Revolution Televised Christine Acham, 2004 In *Revolution Televised* Christine Acham explores the intersection of popular television and race as witnessed from the documentary coverage of the civil rights and Black Power movements the personal politics of Flip Wilson and Soul Train s Don Cornelius and the ways in which notorious X rated comic Redd Foxx reinvented himself for prime time Reflecting on both the potential of television to effect social change as well as its limitations Acham analyzes Richard Pryor s politically charged and short lived sketch comedy show and the success of outspoken comic Chris Rock *Revolution Televised* illustrates how black television artists operated within the constraints of the television industry to resist and ultimately shape the mass media s portrayal of African American life *Revolution Televised* Christine Acham, Offers a complex reading of African Americans appearing on television in the 1960s and 1970s finding within these programs opposition to white construction of African American identity and the potential of television to effect social change and limitations

Cheers, 2017-07-20 This book seeks to interrogate the representation of Black women in television Cheers explores how the increase of Black women in media ownership and creative executive roles producers showrunners directors and writers in the last 30 years affected the fundamental cultural shift in Black women s representation on television which in turn parallels the political social economic and cultural advancements of Black women in America from 1950 to 2016 She also examines Black women as a diverse television audience discussing how they interact and respond to the constantly evolving television representation of their image and likeness looking specifically at how social media is used as a tool of audience engagement **Girls' Media in the Women's Liberation Era** Kirsten Pike, 2025-09-26 *Girls Media in the Women s Liberation Era* is a critical analysis and cultural history of popular girls media narratives produced in the U S between 1968 and 1980 the era of the second wave feminist movement and girls responses to those narratives Grounded in exhaustive archival research and close analysis of such hits as *The Brady Bunch* and *Family* the book highlights how mainstream media negotiated feminist themes and how liberation era girls talked back especially through letters opinion essays interviews and diaries on a range of media narratives and feminist issues thus demonstrating their crucial involvement in the women s movement and its wider political struggle *Girls Media in the Women s Liberation Era* is a key text for both students and researchers in women s and gender studies media studies children s media American studies cultural studies and sociology *The Channeled Image* Erica Levin, 2022-11-23 A fascinating look at artistic experiments with televisual forms Following the integration of television into the fabric of American life in the 1950s experimental artists of the 1960s began to appropriate this novel medium toward new aesthetic and political ends As Erica Levin details in *The Channeled Image* groundbreaking artists like Carolee Schneemann Bruce Conner Stan VanDerBeek and Aldo Tambellini developed a new formal language that foregrounded television s mediation of a social order defined by the interests of the state capital and cultural elites The resulting works introduced

immersive projection environments live screening events videographic distortion and televised happenings among other forms For Levin the channeled image names a constellation of practices that mimic simulate or disrupt the appearance of televised images This formal experimentation influenced new modes of installation which took shape as multi channel displays and mobile or split screen projections or in some cases experimental work produced for broadcast Above all this book asks how artistic experimentation with televisual forms was shaped by events that challenged television broadcasters claims to authority events that set the stage for struggles over how access to the airwaves would be negotiated in the future

Laughing Mad Bambi Haggins, 2007 In *Laughing Mad* Bambi Haggins looks at how this transition occurred in a variety of media and shows how this integration has paved the way for black comedians and their audiences to affect each other Historically African American performers have been able to use comedy as a pedagogic tool interjecting astute observations about race relations while the audience is laughing And yet Haggins makes the convincing argument that the potential of African American comedy remains fundamentally unfulfilled as the performance of blackness continues to be made culturally digestible for mass consumption
