desire for revenge went beyond death He used his craft to lock up his enemies in the porcelain bodies of his dolls and send them to an endless state of limbo When Anna learns the danger she has inherited that each doll's haunted face is a reminder of the curse that could make her the next victim she goes from being excited to being worried In order to break the cycle of revenge and free the souls that are being held captive Anna sets out on a dangerous trip that will test her heart and strength A local historian who knows about the town's scary stories helps her make the rite that will break the chains that hold the spirits in their earthly cages Anna's determination is put to the ultimate test when she meets the dollmaker's ghost To win she needs to use everything she has learned and all of her inner strength At the end of the story there is a dramatic ceremony that breaks the curse frees the spirits and defeats the evil that was trying to kill Anna Once the event was over the toys lost their evil spirit and became silent witnesses to Anna's bravery and the power of forgiveness Anna learns that her experience with the supernatural gave her a power she didn't know she had and showed her a universe full of mysteries that haven't been solved yet As a story keeper she leaves her library and becomes a part of a much bigger story than the one that was in there

Part 1 The Will and Testament

The world outside looked like it was crying hysterically that awful rainy afternoon and Anna's life fell into shadows from which it would never fully come back The letter pulled her into a heritage she hadn't planned on The beautiful but faded handwriting was like a beacon of mystery It was about the memory of a great aunt someone Anna had forgotten about and had barely thought of Anna got something from her great aunt that was much more valuable than you might think Instead it was a group of old dolls each one a beauty from a different time with eyes and faces that were painted so carefully that they seemed to have their own souls As Anna unloaded the collection the air around her got thicker and seemed to pick up a power she couldn't see These dolls were more than just old toys because they had stories inside them and maybe even pieces of someone's soul Even though it was clear that they were perfect there was something disturbing about it Their glassy reflecting eyes seemed to follow her around the room telling her things she had forgotten Anna felt more and more uncomfortable as she looked at them she thought the dolls were hiding something scarier than just being lifeless things In the middle of the night the house was filled with soft confusing noises instead of the peaceful silence that was like her life alone Soft steps the sway of silken gowns and the soft almost undetectable whisper of voices arguing about their newfound freedom and whether or not there was a living person among them Anna started having nightmares about black shapes moving just out of sight The dreams were just as mysterious as the place from which the shapes seemed to appear As she turned around the dolls' faces changed a little making it look like they weren't just painted China but real people with bad intentions When she woke up she thought someone was watching her It was a strange gift from a long lost cousin that turned out to be a curse Anna realized that the dolls were more than just memories from the past they were part of a dark heritage They were connected to a base evil power that was now looking at her It became very clear to me that these dolls were the key to a door that I should never have opened They led to a world of ghosts and shadows that wanted to

be touched by humans Slowly but surely the line between the real world and the dreams became less clear She was caught in a web of fear with the whispers and watchful eyes of her genetic curse weaving every thread Being alone in her life which used to make her feel better had become a jail she couldn't seem to get out of The dolls which looked so much like real people were defenders of a dangerous past They were a sobering reminder of what it costs to be curious and the weight of a family history that was heavier than it seemed at first Anna had been seeking information and had come across a truth that was scarier than any story It was about death spirits trapped on earth and the thin line that separates the living from the dead Her peaceful life had turned into a nightmare from which she couldn't wake up a story of terror and sadness that had been passed down to her

Chapter 2 A Compilation of Mysteries Anna felt very scared as soon as she walked into the old house It was almost like the air itself was warning her in a language no one had heard before The rooms were musty and covered in spider webs and they were full of silent guardians waiting for her Each doll which was a mirror of the artist's dark desire had a delicate beauty that hid a dark truth Their eyes had a bright shine that made me think of a soul trapped inside and the way they were painted made their faces look almost divine with unsettlingly calm expressions With their soft faces and white skin these dolls didn't look like they were just toys they were more like vessels that had an unsettlingly human quality to them Anna felt like she was being watched as she walked through the house The dolls' eyes were following her every move with a fierce focus Here in this dark quiet place she told herself it was all in her head One deep part of her though screamed This is real The air around her felt electric like a storm was building between what she could see and what she couldn't see The dolls had power here their very presence was a challenge to the living with threats and secrets that were only said out loud

The Doll Graveyard (A Hauntings Novel) Lois Ruby, 2014-06-24 This graveyard hides buried dolls and buried secrets The house at Cinder Creek hides many secrets Shelby and Brian Tate have heard heated voices crying out in the night They've noticed the unsettling way things move around on their own But the most chilling thing about their new home is the cemetery someone's built out back The graves are tiny only big enough for dolls AND THE DOLLS WON'T STAY BURIED Soon Shelby's learning all about them Betsy Anne's angelic appearance hides a raging fire behind her eyes while Baby Daisy changes faces as quickly as she changes moods And Miss Amelia's cracked porcelain skin and twisted lips only hint at the pain she once endured at the hands of a very angry girl If Shelby can help the dolls find peace she and her family might actually be happy at Cinder Creek But if she can't the dolls will have their revenge
