Abstract

In this commentary, we summarize stakeholder views articulated during roundtables addressing the 2021 International Auditing and Assurance Standards Board's (IAASB) Exposure Draft: *Proposed International Standard on Auditing of Financial Statements of Less Complex Entities* (ED LCE). In support of its mission, the International Association for Accounting Education and Research (IAAER) – together with the IAASB – organized by-invitation roundtables bringing together audit practitioners, academics and financial statements users. A structured agenda was followed and addressed some of the topics on which the IAASB sought views. This commentary provides a summary of views heard during the second roundtable breakout session focused on Design, Structure and Content and provides recommendations to the IAASB regarding the way forward. A paper addressing the first breakout session on Authority and Group is available in a previous issue of the *Journal of International Financial Management and Accounting* (Van Nieuw Amerongen et al., 2022a).
