

Introduction to Word 2007

You will notice some obvious changes immediately after starting Word 2007. For starters, the top bar has a completely new look, consisting of new features, buttons and naming conventions. Don't be alarmed, Word has been redesigned with a fresh new look that offers a more efficient and straight forward approach. What's new in Word 2007 is outlined below.

1. **Microsoft Office Button:** A button that provides access to menu commands in Word. The Microsoft Office Button replaces the File button in previous versions. Here is where you will find commonly known features such as New, Open, Save, Print and Recent Documents. This is also where you will find the Word Options commands that were previously located in the Tools menu in previous versions.
