

STAR TREK

RETURN TO AXANAR

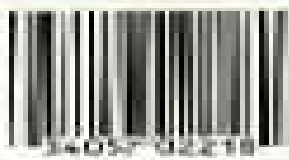

The crew of the USS *Cooper* were long overdue for some R&R at Star Base 23. Even the ship needed some work after the long patrol. Then, new orders came in. Now the *Cooper* had to transport some scientists to Axanar, site of the first battle between the Federation and the Klingons in the Four Years War. The trip would take months in travel time alone. No scientist theory could possibly be important enough to tie up a destroyer for so long. Or could it?

This adventure module also includes a separate book that details the Four Years War. Escape by Federation experts on Axanar, the major battles, and the political, social, and economic factors are included.
