**Nevin Cohen** 

### Robin Hood Was Right A Guide To Giving Your Money For Social Change:

Robin Hood Was Right Chuck Collins, Pam Rogers, Joan P. Garner, 2000 Last year Americans donated 150 billion to charity an amount larger than the U S defense budget Giving has never been more popular possible or for many more confusing There are oceans of need mountains of requests and often little time to examine our preconceptions about money earned inherited bequeathed saved spent and make the best decisions on how to give effectively **Robin Hood was Right** The Busy Family's Guide to Volunteering Jenny Lynn Friedman, 2003 Describes a Vanguard Public Foundation.1977 variety of ways that families can get involved in volunteering despite a busy schedule and explains the many benefits of volunteering for all ages Foundations for Social Change Daniel Faber, Deborah McCarthy Auriffeille, 2005-09-01 This multi disciplinary collection blends broad overviews and case studies as well as different theoretical perspectives in a critique of the relationship between United States philanthropic foundations and movements for social change Scholars and practitioners examine how these foundations support and or thwart popular social movements and address how philanthropic institutions can be more accountable and democratic in a sophisticated provocative and accessible manner Foundations for Social Change brings together the leading voices on philanthropy and social movements into a single collection and its interdisciplinary approach will appeal to scholars students foundation officials non profit advocates and social movement Inspired Philanthropy Tracy Gary, 2008-11-03 This newest edition of the classic book shows how anyone can activists align and integrate values passions and dreams for their communities and families into their plans Inspired Philanthropy explains how to make a difference by creating giving and legacy plans tells what questions to ask nonprofits and spells out how to help partner with advisors and nonprofit leaders for inspired outcomes In addition to overall updates to statistics the new edition includes a discussion of the implications of the Buffett gift to the Gates Foundation new legacy planning tools expanded resources on youth giving circles and communities of color key questions for advisors and donors and worksheets and resources available on the enclosed CD Classified Karen Pittelman, Resource Generation, 2005-12-23 Use your advantage to fight for social change with this resource guide for people with class privilege who are tired of cover ups and ready to figure out how to use privilege for the good of the world The fight for economic justice can draw stark battle lines with the fight portrayed simplistically as Us versus Them with the rich in the role of Them So where does that leave young people with wealth who believe in social change Afraid of being branded the enemy yet deeply committed to social justice they re left in a confusing no man's land This conflict can lead most young people with wealth to keep their privilege hidden making it impossible for them to bring their resources access and connections to the struggle for social change Coauthored by Karen Pittelman who dissolved her 3 million trust fund to cofound a foundation for low income women activists Classified is a resource guide for people with class privilege who are tired of cover ups and ready to figure out how their privilege really works Complete with comics exercises and personal stories this book gives readers the tools they need to put their privilege

