Revolution And The European Experience 1789 1914:

Revolution and the European Experience 1789-1914 K. Post, 1999-08-12 This study argues that the Europe which is now being united was originally the product of the French revolution 1789 95 and then formed by the emergent industrial capitalism Given the prediction and fear that the new working class would launch another revolution which would spread the author investigates why that did not in fact prove to be the case Rather the new working classes were incorporated as part of the dynamics of capitalist development

Capital, Race and Space, Volume I Richard Saull, 2023-05-15 In this first volume of Capital Race and Space Richard Saull offers an international historical sociology of the European far right from its origins in the 1848 revolutions to fascism Providing a distinct and original explanation of the evolution and mutations of the far right Saull emphasizes its international causal dimensions through the prism of uneven and combined development Focusing on the twin political and economic transformations that dominated the second half of the nineteenth century the book discusses the connections between class race and geography in the evolution of far right movements and how the crises in the development of a liberal world order were central to the advance of the far right ultimately helping to produce fascism Volumes I and II of Capital Race and Space were shortlisted for the 2024 BISA IPEG book prize for best book published in the field of IPE in 2023 and subsequently recognised by the IPEG Book Prize Committee as Highly Commended The shortlisted books represent the very best of IPE scholarship cutting across disciplinary boundaries and addressing timely topics

The European Experience Jan Hansen, Jochen Hung, Jaroslav Ira, Judit

Klement, Sylvain Lesage, Juan Luis Simal, Andrew Tompkins, 2023-02-21 The European Experience brings together the expertise of nearly a hundred historians from eight European universities to internationalise and diversify the study of modern European history exploring a grand sweep of time from 1500 to 2000 Offering a valuable corrective to the Anglocentric narratives of previous English language textbooks scholars from all over Europe have pooled their knowledge on comparative themes such as identities cultural encounters power and citizenship and economic development to reflect the complexity and heterogeneous nature of the European experience Rather than another grand narrative the international author teams offer a multifaceted and rich perspective on the history of the continent of the past 500 years Each major theme is dissected through three chronological sub chapters revealing how major social political and historical trends manifested themselves in different European settings during the early modern 1500 1800 modern 1800 1900 and contemporary period 1900 2000 This resource is of utmost relevance to today's history students in the light of ongoing internationalisation strategies for higher education curricula as it delivers one of the first multi perspective and truly European analyses of the continent's past Beyond the provision of historical content this textbook equips students with the intellectual tools to interrogate prevailing accounts of European history and enables them to seek out additional perspectives in a bid to further enrich the discipline

Communists and National Socialists Ken Post, 1997-06-11 A study of the Russian Revolution of 1917 and the coming to power of the Nazis in Germany in 1933 in light of the marxist proposition that revolution would come in advanced capitalist societies The implications of the actual cases for the theory are drawn out and an original theorization of capitalist crisis combining economic and political factors is put forward

Making Waves William G. Martin, 2015-12-03 Making Waves unearths the successive worldwide waves of revolts rebellions and revolutions that have shaken and remade the world from the eighteenth century to the present It challenges us to rethink not only our limited conceptions of social movements but the very character and possibilities of social movements The authors show how successive outbursts of global social protest have undermined world capitalist orders and through both their successes and their failures provided the basis for long periods of stable capitalist rule across all the zones of the world economy The surprises start in the Age of Revolution when the antisystemic wave of slave revolts that led to the Haitian Revolution is related to the systemic effects of their combination with the U S and French Revolutions The analysis comes up to the

present when a wave of post 1989 movements points to quite divergent futures based as in the past on the search for alternatives to communities organized by capital accumulation nation states and the accelerating commodification and fragmentation of human needs identities and desires *The Scribner Library of Modern Europe* John Merriman, 2006-08-01

The time period between the onset of the French Revolution to the outbreak of World War I is one of the most studied periods in history The heavily researched era is singled out in this exciting new five volume set covering the important people and the major events and developments in Europe Broad in scope the contributions of about 600 scholars across the globe are conveniently collected in a single encyclopedia that encompasses all areas of human endeavor With a thoughtful index and accessible prose readers can easily gather specific information or leisurely explore the period s scientific social and cultural history as well as its political military and economic developments The collection of 868 articles illustrates the impact of the French Revolution and Napoleonic era on Europe and the transformation of its political social and cultural institutions by the forces of industrialization nationalism mass politics imperialism great power rivalries and innovative cultural change Each article includes a bibliography some annotated Enlivening the material are sidebars that clarify concepts and provide excerpts from primary source documents Each volume also includes an 8 page color insert and numerous illustrations A chronology and a thematic outline of the contents concisely frames the material in a larger context helping readers build meaningful connections This set links European experience to the history of the rest of the world continuing the Charles Scribner s Sons award winning line from *Ancient Europe* and *Encyclopedia of the Renaissance* through *Europe 1450-1789* *Encyclopedia of the Early Modern World*
