Revolt Of Modern Art Of Modern Art I

Edith R. Abbot

Revolt Of Modern Art Of Modern Art I:

Edgar Wind and Modern Art Ben Thomas, 2020-12-10 This book presents the first comprehensive study of the philosopher and art historian Edgar Wind's critique of modern art. The first student of Erwin Panofsky and a close associate of Aby Warburg, Edgar Wind was unusual among the Warburgians for his sustained interest in modern art together with his support for contemporary artists. This culminated in his respected and influential book *Art and Anarchy* 1963 which seemed like a departure from his usual scholarly work on the iconography of Renaissance art. Based on extensive archival research and bringing to light previously unpublished lectures, *Edgar Wind and Modern Art* reveals the extent and seriousness of Wind's thinking about modern art and how it was bound up with theories about art and knowledge that he had developed during the 1920s and 30s. Wind's ideas are placed in the context of a closely connected international cultural milieu consisting of some of the leading artists and thinkers of the twentieth century. In particular, the book discusses in detail his friendships with three significant artists: Pavel Tchelitchew, Ben Shahn, and R. B. Kitaj. In the process, the existence of an alternative to the prevailing formalist approach of Alfred Barr and Clement Greenberg to modern art, based on the enduring importance of the symbol, is revealed.

Radical Intimacy in Contemporary Art Keren Moscovitch, 2023-09-07 *Radical Intimacy in Contemporary Art* focuses on practices that operate at the edges of sexuality and its socially sanctioned expressions. Using psychoanalysis and object-oriented feminism, Keren Moscovitch focuses on the work of several contemporary provocative artists to initiate a dialogue on the role of intimacy in challenging and reimagining ideology. Moscovitch suggests that intimacy has played an underappreciated role in the shifting of social and political consciousness. She explores the work of Leigh Ledare, Genesis P. Orridge, Ellen Jong, Barbara DeGenevieve, Joseph Maida, and Lorraine O'Grady, who through their radical practices engage in such consciousness-shifting in elegant, surprising, and provocative ways. Guided by the feminist psychoanalytic canon of Julia Kristeva throughout, as well as being informed by the philosophy of Luce Irigaray and the critical theory of Judith Butler, Moscovitch situates these artists in the emerging lineage of feminist new materialism. She argues that the instability of intimacy leads to radical and performative objecthood in their work that acts as a powerful expression of revolt. Through this line of argumentation, Moscovitch joins a growing group of philosophers exploring object-oriented theories and practices as a new language for a new era. In this era, the hegemony of subjectivity has been toppled, and a new world of human ontology is built creatively, expressively, and in the spirit of revolt.

They have free access to share, print, and post images for personal use.

Alfred H. Barr, Jr. and the Intellectual Origins of the Museum of Modern Art Sybil Kantor, 2003-08-29 An intellectual biography of Alfred H. Barr Jr., founding director of

the Museum of Modern Art Growing up with the twentieth century Alfred Barr 1902 1981 founding director of the Museum of Modern Art harnessed the cataclysm that was modernism In this book part intellectual biography part institutional history Sybil Gordon Kantor tells the story of the rise of modern art in America and of the man responsible for its triumph Following the trajectory of Barr s career from the 1920s through the 1940s Kantor penetrates the myths both positive and negative that surround Barr and his achievements Barr fervently believed in an aesthetic based on the intrinsic traits of a work of art and the materials and techniques involved in its creation Kantor shows how this formalist approach was expressed in the organizational structure of the multidepartmental museum itself whose collections exhibitions and publications all expressed Barr s vision At the same time she shows how Barr s ability to reconcile classical objectivity and mythic irrationality allowed him to perceive modernism as an open ended phenomenon that expanded beyond purist abstract modernism to include surrealist nationalist realist and expressionist art Drawing on interviews with Barr s contemporaries as well as on Barr s extensive correspondence Kantor also paints vivid portraits of among others Jere Abbott Katherine Dreier Henry Russell Hitchcock Philip Johnson Lincoln Kirstein Agnes Mongan J B Neumann and Paul Sachs

Art's Properties David Joselit, 2023-02-14 From the modern period until the present day artworks have exhibited a well known paradox they promise a rich aesthetic experience and revolutionary qualities of innovation while simultaneously serving as a luxury commodity whose sale is directed toward a global class of oligarchs Art s Properties proposes a new way of understanding this paradox relating art s qualities its properties to its status as commercial property In Art s Properties esteemed art historian and theorist David Joselit argues that art s fundamental ontological property is its capacity to give access to experiences of alterity the state of being other or different These experiences may appear as the image of a god or the utopian dimensions of a black square on a white ground Joselit goes on to explore artwork s relation to infinitude As he explains every work of art in its material and visual qualities can be host to an unlimited number of events and encounters with spectators which persist through and over time This infinitude is curtailed as art becomes property and is made to serve as a representation In the modern period white artists have been presumed to manifest an unmarked supposedly neutral national character in Europe and the United States while artists of color are often made to stand in for the identity attributed to them In place of this dynamic of representation Art s Properties will advocate for privileging narration over representation While representation is finite one thing is put in the place of another narration has no end it can be multiplied to encompass the many stories an artwork might enable In focusing on the forms of narration that an artwork can contain this book explores art s infinite aesthetic and material alterity
