Rod Carew's Art And Science Of Hitting:

Rod Carew's Art and Science of Hitting Rod Carew, Frank Pace, Armen Keteyian, 1986 Rod Carew's Hit to Win Rod Carew, Frank Pace, Armen Keteyian, 2012-06-12 In the more than 40 years since Rod Carew debuted in the big leagues he's watched thousands of great and not so great hitters while discerning the fundamentals of success at the plate. Countless hours spent experimenting, watching video and refining his own techniques have helped transform Carew from one of the game's best hitters to one of its most revered teachers. Rod Carew's *Hit to Win* teaches hitters how to develop their own swing, stance and plate approach all within the framework of solid fundamentals. Detailed photos and diagrams help students envision and execute success at the plate. Carew's hitting philosophy is featured here as well, with a focus on the mental and psychological battle between a hitter and a pitcher. Carew encourages his students to be creative and flexible in the batter's box, making Rod Carew's *Hit to Win* the ideal instructional tool for hitters of all ages and skill levels. *African-American Sports Greats* David L. Porter, 1995-10-30 African American athletes have played a significant role in the development and popularity of American professional sports and have encountered numerous obstacles on the road to athletic success. This is the first comprehensive multi-sport biographical dictionary of African Americans who reached the pinnacles of success in their sport. It contains more personal and career profiles of African American sports greats than are found in any other single source. Biographical profiles of 166 noted athletes, coaches and administrators in team and individual sports include both historical figures such as Jesse Owens and Satchel Paige and contemporary stars such as Charles Barkley, Ken Griffey Jr., Michael Jordan, Jackie Joyner Kersee, Shaquille O'Neal and Emmitt Smith. Forty-four sports historians contributed the colorfully written biographies, which blend both personal background information and athletic career accomplishments. All information is current through the middle of 1995. The dictionary covers the contributions made by African American greats in football, baseball, basketball, track and field, boxing, wrestling, auto and stock car racing, golf, thoroughbred racing, tennis, cycling and figure skating. More than two-thirds of the entries represent team sports. The dictionary is organized alphabetically by person. Each colorfully written profile is 800-1,000 words in length and traces the subject's personal life, family and educational background, personal struggles, career accomplishments, records, set statistical data, awards and honors, and overall impact, and features lively quotations by and about the sports luminaries. Each entry contains a handy bibliography of books and articles about the subject. Biographies of managers, coaches and club executives describe their teams, statistical achievements, accomplishments, strategy and sports impact. A general introduction traces the historic struggle of African American athletes in professional and Olympic sports, and appendices provide alphabetical listings of biographical entries and entries by sport. A selection of photos complements the profiles. For the sports fan or librarian, this is a first stop for biographical information that captures the personality of the athlete and includes all the pertinent information about his or her accomplishments. It is an essential addition to the reference sections of junior high, high school and public

libraries Latino Athletes Ian C. Friedman, 2014-05-14 Provides short biographies of more than 175 notable Hispanic American athletes **The Holy Trinity of American Sports** Craig A. Forney, 2010 The Holy Trinity of American Sports explores how football baseball and basketball interact to illustrate civil religion in the United States These three sports mark movement through one year in the country providing extended seasons to supplement holidays like Memorial Day and the Fourth of July Year after year they generate ritual actions of daily weekly yearly and once in a lifetime significance Football baseball and basketball portray three core stories of national worldview Football depicts stories about the realities of life within history while baseball expresses mythic aspiration for an ideal future Basketball presents narrative of irreversible progress story of fast paced movement to highly productive conditions Through stories of life the three games convey doctrines about the source of truth where to find knowledge of truths and how to solve problems Beyond doctrinal convictions they disclose ethical beliefs of the nation for the worst best and most common situations Functioning as a unit the sports trinity communicates commitments to certain social arrangements offering directives for interaction with people outside and inside the country Football baseball and basketball possess great importance in the United States because they provide comprehensive and detailed illustration of American beliefs **Money Players** Armen Keteyian, Harvey Araton, Martin F. Dardis, 1998 Includes a new chapter exclusive to the paperback edition Three of America's top sports journalists have teamed up to investigate the politics of the National Basketball Association This work chronicles one season in the NBA and shows the systematic cover up of corruption over the years including scandals involving some of the biggest names in the sport today 16 page photo insert *Tiger Woods* Jeff Benedict, Armen Keteyian, 2019-04-02 1 New York Times Bestseller A whirlwind of a biography that reads honest and true The Wall Street Journal There is beauty and awe in this perfectly pitched biography The New York Times Comprehensive propulsive and unsparing The New Yorker Based on years of reporting and hundreds of interviews with people from every corner of Tiger Woods's life this is a searing biography of golf's most blazing talent GOLF Magazine who has made one of the most remarkable comebacks of all time In 2009 Tiger Woods was the most famous athlete on the planet a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life But it turned out he had been living a double life for years one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff In this searing biography of golf's most blazing talent GOLF magazine Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade who is Tiger Woods really Drawing on more than four hundred interviews with people from every corner of Woods's life many of whom have never spoken about him on the record before Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention grabbing father and the original Tiger Mom to be the chosen one to change not just the game of golf but the world as well But at what cost Benedict and Keteyian provide the startling answers in

