codes of honor and shame reinforced by tradition and the Church discouraging openness about sexual violence and trauma and the double standards of morality and stereotypes about sexuality that leave girls and women and gender nonconforming boys and men especially vulnerable to sexual abuse A riveting account Family Secrets turns a feminist and sociological lens on a disturbing issue that has gone unnoticed for far too long

Koeth, 2025-08-19 How suburbanization was a crucial catalyst for reforms in the Catholic Church The 1960s in America were a time of revolt against the stifling conformism embodied in the sprawling uniform suburbs of the 1950s Typically the reforms of the Catholic Church's Second Vatican Council which aimed to make the Church more modern and accessible are seen as one result of that broader cultural liberalization Yet in Crabgrass Catholicism Stephen M Koeth demonstrates that the liberalization of the Church was instead the product of the mass suburbanization that began some fifteen years earlier Koeth argues that postwar suburbanization revolutionized the Catholic parish the relationship between clergy and laity conceptions of parochial education and Catholic participation in US politics and thereby was a significant factor in the religious disaffiliation that only accelerated in subsequent decades A novel exploration of the role of Catholics in postwar suburbanization Crabgrass Catholicism will be of particular interest to urban historians scholars of American Catholicism and religious studies and Catholic clergy and laity **Whither the Child?** Eric P.
