Thirty-five Simple Studies in the Major Themes of Revelation M. R. DeHaan, 1946 Revelation M.R.

DeHaan, 2015-05-07 Blessed is he that readeth and they that hear the words of this prophecy and keep those things which are written therein for the time is at hand Rev 1 3 Behold I come quickly blessed is he that keepeth the sayings of the prophecy of this book Rev 22 7 The author of the book of the revelation is Jesus Christ Rev 22 16 The Lord intended that this book should be read and studied especially by His people Rev 1 3 It is not a sealed book as many suppose but one which is open and easy to understand Rev 22 10 Bearing these facts in mind we find the study of Revelation to be fascinating illuminating and deeply profitable instead of difficult and confusing The messages in this volume constitute thirty five radio sermons which were preached first over the Mutual Network and by foreign and short wave stations around the world from August 1945 to April 1946 The response to these radio messages was so enthusiastic and the evident desire for light on the book of the Revelation so general that we soon decided to print these studies on one volume Hence this book No attempt has been made to present an exhaustive verse by verse exposition of the book but rather we have tried to present the general outline the basic structure and the framework We have dwelt at length on certain passages because they constitute the pillars of the book Our purpose is to present clearly the general outline and structure and then the details will fall naturally into their proper places If certain simple rules are followed in reading and studying it the book of the Revelation becomes clear logical and easily understood We present here a few rules which should be observed before studying the book 1 Revelation is not a dark book It is a revelation 2 It is not necessary for one to understand all the symbols and details if he is to gain a deeper knowledge of the book as a whole One need not be able to identify every tree in the forest to appreciate the beauty of the forest as a whole 3 Observe the rule of literal interpretation The greatest curse of the Christian Church is the evil of spiritualizing the Bible Although there are many symbols and signs in the book as in every other book and in our daily conversation the context indicates whether a passage is to be interpreted literally or symbolically Interpret literally except where the context or grammatical structure clearly indicates that the reference is a symbol or a sign 4 Approach the Book with a fresh mind Try to forget the views you have held concerning the Book because others have declared it to be mysterious and beyond our understanding Thousands of believers never read Revelation but carefully avoid it simply because someone told them it is a dark book and impossible to understand Study the book for yourself 5 Read the book prayerfully realizing that the Holy Spirit who infallibly inspired the book is also the person Who must illuminate the book Never read a portion of scripture without first asking Him for light and guidance We submit for your help the following simple outline of Revelation Remember these five rules as you study it If you will memorize the outline thoroughly and keep it clearly before your mind you will have no trouble filling in the details Grand Rapids Michigan M R DeHaan **The Scroll and Horsemen**

of the Book of Revelation Al Danks,2020-02-04 God gave Jesus a revelation to show his servants things which must come to pass In the revelation we see a scroll written on the inside and on the outside sealed with seven seals As each of the first four seals are opened we see a horseman What is the scroll Who or what are the horsemen How will we discern what or who they are How will we know we have discerned correctly Many others have attempted to identify the scroll and horsemen This book will not attempt to refute each and every identification they have made nor discuss every possible identification The approach is to show that the evidence fits a single scroll and a single set of horsemen If this approach is successful then it will effectively rule out all other scrolls and horsemen This book will not attempt to discuss the first horseman s bow and the green color of the fourth horseman as there is too little information available to discern them The scroll will be identified first using the evidence regarding the scroll Then each horseman will be identified using the evidence regarding each horseman The question about discerning correctly will be answered by showing how the horsemen fit together the horsemen fit the scroll the scroll and horsemen fit the book of Revelation and show us things to come Revelation Martin Ralph De Haan,1977 **Lie** Greg Harris,2021-10-26 If you have not seen the massive differences of interpretation between the premillennial understanding of Scripture versus the amillennial we will clearly view both positions side by side with their supporting quotes from some of their stalwarts We will set forth different approaches to Scripture as we study the Book of Revelation and these are not some minor issues So much of how one interprets Scripture ties in with those views
