found new life as a school for freed slaves From two Gulf Coast landmarks both lost to Hurricane Katrina to the mysteriously misplaced facades of Hernando's White House and Columbus's Flynnwood these homes mark high points in the broad sweep of Mississippi history and the state's architectural legacy Miller tells the stories of these homes through accounts from the families who built and maintained them These structures run the stylistic gamut from Greek revival to Second Empire and their owners include everyone from Revolutionary era soldiers to governors and scoundrels

**The Other Fifties** Joel Foreman, 1997 From the Edsel to Eisenhower from Mau Mau to Doris Day and from Ayn Rand to Elvis contributors to *The Other Fifties* topple the decade's already weakened image as a time of unprecedented peace prosperity and conformity Representing the fifties as a period of cultural transformation contributors reveal the gradual unmaking of traditions and value systems that took place as American culture prepared itself for the more easily observed cultural turbulence of the 1960s Well known contributors demonstrate how television the novel the Hollywood movie the Broadway musical and rock and roll assaulted midcentury American attitudes toward sexuality race gender and class so altering public sensibilities that what was novel or shocking in the fifties seems tame or even downright difficult to grasp today They also rebut the widely held view that 1950s consumerism led to cultural homogeneity replacing this view with a picture of robust popular markets that defied conservative controls and actively subverted conventional norms and values Brushing away the haze of an era *The Other Fifties* will help readers understand the decade not as placid or repressed but as a time when emancipatory desires struggled to articulate themselves
