Spiritual Oxygen Mark G. Boyer, 2025-10-22 The adjective spiritual refers to aspects of one's spirit The idea that each person possesses an immaterial and immortal soul which is distinct from the body did not appear in Jewish biblical literature before the Babylonian exile After interacting with Persian and Hellenistic philosophies the word *nephesh* entered Hebrew meaning living being not the dichotomous Hellenistic meaning Thus the biblical soul refers to a living breathing conscious body According to biblical literature God like a potter formed people from clay dirt and breathed divine breath into them Spiritual oxygen refers to the divine breath or spirit given to all living beings The Hebrew word *ruah* which can be translated into English as breath spirit or wind means that everything that breathes is inspirited When a person breathes the colorless and odorless gas known as oxygen one is simultaneously inhaling spirit Thus biblical spirituality is the process of living one's life in relationship with God while breathing deeply of the divine spirit Biblical spirituality for the twenty first century consists of spirits humans living and breathing Spirit God and being aware of the divine presence in which one lives and moves and has his or her being This book explores that process

Opening The Door Tess Marcin, 2010-04-19 Like the bubbles that begin to rise from the bottom of the kettle getting ready to boil so do the thoughts rise from the inner to evolve into a philosophic work Each bubble filled with a thought from the well of spirit

Mediality on Trial Ehler Voss, 2020-09-21 This volume addresses controversies connected to the testing of the capacities and potentials of mediums Today we commonly associate the term medium with the technical communication between transmitters and receivers Yet this term likewise applies to those who cooperate with agencies that exceed the presumed domain of the material world Insofar as one presumes a division between distinctly opposed categories of religion and the secular technical media tend to be associated with the secular and human trance mediums tend to be associated with religion after 1900 This volume concerns the ways in which the term medium still marks an overlapping of and thus problematizes the aforementioned division between religion and the secular the personal and the technological The term medium carries with it a seed of doubt that is itself inseparable from investment in the medium's power insofar as they communicate with an other realm mediums offer the hope and promise of new possibilities and

improved efficiency and thus of a better life yet they have simultaneously been under suspicion of altering or even inventing the messages they communicate It is due to this combination of promise and suspicion that mediumism has tended to evoke scientific religious and moral controversies Thus we can speak of a mediumistic trial that is a process in which a medium is put to the test concerning its potentials and trustworthiness Around 1800 experts were asked if a modern secular institution would be capable of inspiring domesticating or excluding trance mediumship This question has stayed with us ever since and the answers have remained inconclusive That is why the past and present of mediumship may be asked to elucidate each other

Heart Histories, Spirit Longings, Etc L. B. Flanders,1877 **The Sunday School Helper** ,1882 The Holiday from Hell Carole and David McEntee-Taylor,2011-11-19 The Adventure holiday of A lifetime It had been billed as the holiday of a lifetime A destination with everything a holiday maker could possibly want There were towns and cities where they could shop until they dropped and beaches clubs and nightlife with all kinds of exotic food and drink and anything else they might feel like trying There were desserts that stretched into infinity mountains that scaled incredible heights and seas that could challenge even the most jaded pallet For those of a quieter persuasion there was an abundance of gently rolling countryside in which to relax So just where did it all go wrong Just when was it that their dream holiday turned into the Holiday from Hell For many people on our planet this could be said to be an apt description of their journey through life From the pain of individual relationships to the devastation of natural disasters and wars it s no wonder we sometimes question the reasons we are here The Holiday from Hell describes our spiritual journey from the beginning of our holiday on the earth plane to the end of our time in this physical body It argues that if we change our perceptions of why we are here and begin to understand the origins of some of our political and religious conflicts we can at last begin to enjoy our lives
