

CHAPTER 22

Enlightenment and Revolution, 1550–1789

Connect History *and* Geography

By the mid-18th century, new ideas about human society and government were sweeping across Europe. This intellectual movement, known as the Enlightenment, gave birth to revolutionary ideas like democracy and individual rights. The map at the right shows cities where Enlightenment ideas were flourishing in 1750. Use the map to help you answer the questions below.

1. What city in Brandenburg-Prussia was an Enlightenment center?
2. Where had Enlightenment ideas spread outside Europe?
3. What effect do you think those ideas had on the place you identified in question 2?

For more information about the scientific revolution, the Enlightenment, and the American Revolution . . .

CLASSZONE.COM

In 1775, the brilliant orator Patrick Henry delivered his now famous speech to the second Virginia Convention. In this speech he declared, "Give me liberty, or give me death!" In this 19th-century painting by artist Peter Rathenel, Henry speaks before the Virginia House of Burgesses. He repeatedly spoke against British laws that restricted the colonists' rights.

1543

Copernicus publishes heliocentric theory.

1550

1609

Galileo observes heavens through telescope.

the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social economic and governmental change In a wide ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th century age of high nationalism *Ideology and Revolution in Modern Europe* Trygve R. Tholfsen,1984

Enduring Controversies in Military History Spencer C. Tucker,2017-09-21 This provocative examination of major controversies in military history enables readers to learn how scholars approach controversial topics and provides a model for students in the study and discussion of other historical events Why did Alexander the Great s empire fall apart so soon after his death How did France win the Hundred Years War despite England winning its major battles Was slavery the primary cause of the American Civil War Would it have benefited the Allies militarily to have gone to war against Germany in 1938 rather than in 1939 Should women be allowed to serve in combat positions in the U S military All of these questions and many other historical controversies are addressed in this thought provoking reference book By exploring every angle of some of the most contentious debates involving military history this book builds students critical thinking skills by supplying a complete background of the controversial topic to provide context and also by providing multiple perspective essays written by top scholars in the field The perspective essays present arguments for different positions on the controversy Readers will consider the cases for and against whether Hannibal should have marched on Rome after his momentous victory at Cannae whether the United States was justified in using the atomic bomb in Japan whether Adolf Hitler was primarily responsible for the Holocaust and whether torturing prisoners during the War on Terror is warranted among many other historical military debates *The Europe Illusion* Stuart Sweeney,2019-04-01 In *The Europe Illusion* Stuart Sweeney considers Britain s relationships with France and Prussia Germany since the map of Europe was redrawn at Westphalia in 1648 A timely and far sighted study it argues that integration in Europe has evolved through diplomatic economic and cultural links cemented among these three states Indeed as wars became more destructive and economic expectations were elevated these states struggled to survive alone Yet it has been rare for all three to be friends at the same time Instead apparent setbacks like Brexit can be seen as reflective of a more pragmatic Europe where integration proceeds within variable geometry

The Routledge History of East Central Europe Since 1700 Irina Livezeanu,Arpad von Klimo,2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher

Christianity and Culture Collision Cyril Orji,2016-08-17 Drawn from the Conference on World Christianity this provocatively titled book invoking images of culture collision particularity and the global South prompts for profoundly new understandings of apparently polar themes inculturation universality and world Christianity Since the emergence of world Christianity is not an epiphenomenon but central to the question of how the gospel is good news for today s world readers concerned about the

theological issues related to the possibilities for a genuinely new evangelization will find this volume. It will also be of interest to students and scholars of African ecclesiastical history, world Christianity, and interreligious and intercultural dialogue.

Cyril Orji is Associate Professor of theology at the University of Dayton, Ohio, USA. He specializes in systematic and fundamental theology with particular emphasis on the theology and philosophy of Bernard Lonergan, whom he brings into conversation with the works of the American pragmatist and semiotician Charles Sanders Peirce. Dr Orji also collaborates in interreligious dialogue and the intersection of religion and culture, inculturation, postcolonial critical theory, and Black and African theologies, and engages in communal practices of communicative theology in the development of local contextual theologies. He has published numerous articles in various peer-reviewed journals and is the author of *A Semiotic Approach to the Theology of Inculturation* (2015, An Introduction to Religious and Theological Studies, 2015, The Catholic University) and *The Search for Truth* (2013) and *Ethnic and Religious Conflicts in Africa: An Analysis of Bias and Conversion Based on the Work of Bernard Lonergan* (2008).
