**Anza**<sup>\*</sup>,1989      **The Central Liberal Truth** Lawrence E. Harrison,2008-07-08 Which cultural values beliefs and attitudes best promote democracy social justice and prosperity How can we use the forces that shape cultural change such as religion education and political leadership to promote these values in the Third World and for underachieving minorities in the First World In this book Lawrence E Harrison offers intriguing answers to these questions in a valuable follow up to his acclaimed Culture Matters Drawing on a three year research project that explored the cultural values of dozens of nations from Botswana Sweden and India to China Egypt and Chile Harrison offers a provocative look at values around the globe revealing how each nation s culture has propelled or retarded their political and economic progress The book presents 25 factors that operate very differently in cultures prone to progress and those that resist it including one s influence over destiny the importance attached to education the extent to which people identify with and trust others and the role of women in society Harrison pulls no punches and many of his findings are controversial Contradicting the arguments of multiculturalists this book contends that when it comes to promoting human progress some cultures are clearly more effective than others It convincingly shows which values beliefs and attitudes work and how we can foster them Harrison takes up the question that is at the center of politics today Can we self consciously change cultures so they encourage development and modernization David Brooks New York Times I can think of no better entrance to the topic both for what it teaches and the way it invites and prepares the reader to continue A gateway study David S Landes author of The Wealth and Poverty of Nations

**Return of the Primitive (2001)** Richard K. Fenn, 2017-07-12 This title was first published in 2001 This work presents a sociological theory of religion Richard K Fenn demonstrates that the shape of the sacred depends on what aspects of the psyche and of the environment seem to be beyond the pale of the human and the social that is the primitive Whatever is anti social or subhuman and whatever subverts the reign of convention or whatever defies notions of reason represents the primitive Indeed the primitive represents the range of possibilities that excluded us from any society or social system That is why hell is so often populated by those who are partly bestial or crooked and corrupting If there is to be a renewal of Christian thinking and aspiration in our time it has to come from a rediscovery of the dream not only in the metaphorical sense of a vision perhaps of racial equality but in the quite literal sense of the individual's own reservoir of suppressed and unconscious memories and yearnings magical thinking and wounded or grandiose self imagery *Lonely Planet Pocket Paris* Lonely Planet, Catherine Le Nevez, 2017-01-01 Lonely Planet The world's leading travel guide publisher Lonely Planet Pocket Paris is your passport to the most relevant up to date advice on what to see and skip and what hidden discoveries await you Watch the sunset from the steps of Sacre Coeur shop the flea markets and the Grands Boulevards or start your day at the best patisseries all with your trusted travel companion Get to the heart of the best of Paris and begin your journey now Inside Lonely Planet Pocket Paris Full colour maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sight seeing going out shopping hidden gems that most guidebooks miss User friendly layout with helpful icons and organised by neighbourhood to help you pick the best spots to spend your time Covers Eiffel Tower

Kline, 2013-09-11 Digital gaming s cultural significance is often minimized much in the same way that the Middle Ages are discounted as the backward and childish precursor to the modern period Digital Gaming Reimagines the Middle Ages challenges both perceptions by examining how the Middle Ages have persisted into the contemporary world via digital games as well as analyzing how digital gaming translates adapts and remediates medieval stories themes characters and tropes in interactive electronic environments At the same time the Middle Ages are reinterpreted according to contemporary concerns and conflicts in all their complexity Rather than a distinct time in the past the Middle Ages form a space in which theory and narrative gaming and textuality identity and society are remediated and reimagined Together the essays demonstrate that while having its roots firmly in narrative traditions neomedieval gaming where neomedievalism no longer negotiates with any

reality beyond itself and other medievalisms creates cultural palimpsests multiply layered trans temporal artifacts Digital Gaming Re imagines the Middle Ages demonstrates that the medieval is more than just a stockpile of historically static facts but is a living subversive presence in contemporary culture Love Burns Bright Rien Gray,2022-06-28 Love always comes with a price No one knows that better than Justine Her freedom has cost two bodies and counting but now that she s back in the United States the only thing she can think about is seeing her parents again After an abusive marriage kept Justine away from them for ten years she s returning to New York City a changed woman and with the assassin she loves in tow Campbell lost what little family they had years ago and their cover as a killer relies on never attracting attention Publicly playing Justine s rich lover risks stripping that mask away but Campbell is willing to give her anything no matter how dangerous Everything comes to a head the night Justine and Campbell touch down in New York Their friend Sofia is kidnapped by her Mafia relatives and held for ransom The trade Her life for that of a vicious mob boss And the clock s ticking As Campbell plans the kill the lies they share with Justine start to strain their relationship and even a second s exposure will destroy everyone they care about It only takes one spark to start a blaze and this fire could bring the whole city down with them
