The Logic of Autonomy Cristina Flesher Eguarte,2005 Revolutionary Europe Gavin Murray-Miller,2020-02-06 CHOICE Outstanding Academic Title 2021 *Revolutionary Europe* is an original examination of radical political movements during Europe s long 19th century It employs both national and transnational contexts incorporating new debates in Atlantic history empire studies and cultural history to give a comprehensive narrative of the period from 1775 to 1922 Rather than assessing revolution as a purely theoretical socially driven force or a structural phenomenon the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis Taking into account various moments of political upheaval during the 19th century including the French Russian and 1848 revolutions it explores the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social economic and governmental change In a wide ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th century age of high nationalism Bulletin Association for Spanish and Portuguese Historical Studies,2000 British National Bibliography for Report Literature ,2003 *Imprints of Revolution* Lisa B. Y. Calvente,Guadalupe García,2016-05-02 What is the significance of the visual representation of revolution How is history articulated through public images How can these images communicate new histories of struggle *Imprints of Revolution* highlights how revolutions and revolutionary moments are historically constructed and locally contextualized through the visual It explores a range of spatial and temporal formations to illustrate how movements are articulated reconstituted and communicated The collective work illustrates how the visual serves as both a mobilizing and demobilizing force in the wake of globalization Radical performances cultural artefacts architectural and fashion design as well as social and print media are examples of the visual mediums analysed as alternative archives that propose new understandings of revolution The volume illustrates how revolution remains significant in visually communicating and articulating social change with the ability to transform our contemporary understanding of local national and transnational spaces and processes
