**FREE THOUGHT FAITH AND SCIENCE FINDING UNITY THROUGH SEEKING TRUTH** By Roger Pullin

This book covers a hot topic can faith defined as personal belief and trust in God and not as a religious affiliation ever be compatible with science Dr Roger Pullin argues forcefully that faith and science are complementary paths to truth with all truthful spiritual insights and all truthful disclosures through mathematics and science coming from God and that through faith and science we approach one whole body of truth He writes as a marine biologist with a long career in research teaching and consulting mostly in tropical developing countries and as a believer He is an Associate Member of Christians in Science and the Society of Ordained Scientists a Member of the Science and Religion Forum and a Member and former Elder of the Union Church of Manila Philippines Dr Pullin draws together threads from works across theology and science and from personal experiences to offer fresh perspectives on what he calls Free Thought Free Thought has capital letters to distinguish it from our basic thought about the practicalities of life what to eat what to wear how to dodge traffic etc Free Thought is not freethinking as defined conventionally by an outcome of dissent from some religious or other established order No process defined by a specific outcome can be called free Free Thought can have any outcome including agnosticism atheism and faith Free Thought is founded on free will Everyone is free to explore all available information and to choose what to believe No one knows what anyone else truly believes Free Thought is truly free Every human self is a unique combination of a material mind body with a spiritual soul Free Thought is the integrated and iterative processing of information from the material and spiritual realms in one or more common nonmaterial formats across an individual mind soul interface Free Thought connects the material and spiritual realms in every person Our Free Thought and mind soul interfaces make us the agents by which God and the spiritual force for evil can bring about change in the material realm The laws of nature are not suspended to allow so called miracles We have free will The material realm works through free

process From this perspective Dr Pullin reviews the human condition faith science the battlefields on which we seek truth in the midst of lies and nonsense and make moral choices the need for reformations in organized religion and revolutions in science and the prospects for faith science unity He recommends expansion of faith science quest for truth by scientific appraisals of subjective evidence from within believers and nonbelievers and by considering the implications of a spiritual realm for brain and consciousness research and a theory of everything This book s 11 chapters can be adapted as a series of lectures It depicts a model and mechanisms for Free Thought in a 6 part Figure 1 the backdrop to which forms the cover design and a synthetic Figure 2 Its 5 Appendices provide definitions of terms summaries of the author s beliefs and background reviews of related literature and a questionnaire for readers Its total length is 431 pages plus a user friendly Index      *Revelation Revolution* Kay Fairchild, Lisa Perdue, 2003-08      **Revelations** Carol Bass, 2018-06-08 Revelations is a result of years of disciplined study of Gods Word a result of intimacy with Jesus a result of intimate time in the Word from God the Word in Carol and her in the Word This devotion is a culmination of years of growth from private time spent daily in Gods presence allowing Jesus the Word made flesh to rule over the evil nature within thus allowing the Word of God to be King and Lord His work began in 1989 as Carol poured her heart out quietly journaling and giving expression to her feelings while being alone with the Word With pen in hand and blank paper waiting she gained revelation about evils fleshly nature within the principalities powers and rulers without and about Jesus the Word Who is the Revealer of all Truth From the feelings in her heart to the thoughts in her mind to where the pen met the paper she gained discernment By expressing her heart in light of the Word of Truth with the Word of Truth filtering her thoughts and prayers she discerned her way aligned her heart and mind with Truth lived life according to the Truth and then learned how to pray a right prayer according to the Truth      *God The Dimensional Revelation* Allyn Richert, 2023-05-12 What questions do you have about Your Life Your Being Your Soul and Your Conscious Awareness GOD The Dimensional Revelation is a book revealing reality Broadly stated reality is defined as all that exists The study of reality is called metaphysics Metaphysics is the primary field of philosophy Metaphysics is divided into two major fields of study These are cosmology and ontology GOD The Dimensional Revelation reveals cosmological facts about our big bang Our research reconciles relativity theory and quantum mechanics Ontologically This Teaching Reveals a clear theology about GOD and Your Relationship with GOD Learn how to use the scientific method to prove that the Reality You and I Experience is a partial Fusion of our physical universe with our separate Spiritual Universe This Teaching proves this in the context of 10 Dimensions of Reality some of which are original to this book These 10 Dimensions are clearly explained and verified Dimensional Reasoning is offered as a tool anyone can use to answer all the great questions of Existence The Source of Being is clearly identified as well as the Destination of Individual Being Reading and Participating in the Knowledge Shared in this book will increase your Confidence Personal Power and help You Grow Spiritually      **Pathetism: Man Considered in Respect to His Form, Life, Sensation, Soul, Mind, Spirit** La Roy
