Revolutionary Change In Cuba:

Revolutionary Change in Cuba Carmelo Mesa-Lago, 1972-01-15 Cuba has been transformed more radically within one decade than almost any society in recent history Yet the Cuban Revolution is poorly understood abroad because of its physical and political isolation the controversies between adherents of the old and new regimes and the murky skirmishes of the cold war This collection of essays is a comprehensive and authoritative study of almost all major aspects of socialist Cuba It draws together the talents of the ablest group of Cuban specialists ever represented in a single volume **Revolutionary**

Reconsidered Samuel Farber, 2007-09-06 Analyzing the crucial period of the Cuban Revolution from 1959 to 1961 Samuel Farber challenges dominant scholarly and popular views of the revolution's sources shape and historical trajectory Unlike many observers who treat Cuba's revolutionary leaders as having merely reacted to U S policies or domestic socioeconomic conditions Farber shows that revolutionary leaders while acting under serious constraints were nevertheless autonomous agents pursuing their own independent ideological visions although not necessarily according to a master plan Exploring how historical conflicts between U S and Cuban interests colored the reactions of both nations leaders after the overthrow of Fulgencio Batista Farber argues that the structure of Cuba's economy and politics in the first half of the twentieth century

made the island ripe for radical social and economic change and the ascendant Soviet Union was on hand to provide early assistance Taking advantage of recently declassified U S and Soviet documents as well as biographical and narrative literature from Cuba Farber focuses on three key years to explain how the Cuban rebellion rapidly evolved from a multiclass antidictatorial movement into a full fledged social revolution **Visions of Power in Cuba** Lillian Guerra,2012 In the tumultuous first decade of the Cuban Revolution Fidel Castro and other leaders saturated the media with altruistic images of themselves in a campaign to win the hearts of Cuba s six million citizens In Visions of Power in Cuba Lillian Gue

Operation Pedro Pan and the Exodus of Cuba's Children Deborah Shnookal,2022-06-28 This in depth examination of one of the most controversial episodes in U S Cuba relations sheds new light on the program that airlifted 14 000 unaccompanied children to the United States in the wake of the Cuban Revolution Operation Pedro Pan is often remembered within the U S as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church s opposition to the island s new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities
