Revive Your Mainline Congregation Prescriptions For Vital Church Life:

Revive Your Mainline Congregation Robert D. Schieler, 2010-04-01 Why are mainline churches in such dire straits? Schieler meets that it is because most churches are doing the same things in the same ways they were doing them 35 to 50 years ago and the lack of change has caused declines in mainline churches. For example, the United Church of Christ has lost more than 700,000 members and more than 1,000 churches since 1965. Schieler delineates distinguishing characteristics of living versus dying churches and shares what needs to be done to turn churches around and how mainline churches are surviving in this current age. He also contends that there are some basic biblical theological understandings of the nature and mission of the church, many things that churches have ignored or rebelled against, and reviews the following areas: authority, which mission church devalues, worship, new worship, Christian education, pastoral congregational care, wider rotation, and building and property.

The American Church in Black and White Gregory Emanuel Bryant, 2016-05-14 The American Church in Black and White is a book born out of the author's love for God's church. It was shaped and given form and text in the crucible of the author's experience as a pastor of several Indiana congregations, congregations that attempted to create a Christian counter narrative to the tragic narrative and legacy of our nation's history of slavery and racism. Cautiously optimistic in tone, the author posits that if the American church is going to live into Christ's prayer request for His church to be one (John 17:21), if the church is going to deal effectively with the fallen powers and win people to the Lord, then Christians will have to face and overcome the complex and tragic history of racial antipathy in this country. Also, the church will have to learn how to successfully navigate a spiritual and cultural minefield. The author has distilled the three main cultural controversies that can explode and implode the church's intercultural hopes down to 1. Culturally Based Worship Preferences, 2. Culturally Based Views on Ministerial Authority, and 3. Biblical Hermeneutics in Black and White. It is the author's conviction that in spite of these areas of potential conflict, God has given the church the power to become an intercultural community that is distinctive, attractive, and authentically Christian.

Burning Center, Porous Borders Eleazar S. Fernandez, 2011-10-17 Burning Center Porous Borders articulates what the church is and is called to be about in the world, a world now globalized to the point that the local is lived globally and the global is lived locally. The church must respond creatively and prophetically to the challenges: economic disparity, war and terrorism, diaspora, ecological threat, health crisis, religious diversity, and so on, posed by our highly globalized world. It can do so only if the church's spiritual center burns mightily. Conversely, it can burn mightily in the spirit of Christ only if its borders are porous and allows the fresh air spirit of change to blow in and out. While there is much rhetoric about change, the most common response to change is to continue doing business as usual. This is particularly the case in the face of perceived global threats. In spite of the hoopla and euphoria of the global village, walls of division and exclusion are rising, hearts are constricting, and moral imagination is shrinking. In response to this context, Burning Center Porous Borders proposes alternative ways or images of being a church.
