Brown,2019-01-08 Music can either Connect You to God or Drive You to the Devil God created the human race to enjoy music and to make music and through music the world has been dramatically changed for good and for evil In this fascinating book Michael L Brown takes the reader on a journey through the history of music from classical to rock and from hip hop to gospel showing just how transformative music has been and how much God wants to use it to change the world again Brown contends that it is time for all Christians to make a concerted effort to recover the potential of anointed music and song in our assemblies and in society in our services and on the streets in studios and in schools The counterculture revolution of the 1960s only succeeded with the help of satanically inspired music and mind altering drugs Could it be that today s Jesus revolution can only succeed with the help of Spirit inspired music and a life altering encounter with God What else will produce the necessary change in our perspective After reading this book believers will never again listen to music the same They will finally understand its power and divine origin but more importantly they will know how God wants to use it to usher in a global outpouring that will change the world forever This book will show you how music can either indoctrinate or educate you spark rebellion or patriotism and drive you to the devil or draw you closer to God This book will stir up musicians artists and worshippers everywhere to dive deeper into an appreciation and adoration of the One Himself who created sounds songs and melodies BECKAH SHAE Dove Award Nominated Singer Songwriter Musicians and non musicians alike will be inspired by the powerful ways God intends to use music in today s end time drama BOB SORGE Author of Exploring Worship A Practical Guide to Praise and Worship Dr Brown has written a must read for all musicians singers and songwriters who desire to harness the power of music to glorify Jesus change the atmosphere and release heaven s sound on the earth KELANIE GLOECKLER Worship Leader and Songwriter Executive Director of Access Worship International *The 1950s* William H. Young,2004-04-30 Have the 1950s been overly romanticized Beneath the calm conformist exterior new ideas and attitudes

were percolating This was the decade of McCarthyism Levittowns and men in gray flannel suits but the 1950s also saw bold architectural styles the rise of paperback novels and the Beat writers Cinema Scope and film noir television variety shows the Golden Age of the automobile subliminal advertising fast food Frisbees and silly putty Meanwhile teens attained a more prominent role in American culture with hot rods rock n roll preppies and greasers and gasp juvenile delinquency At the same time a new technological threat the atom bomb lurked beneath the surface of the postwar decade This volume presents a nuanced look at a surprisingly complex time in American popular culture All Shook Up Glenn C. Altschuler, 2003-08-07 The birth of rock n roll ignited a firestorm of controversy one critic called it musical riots put to a switchblade beat but if it generated much sound and fury what if anything did it signify As Glenn Altschuler reveals in All Shook Up the rise of rock n roll and the outraged reception to it in fact can tell us a lot about the values of the United States in the 1950s a decade that saw a great struggle for the control of popular culture Altschuler shows in particular how rock s switchblade beat opened up wide fissures in American society along the fault lines of family sexuality and race For instance the birth of rock coincided with the Civil Rights movement and brought race music into many white homes for the first time Elvis freely credited blacks with originating the music he sang and some of the great early rockers were African American most notably Little Richard and Chuck Berry In addition rock celebrated romance and sex rattled the reticent by pushing sexuality into the public arena and mocked deferred gratification and the obsession with work of men in gray flannel suits And it delighted in the separate world of the teenager and deepened the divide between the generations helping teenagers differentiate themselves from others Altschuler includes vivid biographical sketches of the great rock n rollers including Elvis Presley Fats Domino Chuck Berry Little Richard Jerry Lee Lewis and Buddy Holly plus their white bread doppelgangers such as Pat Boone Rock n roll seemed to be everywhere during the decade exhilarating influential and an outrage to those Americans intent on wishing away all forms of dissent and conflict As vibrant as the music itself All Shook Up reveals how rock n roll challenged and changed American culture and laid the foundation for the social upheaval of the sixties Pop Goes the Decade Ralph G. Giordano, 2017-06-05 Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a

broad avenue for change either intentionally or by accident

A Brief History of Rock, Off the Record Wayne Robins, 2016-03-31 The birth of rock n roll signaled the blossoming of a new teenage culture dividing generations and introducing a new attitude of rebellion and independence From Chuck Berry to the Beatles from punk rock to hip hop rock n roll has continuously transformed alongside or in reaction to social cultural and political changes A Brief History of Rock Off the Record is a concise introduction to rock history and the impact it has had on American culture It is an easy to read vivid account written by one of rock s leading critics Pulling from personal interviews over the years Wayne Robins interweaves the developments in rock music with his commentary on the political and social events and movements that defined their decades

