Reviews And Essays 1936 55:

The Bibliography of Weldon Kees Daniel Gillane, Robert Niemi, 1997 *Weldon Kees and the Arts at Midcentury* Daniel A. Siedell, 2003-01-01 Born in 1914 in Beatrice Nebraska and presumed dead in 1955 when he apparently leapt from the Golden Gate Bridge Weldon Kees has become one of the better known unknown American poets of the twentieth century his fiction and poetry largely kept alive by other poets But Kees was also that rare artist who excelled in many genres and media a skillful painter filmmaker jazz musician and composer He was a gifted critic as well and his criticism bears the marks of his own deep and broad engagement with the arts Weldon Kees and the Arts at Midcentury is the first book to reflect the full range and reach of Kees's artistic activities Bringing together writers from various disciplines art historians poets literary critics curators and cultural scholars including Dore Ashton James Reidel Dana Gioia and Stephen C Foster this volume offers a wide variety of perspectives through which to evaluate the meaning and significance of Kees's achievement Although the essays themselves partake of the diversity of Kees's impact on the culture all agree on one fundamental point any history of postwar American culture that neglects Kees's multifaceted contribution is ultimately incomplete *Vanished Act* James Reidel, 2007-03-01 Critic novelist filmmaker jazz musician painter and above all poet Weldon Kees performed practiced and published with the best of his generation of artists the so called middle generation which included Robert Lowell Elizabeth Bishop and John Berryman His dramatic disappearance a probable suicide at the age of forty one his movie star good looks his role in various movements of the day and his shifting relationships with key figures in the arts have made him one of the more intriguing and elusive artists of the time In this long awaited biography James Reidel presents the first full account of Kees's troubled yet remarkably accomplished life Reidel traces Kees's career from his birth in 1914 and boyhood in Beatrice Nebraska to his stint as an award winning short story writer and novelist his rise as a poet and critic in New York his branching off into abstract expressionism jazz music and theater and his experimental and scientific filmmaking and photography Going beyond the cult status that has grown up around Kees over the years this work fairly and judiciously places him as a cultural adventurer at a particularly rich and significant moment in postwar twentieth century America
