Moments you'll be reassured that maybe there is hope for us all. Mix in historical dramas like *The Bridge on the River Kwai* and Gandhi stories of personal heroism like *Hotel Rwanda* and *Schindler's List* and the irresistible *Up and Down the River* and things will be looking well up.

The Beatles in Mono Andrew Hickey, 2010-10-15 In *The Beatles in Mono* Andrew Hickey examines track by track the Beatles work as it was originally created in mono. Going through the 2009 *The Beatles in Mono* box set he looks at the band's influences, their musical techniques and the progression of their career from *Love Me Do* through to *Get Back*. As a bonus, this edition also contains appendices giving brief overviews of the stereo-only material the band recorded as well as non-canon albums like the *Anthology* series *Live at the BBC* and *Liverpool Sound Collage*. A splendid time is guaranteed for all.

Status Quo Graeme Stroud, 2017-12-17 Every song on every album by the classic line-up dissected and discussed. The stories behind the songs, their context within the parent albums and the times they were written and recorded. The release date of every single and B-side track. What the band and critics had to say about their musical development. After their initial inception as a schoolboy band in 1962 and following a number of band name and personnel changes, Status Quo eventually hit the charts in 1968 with the massive hit single *Pictures of Matchstick Men*. However, it was not until they ditched their psychedelic duds and took on the denim, accompanied by a radical gearshift from teenage-friendly pop to out-and-out electric boogie, that they came into their own, defining the rock music genre for many throughout the Seventies. A raft of hugely successful albums followed that are still held in awe by an army of loyal fans. The release of *Piledriver* in 1972 heralded a purple patch in which twelve consecutive long players charted in the UK Top 10. The classic Frantic Four line-up of Rossi, Parfitt, Lancaster and Coghlan started to disintegrate in 1981 and eventually imploded in 1985. Although they have gone on to post over sixty UK chart hits in six separate decades, Status Quo *Song by Song* focuses on those days of glory from their earliest recordings until the demise of the classic line-up.

Lilian Gideon Cornfield, 2012-11 Interesting books are populated by exceptional people. Drama begins when social, political and psychological conditions are out of the ordinary. Nature was in no mood for understatement when she created Lilian Kert Cornfield, whose eventful and near-century-long voyage through life would be hard to find between the covers of any novel. Most women want to be loved for what they are, while men seek recognition for what they accomplish. Lilian came to Jerusalem soon after the end of Ottoman rule, where she met and married her sabra husband Gaalya. She broke the mold as a career woman long before that became fashionable. She was a progressive nutritionist, ever innovative, always seeking out what was best in the other person. She refused to take no for an answer; no position she applied for was denied her, and when she decided to learn to drive at age sixty, doggedly repeated the test six times until her license was granted. Perhaps it should not have been. Lilian was too busy all her life to pay attention to the clock. Well into her eighties, she swam in the ocean daily, summer and winter. She observed the aging and deaths of her contemporaries with clinical detachment, as if she herself was exempt. She participated actively in the rebuilding of modern Israel, served as a dietician in UNRRA during WWII and was wounded in an aerial attack.