Civil Rights

Music Reiland Rabaka,2016-05-03 While there have been a number of studies that have explored African American movement culture and African American movement politics rarely has the mixture of black music and black politics or rather black music as an expression of black movement politics been explored across several genres of African American movement music and certainly not with a central focus on the major soundtracks of the Civil Rights Movement gospel freedom songs rhythm blues and rock roll Here the mixture of music and politics emerging out of the Civil Rights Movement is critically examined as an incredibly important site and source of spiritual rejuvenation social organization political education and cultural transformation not simply for the non violent civil rights soldiers of the 1950s and 1960s but for organic intellectual artist activists deeply committed to continuing the core ideals and ethos of the Civil Rights Movement in the twenty first century Civil Rights Music The Soundtracks of the Civil Rights Movement is primarily preoccupied with that liminal in between and often inexplicable place where black popular music and black popular movements meet and merge Black popular movements are more than merely social and political affairs Beyond social organization and political activism black popular movements provide much needed spaces for cultural development and artistic experimentation including the mixing of musical and other aesthetic traditions Movement music experimentation has historically led to musical innovation and musical innovation in turn has led to new music that has myriad meanings and messages some social some political some cultural some spiritual and indeed some sexual Just as black popular movements have a multiplicity of meanings this book argues that the music that emerges out of black popular movements has a multiplicity of meanings as well [Social Dancing in America: Lindy Hop to Hip Hop, 1901-2000](#) Ralph G. Giordano,2007 Describes the history of social dancing in the United States from the complicated early set dances to modern breakdancing and the recent revival of swing discussing how why and with whom Americans have danced **Crossroads** Elizabeth F. Barkley,2007 Innovative and lively this comparative and integrative study of the multicultural music of the United States explores the music of Native Americans European Americans African Americans Latino Americans and Asian Americans the five broad groups that constitute American society and that have complex unique and often intermingled musical traditions that are reflected in contemporary American music It features a blended historical social ethnic and musical approach strong contemporary focus and coverage of a wide variety of musical styles Music in Multicultural America Native American Music Traditions The Roots of European Anglo American Music Traditions The Roots of African American Music Traditions The Roots of Hispanic Latino Music Traditions The Blues Jazz Gospel Cajun and Zydeco Country The Urban Folk Revival The Ethnic and Racial Roots of Rock n Roll Motown Soul and Funk Tejano Banda and Contemporary Mexican Caribbean and Salsa Asian American Music Hip Hop and Rap For anyone interested in American Popular Music **Rock 'n' Roll Dances of the 1950s** Lisa Jo Sagolla,2011-09-12 This descriptive and analytic study examines how 1950s rock n roll dancing illuminates the larger cultural context out of which the dancing arose Rock n Roll Dances of the 1950s provides a fresh highly animated lens through which to observe and understand the

cultural climate of 1950s America examining not only the steps and aesthetic qualities of rock n roll dances but also their emblematic meanings Exploring dance as a reflection and expression of cultural trends the book takes a sharply analytical look at rock n roll dances from the birth of the genre in the mid 1950s to the decade s end Readers will explore the emergence of teen culture in the 50s rock n roll s association with delinquency and the controversy ignited by the physical movements of early rock n roll artists They will learn about the influence of black culture on 1950s dances and about the trendsetting TV show American Bandstand Particularly telling for those wishing to grasp the underlying tensions of the decade is a discussion of the dance floor as a platform for racial integration