to work for social change Creating Change Through Family Philanthropy Alison Goldberg, Karen Pittelman, 2007-01-26 Creating Change Through Family Philanthropy explains how privilege works in our society and how young people can use it to better society Based on the authors experiences with Resource Generation a national nonprofit working with wealthy young progressives the book makes the case for addressing urgent social and economic needs financially It frames controversial topics from power dynamics to grants payout in an accessible way offering next generation readers the tools they need to transform their funds Drawing on over 40 interviews this is an essential guide for both young philanthropists and anyone working with wealthy families interested in ethical giving **Keep Your Donors** Tom Ahern, Simone Joyaux, 2011-01-04 Written by fundraising experts Tom Ahern and Simone Joyaux Keep Your Donors is a new winning guide to making disappointing donor retention rates a thing of the past This practical and provocative book will show you how to master the strategies and tactics that make fundraising communications profitable Filled with case studies and based in part on the CFRE and AFP job analyses Keep Your Donors is your definitive guide to getting new donors and keeping themfor Money Order Gail Shapiro, 2001-08-22 Make Your Money Work for You Thirty or forty years ago most many years to come women depended on a weekly allowance from their husbands to run the household and care for children Although today s women share the breadwinning with their husbands or support families on their incomes alone their money management skills simply haven t kept pace with their earning power It s time for women to embrace a new paradigm doing away with the notion that control of finances is a man s job Like no other book on personal finance Money Order offers a new model for managing your money one that reflects women s constantly changing money needs and helps you develop real financial savvy and resourcefulness Based on Womankind's grassroots Financial Literacy Project Money Order covers all the basics including how to Establish and maintain good credit Save for your children's college education Manage debt Finance car and home purchases Insure yourself and your property Prepare for retirement But it doesn t stop there Packed with insider tips from women financial experts as well as real life stories exercises and useful charts and graphs Money Order is a comprehensive primer that teaches you to treat your money as your greatest asset not as an endless burden Once you have your day to day financial life on track this book will provide you with new options to save spend and invest your money Money Order encourages you to share your financial knowledge with other women and to make meaningful investments that will effect real economic change in your life and the lives of others **Born on Third Base** Chuck Collins, 2016-09-23 A call to action for America's wealthy and a warning shot across the bows of their yachts if they fail to act Born on Third Base offers a clear and compelling case for why the privileged and powerful must act to reverse widening inequality of income wealth and political power in America Robert B Reich former US Secretary of Labor author of Saving Capitalism An essential piece of reading for anyone concerned by the increasing wealth inequality made worse by the global pandemic and political partisanship The growing wealth inequality continues to dominate headlines The divide between the haves and have nots in

America is increasingly political and tensions are rising On one side the wealthy wield power and advantage keeping the system operating in their favor all while retreating into enclaves that separate them further and further from the poor and working class On the other side those who find it increasingly difficult to keep up or get ahead are desperate and frustrated waging a rhetorical war against the rich and letting anger and resentment keep us from seeing new potential solutions But can we suspend both class wars long enough to consider a new way forward Is it really good for anyone that most of society s wealth is pooling at the very top of the wealth ladder Does anyone including the one percent really want to live in a society plaqued by economic apartheid It is time to think differently says longtime inequality expert and activist Chuck Collins Born into the one percent Collins gave away his inheritance at 26 and spent the next three decades mobilizing against inequality He uses his perspective from both sides of the divide to deliver a new narrative Collins calls for a ceasefire and invites the wealthy to come back home investing themselves and their wealth in struggling communities And he asks the non wealthy to build alliances with the one percent and others at the top of the wealth ladder Stories told along the way explore the roots of advantage show how taxpayers subsidize the wealthy and reveal how charity used incorrectly can actually reinforce extreme inequality Readers meet pioneers who are crossing the divide to work together in new ways including residents in the author s own Boston area neighborhood who have launched some of the most interesting community transition efforts in the nation In the end Collins's national and local solutions not only challenge inequality but also respond to climate change and offer an unexpected fresh take on one of our most intransigent problems Strategic Fund Development Simone P. Joyaux, 2011-03-03 The completely revised and expanded edition of a fundraising classic Strategic Fund Development became an instant classic the day the first edition was released Now in this expanded third edition it has been revised cover to cover with relevant new information and useful new tools and resources The book addresses the needs for fundraisers of every level of expertise Experienced development officers find this an invaluable reference tool for educating their colleagues and boards New fundraisers get firm grounding in best practice and what it really takes to do this work Executive directors learn how fundraising fits into the organization and what it takes to make fundraising productive Contains in depth analysis about what makes organizations effective including things like leadership organizational culture decision making processes systems thinking and well managed change Offers comprehensive strategic planning insights with detailed steps sample research tools retreat agendas and complete plans Includes the same tools and resources for fundraising planning This updated classic provides essential insights with an extra bonus purchasers get exclusive access to a website of tools and resources The Nonprofit Sector Walter W. Powell, Richard Steinberg, 2006-01-01 Provides a multi disciplinary survey of nonprofit organizations and their role and function in society This book also examines the nature of philanthropic behaviours and an array of organizations international issues social science theories and insight In Search of the Nonprofit Sector Jonathan B. Imber, 2017-09-04 At a time when boundaries between the nonprofit business and public sectors have grown increasingly

