Revolution At The Gates A Selection Of Writings From February To October 1917:

Revolution at the Gates V.I. Lenin, 2014-05-20 The idea of a Lenin renaissance might well provoke an outburst of sarcastic laughter Marx is OK but Lenin Doesn't he stand for the big catastrophe which left its mark on the entire twentieth century Lenin however deserves wider consideration than this and his writings of 1917 are testament to a formidable political figure They reveal his ability to grasp the significance of an extraordinary moment in history Everything is here from Lenin the ingenious revolutionary strategist to Lenin of the enacted utopia To use Kierkegaard's phrase what we can glimpse in these writings is Lenin in becoming not yet Lenin the Soviet institution but Lenin thrown into an open contingent situation In *Revolution at the Gates* Slavoj Žižek locates the 1917 writings in their historical context while his afterword tackles the key question of whether Lenin can be reinvented in our era of cultural capitalism Žižek is convinced that whatever the discussion the forthcoming crisis of capitalism the possibility of a redemptive violence the falsity of liberal tolerance Lenin's time has come again

Zizek and Media Studies M. Flisfeder, L. Willis, 2014-04-09 Film media and cultural theorists have long appealed to Lacanian theory in order to discern processes of subjectivization representation and ideological interpellation Here the contributors take up a Žižekian approach to studies of cinema and media raising questions about power ideology sexual difference and enjoyment

From Communism to Capitalism F. Andreescu, 2013-10-24 This book offers an interdisciplinary mode of analyzing transitions from communism and planned economy to democracy and capitalism focusing on how the various social and political transformations are reflected within one hundred Romanian films produced during communism transition and post transition

Counting Islam Tarek E. Masoud, 2014-04-28 This book explains why Islamist parties have dominated the politics of Egypt for the better part of fifty years Analyzing Islamist electoral performance and behavior before and after the 2011 revolution that unseated former dictator Hosni Mubarak this book argues that Islamists win elections not because Egyptians are fundamentalists but because these parties have more organizational resources to call on than their secular rivals

Thinking Nonviolence Ramin Jahanbegloo, 2024-08-30 This

book presents a solid introduction to nonviolence as a mode of thinking and a mode of life but also as a strategy of self defence and social and political transformation Nonviolence is a frequently misunderstood frequently abused term It can be used in very narrow or broad constructs and can be based on a wide variety of philosophies and practices The book will examine several of the main currents of nonviolent thought and practice as approaches that concentrate around the concepts of struggle and resistance By focusing on these two concepts the book will examine the theories and principles of nonviolence as well as the religious and philosophical underpinnings of their commitments The book dwells on the theoretical discussion of the concept and history of nonviolence as a revolutionary concept for a change in mentalities and realities of our societies It brings to the forefront the philosophy of nonviolence as it developed from Socrates to Thoreau Jesus to Dalai Lama The book covers Gandhi Mandela Martin Luther King Jr the advocates and practitioners of non violence in the 20th Century

Zizek's Politics Jodi Dean,2012-12-06 A critical introduction to the political thought of one of the most important original and enigmatic philosophers writing today Zizek's Politics provides an original interpretation and defence of the Slovenian philosopher's radical critique of liberalism democracy and global capital

The Palgrave Handbook of Leninist Political Philosophy Tom Rockmore,Norman Levine,2018-12-19 This intellectually discomfiting disturbingly provocative yet still thoroughly scholarly Handbook reproduces the intellectual ferment that accompanied the Russian Revolution including the wholly polarising effect at that time of Vladimir Ilyich Lenin The Palgrave Handbook of Leninist Political Philosophy does not settle for one safe interpretation of the thought of this world historic figure but rather revels in a clash of viewpoints Most interestingly it presents a contrast between the Western editors who emphasise pure democracy and Marxian humanism with many of the contributing scholars who take a more sanguine view of the Leninist political project Perhaps reflecting the current Western political crisis some of the volume's other European and North American scholars more closely align with their colleagues from the Global South Key Features Places particular emphasis on the key elements of Lenin's thought the dictatorship of the proletariat which is trenchantly defended the nature of the dialectic and the New Economic Policy Additional comprehensive coverage includes the theory of the party Bolshevism imperialism and the class struggle in the countryside Examines the relation of Lenin's thought to the ideas of his most influential contemporaries including Luxemburg Stalin and Trotsky as well as the most eminent thinker to interpret Lenin since his death Gyrgy Lukcs This Handbook is essential reading for scholars researchers and advanced students in political philosophy political theory the history of political ideas economics international relations and world history It is also ideal for the general reader who wishes to understand some of the most powerful ideas that have shaped the modern world and that may yet shake the world again

The Reception of Paul the Apostle in the Works of Slavoj Žižek Ole Jakob Løland,2018-06-20 This is the first book devoted entirely to exploring Žižek's peculiar kind of Paulinism It seeks to provide a full map of the Marxist philosopher's interpretations of Paul and critically engage with it As one of several radical leftists of

European critical thought i ek embraces the legacy of an ancient apostle in fascinating ways This work considers i ek s philosophical and political readings of Paul through the lens of reception history and argues that through this recent philosophical turn to Paul notions of the historical and philosophical are reproduced and negotiated anew *Recalling the Caliphate* S. Sayyid,2022-06-13 As late as the last quarter of the twentieth century there were expectations that Islam s political and cultural influence would dissipate as the advance of westernization brought modernisation and secularisation in its wake Not only has Islam failed to follow the trajectory pursued by variants of Christianity namely confinement to the private sphere and depoliticisation but it has also forcefully re asserted itself as mobilisations in its name challenge the global order in a series of geopolitical cultural and philosophical struggles The continuing if not growing relevance of Islam suggests that global history cannot simply be presented as a scaled up version of that of the West Quests for Muslim autonomy present themselves in several forms local and global extremist and moderate conservative and revisionist in the light of which the recycling of conventional narratives about Islam becomes increasingly problematic Not only are these accounts inadequate for understanding Muslim experiences but by relying on them many Western governments pursue policies that are counter productive and ultimately hazardous for Muslims and non Muslims alike *Recalling the Caliphate* engages critically with the interaction between Islam and the political in context of a post colonial world that continues to resist profound decolonisation In the first part of this book Sayyid focuses on how demands for Muslim autonomy are debated in terms such as democracy cultural relativism secularism and liberalism Each chapter analyses the displacements and evasions by which the decolonisation of the Muslim world continues to be deflected and deferred while the latter part of the book builds on this critique and attempts to accelerate the decolonisation of the Muslim Ummah