this definitive biography that is destined to linger in the minds of readers for years to come Irresistible Immensely readable Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true The Wall Street Journal Ultimately Tiger Woods is a big American story exhilarating depressing tawdry and moving in almost equal measure The New York Times **Ebony** ,1986-07 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Library Media Connection** ,1986 Sailing Upwind James Winnefeld,2023-04-15 Sailing Upwind is more than just another memoir of a distinguished former naval officer s highly diverse career This book by Admiral James Sandy Winnefeld is also intended to offer useful reflections regarding how he accepted and managed risk along the way as well as a concise description of the qualities one must develop to become a successful leader Winnefeld began his career as an F 14 fighter pilot and TOPGUN instructor commanded an aircraft carrier and then served in a variety of flag officer billets on the way to becoming the Vice Chairman of the Joint Chiefs of Staff This book describes in an entertaining and humble manner how that journey unfolded and the lessons he attaches to it The reader learns what it is like to become a Navy fighter pilot and to fly fight and takeoff and land from an aircraft carrier including a harrowing description of ejecting from an F 14 at night far from land Winnefeld describes the culture of excellence at the real TOPGUN and the Navy s nuclear propulsion program He recounts how he learned to lead the men and women who operate at every level of Navy operational command from squadron to ship to fleet Finally the author presents a behind the scenes look at how decisions are made at the highest levels of government regarding whether and how those forces will be used and how they are acquired In the process Winnefeld provides descriptions of how by challenging existing assumptions and processes and through relentless creativity he was able to lead change He reflects on how the risk associated with such changes should be accepted and managed The title Sailing Upwind in which a sailboat must be operated against a prevailing force field to make progress in the right direction is an apt metaphor for the bent for pushing against the system Winnefeld describes throughout the book Best MLB Hitters of All Time Will Graves,2014-01-01 Although the stars change with each generation the legends live on forever This title introduces those legends past and present with colorful stories about their most memorable moments With spotlight stats info boxes a glossary additional resources and more this title is jam packed with information fit for any baseball fan Aligned to Common Core Standards and correlated to state standards SportsZone is an imprint of Abdo Publishing a division of ABDO **Baseball History** ,1987 **Public Library Catalog** ,1989 *Beisbol* Michael M. Oleksak,Mary Adams Oleksak,1996 **Ditka** Armen Keteyian,1992 Millions of Americans see Mike Ditka as the most competitive man on earth The National Football League s most controversial intimidating and charismatic coach Ditka is an intense monster of a man who embodies not only Chicago and its Bears but the American Dream With the Bears bizarre 1991 season as a backdrop award winning sports journalist Armen Keteyian unearths the Mike Ditka that fans never see drawing on over two hundred interviews with

Ditka's current players among them Jim Harbaugh, Mike Singletary, and Kevin Butler, friends, classmates, former teammates, business associates, and family members, including a rare interview with his father. For the first time, Ditka's image is stripped away to reveal the successes and failures resulting from his life-long obsession with winning. Ditka the coach: He's the winningest NFL coach of the 1980s, one hundred and one regular season triumphs in ten years. His crowning achievement was capturing Super Bowl XX with a team led by Jim McMahon, Walter Payton, and William "The Refrigerator" Perry, a team poised to become a dynasty. Ditka the father: He's a philanthropist and fund-raiser who's raised millions of dollars for disabled children yet has rarely connected with his own kids. Ditka the businessman: He's made millions of dollars yet still suffered staggering losses, leaving a trail of failed enterprises. Ditka the man: He owns antique cars and collects fine wines. His estimated income is more than five million dollars a year. Despite his wealth, he boasts of being a common man, but when common men question or criticize his decisions, he dismisses them as losers in life. 100 a week guys. Keteyian shows how Ditka's personality was forged in a Pennsylvania steel mill town by a doting mother and a distant father who considered praise a poison. Dreading a life in the mills, Ditka used football as his ticket out. He won the Rookie of the Year award with the Bears in 1961 and until this year was the only tight end ever inducted into the Hall of Fame. During his playing career, injuries, drinking, and carousing caught up with him, but nothing could stop Mike Ditka from becoming one of the greatest coaches in football today. Perhaps the most compelling insight in *Ditka: Monster of the Midway* is this: Despite his 1988 heart attack and a dramatic moment of self-realization a year later, after hearing the born-again testimony of an ex-NFL player, an event that has gone unreported until now, Ditka remains a man tied to one constant in life. It has left him suffering innumerable personal losses. In *Ditka: Monster of the Midway*, Armen Keteyian reveals the many sides of the walking, talking contradiction that is Iron Mike Ditka. An astute analysis of how a future football dynasty fell apart, *Ditka: Monster of the Midway* is also the story of the 1991 football season, one of Ditka's finest as a coach and one that will prove crucial to his future. *Ditka: Monster of the Midway* is sports reporting at its best, the most comprehensive and hardest hitting account of the life and times of Mike Ditka and his Chicago Bears.