confused and contested this volume by leading experts on nonprofit organizations offers new ideas and frameworks for understanding the terrain that lies between the state and the market The chapters span a broad range of emerging issues including nonprofit commercialism sector bending hybrid organizational forms increasingly sophisticated nonprofit advocacy activities newly hatched forms of volunteerism and philanthropy tensions in public nonprofit contracting and new roles for faith based nonprofits in social provision Contents include Peter Frumkin Charity and Philanthropy After September 11th Joseph M Knippenberg Faith Hype and Charity Constitutional Controversies over Charitable Choice Leslie Lenkowsky The Bush Administration's Civic Agenda and National Service Mark E Warren What is the Political Role of Nonprofits in a Democracy Steven Rathgeb Smith Government and Nonprofits in the Modern Age Is Independence Possible Amy L Sherman Faith in Communities A Solid Investment Stephen V Monsma Nonprofit and Faith Based Welfare to Work Programs Government's Partners or Government's Captives Thomas H Jeavons The Vitality and Independence of Religious Organizations A Once and Future Trend Estelle James Commercialism Does It Help or Hurt the Nonprofit's Mission J Gregory Dees and Beth Battle Anderson Sector Bending Blurring the Lines Between Nonprofit and For Profit David Reingold Scaling up National Service in an Era of Performance Measurement and Accountability In Search of the Nonprofit Sector will be essential reading for scholars and practitioners interested in the pressing management and policy challenges facing nonprofit Strategic Giving Peter Frumkin, 2008-09-15 The philanthropic landscape is changing dramatically as organizations today a new generation of wealthy donors seeks to leave its mark on the public sphere Peter Frumkin reveals in Strategic Giving why these donors could benefit from having a comprehensive plan to guide their giving And with this thoughtful and timely book he provides the much needed framework to understand and develop this kind of philanthropic strategy After listening for years to scores of individual and institutional funders discuss the challenges of giving wisely Frumkin argues here that contemporary philanthropy requires a thorough rethinking of its underlying logic Philanthropy should be seen he contends as both a powerful way to meet public needs and a meaningful way to express private beliefs and commitments He demonstrates that finding a way to simultaneously fulfill both of these functions is crucial to the survival of philanthropy and its potential to support pluralism in society And he goes on to identify the five essential elements donors must consider when developing a philanthropic strategy the vehicle through which giving will flow the way impact will be achieved the level of engagement and profile sought the time frame for giving and the underlying purpose of the gift Frumkin's point is that donors must understand strategic giving as the integration of these five critical dimensions to giving Essential reading for donors researchers and anyone involved with the world of philanthropy Strategic Giving provides a new basis for understanding philanthropic effectiveness and a promising new way for philanthropy to achieve the legitimacy that has at times eluded it Where We Stand bell hooks, 2012-10-02 Drawing on both her roots in Kentucky and her adventures with Manhattan Coop boards Where We Stand is a successful black woman's reflection personal straight forward and rigorously

