Revolt of the Apprentices and Other Stories Eliezer Blum,1969 *Revolt of the Apprentices* Eliezer Blum,1969

Chicorel Index to Short Stories in Anthologies and Collections Marietta Chicorel,1974 **The First Teenagers** David Fowler,2014-01-14 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company **Perception and Experience in Modernity** ,2016-08-09 The first volume of Benjamin Studies publishes the keynote lectures of the first Congress of the International Walter Benjamin Association which took place in Amsterdam July 1997 Its title bears witness to the most central concepts of Benjamin s philosophy of culture Strongly influenced as he was by Kant Benjamin never lost his inclination to analyse the components of reality as fashioned by ourselves Because he was also a materialist for him the modes of fashioning were shaped in turn by the times and places we occupy in history As a consequence Benjamin s theory assigns a pivotal role in the interaction between the world and its inhabitants to the media language with its plethora of discourses the arts and the whole technology of reproduction The historical and social development of the media is translated according to him into our instruments of perception and this perception constructs the elements of the world the knowledge of this construction and the knowledge of the constructor The self knowledge of the constructor is what we call experience Within this broad epistemological framework the diversity and complexity of Benjamin s project acquires a fundamental coherence and is therefore able to accommodate the temporal volatility of the phenomena of our world It s not surprising therefore that Perception Experience offers the most stimulating variety of topics and that the keynote lectures reflect merely an intensification of interest in certain areas within a much larger field of investigation The texts presented here pinpoint the central preoccupations of today s debates amongst Benjamin scholars preoccupations which are themselves responses to our own historical imperatives *Chicorel Index to Short Stories in Anthologies and Collections* ,1974

Youth and the Social Order Frank Musgrove,1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company *Youth & Social Order* 149 Frank Musgrove,2013-08-21 This is Volume XII of twelve in a series on the Sociology of Youth and Adolescence First published in 1964 it focuses on the status of youth its determinants and consequences as is an inter disciplinary study **Shakespeare and the Just War Tradition** Professor Paola Pugliatti,2013-04-28 Brought to light in this study is a connection between the treatment of war in Shakespeare s plays and the issue of the just war which loomed large both in religious and in lay treatises of Shakespeare s time The book re reads Shakespeare s representations of war in light of both the changing historical and political contexts in which they were produced and of Shakespeare s possible connection with the culture and ideology of the European just war tradition But to discuss Shakespeare s representations of war means for Pugliatti not simply to examine his work from a literary point of view or to historicize those representations in connection with the discourses and the practice of war which were produced in his time it also means to consider or re consider present day debates for or against war and the kind of war ideology which is

trying to assert itself in our time in light of the tradition which shaped those discourses and representations and which still substantiates our moral view of war Keepers of the Revolution Paul Gilje, Howard B. Rock, 2018-08-06 They recreate the rhythms of daily life clarify the impact of political and social changes on working people and help us appreciate how these women and men not just the country's founding fathers were truly keepers of the revolution Paul A Gilje and Howard B Rock provide a general introduction to New York after independence and then devote sections of the book to apprentices journeymen master craftsmen waterfront workers blacks and women Most sections are anchored by several first person accounts autobiographies and reminiscences and include advertisements courtcase testimony newspaper reports broadsides appeals to Congress all the colorful detail that can be used to illuminate the immediate personal lived experience of individuals of that particular time and place A stunning group of illustrations adds to the reader's sense of the flavor and appearance of the rapidly growing city Keepers of the Revolution will find appreciative readers among labor social urban and early American historians as well as antique collectors and antiquarians interested in early New York
