Rockefeller Internationalist:

Rockefeller "Internationalist" Emanuel M. Josephson, 2018-12-01 In *Rockefeller Internationalist The Man Who Misrules the World* which was first published in 1952 author Emanuel M Josephson purports to expose the global conspiracy between the Rockefeller family and the Axis powers Alleging that the Rockefeller Institute of Pacific Relations controlled the spy ring responsible for the attack on Pearl Harbor the author goes to great lengths to describe the links between the Rockefellers and companies such as IG Farben which supported Hitler's concentration camps as well as links between the Rockefeller family and Stalin in an effort to establish a global society An interesting and important historical document **Rockefeller Internationalist** Emanuel M. Josephson, 2011-01-01 carefully prepared retypeset edition of the 1945 original does NOT contain any OCR gobbledygook **Right-Wing Populism in America** Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America *International Health Organisations and Movements, 1918-1939* Paul Weindling, 1995-07-20 A series of original studies on inter war international health and welfare organisations The Rockefeller Syndrome Ferdinand Lundberg, 2017-12-17 In this monumental study Lundberg traces the illegal origins of the family fortune and follows its growth and effects down through today He is at his best when he zeroes in on the grandsons John the third Laurance Winthrop Nelson and David They are America's shadowy guides with their fingers into hundreds of pies And here is the carefully researched tale of who they are how they operate and what they're done with what they're won Won by inheritance that is Nor does Lundberg neglect the Cousins the great grandchildren of John D Senior who will one day inherit it all THE ROCKEFELLER SYNDROME is no mere chit chat biography It is a wide ranging study of wielded power and money in action It is the chronicle of the on going milking and deception of the American wage earner and taxpayer It explains clearly how those much hailed philanthropies are but one more heavy burden on the inflation laden tax weary backs

the dark and secret heart of American political history one that is poisoning the bloodstream of an increasingly sick body politic Meticulous scholarship essential context for understanding our present mess Survival Global Politics and Strategy Incisive and engaging Konda's assessment of the new dynamics of conspiracy theories in contemporary US politics is a significant contribution Written with a clarity of expression rare in academic writing the book is accessible to a wide readership Choice

The Secret Founding of America Nicholas Hagger, 2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 The Secret Founding of America introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical

realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America's history from Civil War to today's global struggles for democracy *Conspiracy Theories in American History* Peter Knight,2003-12-11

The first comprehensive history of conspiracies and conspiracy theories in the United States *Conspiracy Theories in American History An Encyclopedia* is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy From the Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets and motivations of the people promoting them the real impact of society's reactions to conspiracy fears warranted or not and the verdict when verifiable that history has passed on each case *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library.