honest on how our dilemmas of class and race are intertwined and how we can find ways to think beyond them The Power of Legacy and Planned Gifts Kevin Johnson, 2010-03-25 The Power of Legacy and Planned Gifts provides practical knowledge and tools nonprofits need to connect with loyal donors resulting in a stream of future income that will sustain and advance their mission Filled with illustrative real world examples and cases as well as worksheets to guide the reader the book details a simple multi stage process for nonprofits to build a pipeline of future bequest income and offers donors perspective on making their gifts in a way that will best accomplish their goals Praise for The Power of Legacy and Planned Gifts Kevin Johnson has done a great job making clear the process and the implications of a bequest to a charity A nonprofit s workers and its donors will be well served in reading this book Bill Gates Sr author Showing Up for Life Regardless of the size vintage or mission of your organization you can use this book If this is the part of fundraising you have been avoiding Kevin's sensible advice can get your team started and get results sooner than you think Joan Flanagan fundraiser Center for New Community and author Successful Fundraising Bequests are the key for small and medium sized charities to survive and thrive Kevin clearly shows how board and staff can easily develop the comfort and confidence to build effective relations with donors and help them tell their stories and express their deepest values through bequests Oh that we all had this book years ago Roger Ellison vice president for planned giving West Texas Rehabilitation Center Foundation Kevin's insights into donor motivation and the richness of our story have resulted in a substantial increase in planned gifts to our organization Karlene McCabe executive director Greenbelt Land Trust Note CD ROM DVD and other supplementary materials are not included as part of eBook file Class and the College Classroom Robert C. Rosen, 2013-08-29 We have long been encouraged to look to education especially higher education for the solution to social problems particularly as a way out of poverty for the talented and the hard working But in its appointed role as the path to upward mobility that makes inequality more acceptable higher education is faltering these days As funds for public institutions are cut and tuition costs soar everywhere as for profit education races into the breach and as student debt grows wildly the comfortable future once promised to those willing to study hard has begun to fade from sight So now is a good time to take a more serious look at the ways class structures higher education and the ways teachers can bring it into focus in the classroom In recent decades scholarly work and pedagogical practice in higher education have paid increasing attention to issues of race class gender and sexuality But among these four terms of analysis and clearly they are interrelated class is often an afterthought and work that does examine class and higher education tends to focus only on admissions on who is in the college classroom not on what happens there Class and the College Classroom offers a broader look at the connections between college teaching and social class It collects and reprints twenty essays originally published in Radical Teacher a journal that has been a leader in the field of critical pedagogy since 1975 This wide ranging and insightful volume addresses the interests concerns and pedagogical needs of teachers committed to social justice and provides them with new tools for thinking and teaching about class Community Practice David A.

Hardcastle, Patricia R. Powers, Stanley Wenocur, 2004 Community Practice is a comprehensive resource for social workers and students eager to learn how to practice effectively in complex systems and diverse communities In this completely revised edition of the definitive text in the field the authors have thoroughly updated each chapter and added two entirely new chapters on community building and community organizing New material on topics such as negotiation and mediation community advocacy participatory rural appraisal the narrative approach to social change community involvement representative client boards and the latest in grassroots endeavors make this text as inspiring as it is practical Drawing upon the wealth of information available from local organizations the Internet newspapers and academic journals the authors introduce contemporary experiments and analyze classic modes of community practice and change The content exercises and references offer instructors the flexibility necessary to tailor their courses to undergraduate graduate and doctoral level students This new edition will continue to provide a comprehensive and integrated overview of the theory and skills fundamental to all areas of social work practice Broad in scope it offers students as well as practitioners the tools necessary to promote the welfare of individuals and communities **Green Business** Nevin Cohen, 2011-06-28 Annotation Presenting 150 signed entries this book provides an overview of key principles approaches strategies and tools businesses have used to reduce environmental impacts and contribute to sustainability **Economic Apartheid In America** Chuck Collins, Felice Yeskel, 2011-05-10 This updated edition of the widely touted Economic Apartheid in America looks at the causes and manifestations of wealth disparities in the United States including tax policy in light of the 2001 and 2003 tax cuts and recent corporate scandals Published with two leading organizations dedicated to addressing economic inequality the book looks at recent changes in income and wealth distribution and examines the economic policies and shifts in power that have fueled the growing divide Praised by Sojurners as a clear blueprint on how to combat growing inequality Economic Apartheid in America provides much needed groundwork for more democratic discussion and participation in economic life Tikkun With a wealth of eye opening data The Beacon focusing on the decline of organized labor and civic institutions the battle over global trade and the growing inequality of income and wages it argues that most Americans are shut out of the discussion of the rules governing their economic lives Accessible and engaging and illustrated throughout with charts graphs and political cartoons the book lays out a comprehensive plan for action
