Revisioning The Church Ecclesial Freedom In The New Paradigm:

Revisioning the Church Peter Crafts Hodgson, 1988 This book embraces a wide spectrum of contemporary movements filters them through the biblical record and produces a model of the church that can make an impact and last for a long time It is excellent for scholars pastors and congregational study Carl S Dudley McCormick Theological Seminary Chicago Illinois

Ecclesiology and Postmodernity Gerard Mannion, 2017-01-13 What in the world is postmodernity Is it the dominant reality today If it is what does it mean to be a church in a postmodern world It seems that the church had a difficult time coming to terms with a modern world an era ruled by the claims of scientific certainty Having done so more or less it is now confronted by the claims of postmodernity which seem to reverse the whole equation to say that certainty and objectivity are chimeras What is truth Pilate asked and postmodernity at least as caricatured by its opponents responds There s no such thing Gerard Mannion in Ecclesiology and Postmodernity addresses the situation of the church in a postmodern world The fundamental changes in human society and culture wrought by the twentieth century require the church to consider its response in the twenty first century What is the church s moral Vision how does its practice look what is the nature of its aspiration toward holiness in our times Mannion believes that since Vatican II the Catholic Church has been in a kind of limbo awaiting a Vision of its own life for the future Rather than focusing on specific controversies Mannion offers concrete suggestions about how the church can create a better harmony between its own self understanding its ecclesiological Vision and its day to day life its ecclesial practice Gerard Mannion PhD educated at King s College Cambridge University and New College Oxford University is Associate Professor of Ecclesiology and Ethics in the Department of Theology and Religious Studies at Liverpool Hope University UK He is also the director of Church In Our Times Centre for the Study of Contemporary Ecclesiology co director of the Applied Ethics Initiative at Liverpool Hope co chair of the AAR American Academy of Religion Ecclesiological Investigations Program Unit and co ordinator of the Ecclesiological Investigations International Research Network Mannion is the author of Schopenhauer Religion and Morality and co editor of Readings in Church Authority Gifts and Challenges for Contemporary Catholicism both published by Ashgate in 2003 and co editor of the forthcoming volumes The Routledge Companion to the Christian Church and Catholic Social Justice Theological and Practical Explorations *Pastoral Care in Context* John Patton, 2005-02-18 An expert in the field of pastoral care John Patton demonstrates that pastoral care is a ministry of the church He focuses on the community of faith as an authorizer and source of care and upon the relationship between the pastor and a caring community Patton identifies and compares three paradigms of pastoral care the classical the clinical pastoral and the communal contextual This third paradigm emphasizes the caring community and the various contexts for care rather than focusing on pastoral care as the work of the ordained pastor *The Arts of Ministry* Christie Cozad Neuger, 1996-01-01 Offering the most relevant effective and transformative approaches to ministry as it develops a feminist and womanist practical theology this book brings together the best in

feminist and womanist scholarship that deals with the work of ministry in a one volume format Summer Sermons, Winter Thoughts Peter C. Hodgson, 2018-05-31 The summer sermons have been delivered in the Presbyterian Church of Eagles Mere Pennsylvania over a period of fifteen years When someone first arrives in Eagles Mere for the summer people ask how their winter has been winter meaning the whole time that has elapsed since the previous summer In the author s case winter means Nashville Tennessee where he has lived since 1965 when he joined the faculty of Vanderbilt Divinity School retiring after thirty eight years Winter Thoughts consists of autobiographical reflections on three topics lives theologies and politics The lives are those of Peter and Eva Hodgson The longest section Theologies describes the various influences and directions the author s work has taken in systematic and historical theology Politics reflects on the decline of the liberal democratic consensus The whole is loosely held together by an underlying question How is God efficaciously present in history without violating the fabric of history **Reformed Reader** George Stroup, 2002-02-01 This volume demonstrates a central conviction of the Reformed tradition that theology must honor the historic witness of the church as catholic while being faithful to the new tasks of the present day church It offers selections from Reformed theology creeds confessions and church documents of the nineteenth and twentieth centuries **The Story That Chooses Us** George R. Hunsberger, 2015-04-09 Over the course of several decades missiologist George Hunsberger has written numerous essays on crucial themes for the church s recovery of its missional identity and practice The Story That Chooses Us brings these essays together for the first time The book as a whole presents a composite sense of the missional identity and faithful witness to which the church is called in contemporary Western society Hunsberger engages with well known missiologist Lesslie Newbigin throughout his work as he carefully discerns biblical and theological roots for a contemporary vision of missional theology The recurring themes in Hunsberger s essays provide both theological mooring and practical guidance for churches following Christ on the missional path Winds of the Spirit Peter Crafts Hodgson, 1994-01-01 Contextual theology postmodernism and theology **The Community of the Weak** Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story **The Lord Is the Spirit** John A. Studebaker Jr., 2008-01-01

Although the doctrine and work of the Holy Spirit is no longer being ignored in theology as was often the case in centuries past the authority of the Spirit remains essentially undefined The need for such a definition however is urgent Some dangerous trends in the contemporary understanding of the Spirit have developed trends that can only be exposed through careful exegesis of Scripture and theological clarification Indeed some contemporary models often leave us with a nonauthoritative Spirit predisposed toward universalism experientialism or panentheism This work will attempt to show that the nature of the Holy Spirit's authority can be clearly defined through biblical and systematic theology When we investigate the Spirit's place within the pattern of divine authority as specified in Scripture we discover that the Holy Spirit indeed possesses a unique authority as divine Person Christ's Executor Teacher and Governor of the Church Such a work will be helpful for both the theologian and the pastor First definitions of the Spirit's authority will be developed through historical exegetical and theological analysis Then these definitions will be applied to specific church practices including hermeneutics church structure and guidance and Christian spirituality A response will also be given to those practical theologies that are subtly diminishing the Spirit's authority in relation to the contemporary church
