Revolución y desilusión Carlos Blanco,2002 **Revolutions in Cuba and Venezuela** Silvia Pedraza,Carlos A. Romero,2023-03-28 This book compares the sociopolitical processes behind two major revolutions Cuba in 1959 when Fidel Castro came to power and Venezuela in 1999 when Hugo Chavez won the presidential election *Political Violence and the Construction of National Identity in Latin America* Peter Lambert,2006-11-27 This topical volume seeks to analyze the intimate but under studied relationship between the construction of national identity in Latin America and the violent struggle for political power that has defined Latin American history since independence The result is an original fascinating contribution to an increasingly important field of study **Venezuela** Steve Ellner,Miguel Tinker Salas,2006-12-07 This authoritative book offers a comprehensive assessment of contemporary Venezuela Analyzing the multifaceted phenomenon of Hugo Chavez leading scholars move beyond his flamboyant style to focus on the concerns of popular social and political movements The book challenges the misleading notions that for several decades glorified Venezuelan exceptionalism and minimized the role of important actors After setting the historical and socio economic contexts the contributors explore racial issues social and labor movements electoral politics economic and oil policy and United States support for the Venezuelan opposition Underscoring the complexity of Chavez and his popularity the book highlights the need to avoid simplistic assessments of the past and present and offers a clear eyed understanding of Venezuelan reality today Contributions by Christopher I Clement Steve Ellner Maria Pilar Garc a Guadilla Daniel Hellinger Jes s Mar a Herrera Salas Edgardo Lander Dick Parker Miguel Tinker Salas and Crist bal Valencia Ram rez **Revolución y desilusión** Carlos Blanco,2002

Constructing Democratic Governance in Latin America Jorge I. Domínguez,Michael Shifter,2013-07-31 After more than a century of assorted dictatorships and innumerable fiscal crises the majority of Latin America s states are governed today by constitutional democratic regimes Some analysts and scholars argue that Latin America weathered the 2008 fiscal crisis much better than the United States How did this happen Jorge I Dom nguez and Michael Shifter asked area specialists to examine the electoral and governance factors that shed light on this transformation and the region s prospects They gather their findings in the fourth edition of Constructing Democratic Governance in Latin America This new edition is completely updated Part I is thematic covering issues of media constitutionalism the commodities boom and fiscal management vis vis governance Part II focuses on eight important countries in the region Argentina Brazil Bolivia Chile Colombia Mexico Peru and Venezuela Already widely used in courses Constructing Democratic Governance in Latin America will continue to interest students of Latin American politics democratization studies and comparative politics as well as policymakers We Are the State! Cristobal Valencia,2015-05-28 Chavistas are the local leaders and activists in Venezuela s Bolivarian Revolution working to establish democracy through government sponsored social missions community self governance and popular collectives We Are the State tells the story of their grassroots activism In perspectives gleaned from participant

observation with barrio residents in workplaces communal kitchens city wide forums and grassroots meetings and assemblies as well as family and recreational events anthropologist Cristobal Valencia vividly recounts tensions between activists local officials and the wealthy opposition The author offers an anthropological analysis of the state social movements and democracy as lived experiences of the poor gendered and racialized residents of two parishes in Caracas Venezuela and Afro Venezuelan communities nearby Ethnographic research reveals the shift in relationships of power and the evolving political practices among the Chavistas the Ch vez government and the opposition Examining the subjective experiences of barrio residents in everyday processes of state formation this book provides a new perspective on the Chavistas arguing that they are a broad based social movement and driving force behind a revolution struggling to transfer state power to organized civil society Through his intense engagement with the constantly changing social political and economic dynamics Valencia dramatically challenges top down understandings of the state and power in Venezuela He shows the unequal relationships between sectors of civil society and he shows state formation as a process enmeshed in the struggles for social justice demonstrating that the state is a sociopolitical entity that acts through civil society rather than above it

Racism and Discourse in Spain and Latin America Teun A. van Dijk, 2005-07-05 This new book extends Teun A van Dijk s earlier research on discursive racism to the Latin world He presents a first inventory of elite discourse and racism in Spain and Latin America by examining discursive reactions in Spain to recent immigration as well as age old racism and ethnicism in text and talk in Latin America especially Mexico Brazil Argentina and Chile Through careful analysis of the media political discourse textbooks and other public discourses in these countries he shows that discursive euro racism is ubiquitous also in countries outside Europe Spain reproduces but as yet in a less radical way the kind of racist discourse we find elsewhere in Western Europe In Latin America ethnicism and racism against the indigenous peoples and against Afrolatins has prevailed in elite discourse since colonialism and slavery This is the first integrated study of discursive racism in the Latin world and provides a useful framework for similar research
