Traitor Or Patriot Denis

Gwynn, 2013-10 This is a new release of the original 1931 edition **The Life and Death of Roger Casement** Dennis Gwynn, 1934 *The Life and Death of Roger Casement* Denis Gwynn, 1934 **Britain's Most Notorious Hangmen** Stephen Wade, 2009-07-16 A breathtaking history of Britain's executioners from the seventeenth court of King Charles II to the UK's last official hangman of the twentieth century In 1663 Jack Ketch delighted in his profession and gained notoriety not only because of those he executed dukes and lords but for how often he botched the job Centuries later in 1965 after nearly six hundred trips to the gallows Albert Pierrepoint retired as Britain's longest running executioner Between them are three hundred years in a fascinating history of crime and the turn of men who handled the penalties many of them criminals themselves doing the grim work to save their own necks Britain's Most Notorious Hangmen tells the stories of the men who plied their deadly trade at Tyburn tree or at the scaffolds in the prison yards across the country including such notable neck stretchers as Throttler Smith and the celebrated James Billington But true crime historian Stephen Wade explores the lives and crimes of many of the infamous killers that were hanged as well He also sheds light on the changing social norms of the country and the moral dilemmas that arose for hangmen tasked with performing what was once considered the most crowd pleasing free entertainment ever offered to the public Irish Political Prisoners 1848-1922 Professor Sean

McConville, 2005-08-19 This is the most wide ranging study ever published of political violence and the punishment of Irish political offenders from 1848 to the founding of the Irish Free State in 1922 Those who chose violence to advance their Irish nationalist beliefs ranged from gentlemen revolutionaries to those who openly embraced terrorism or even full scale guerilla war Se n McConville provides a comprehensive survey of Irish revolutionary struggle matching chapters on punishment of offenders with descriptions and analysis of their campaigns Government's response to political violence was determined by a number of factors including not only the nature of the offences but also interest and support from the United States and Australia as well as current objectives of Irish policy The History and Politics of Exhumation Michael L. Nash, 2019-10-21

This book argues that a serious scholarly study on exhumation is long overdue Examining more well known cases such as that of Richard III the Romanovs and Tutankhamen alongside the more obscure Michael Nash explores the motivations beyond exhumation from retribution to repatriation Along the way he explores the influence of Gothic fiction in the eighteenth century the notoriety of the Ressurrection Men in the nineteenth century and the archeological heyday of the twentieth century *Conan Doyle, Detective* Peter Costello,2012-10-25 This fascinating book is based on a remarkable discovery Sherlock Holmes s methods of deduction were actually those of his creator and used in order to solve real crimes for Scotland Yard Holmes really did exist in the form of Conan Doyle Author Peter Costello draws on new research to follow the tracks Conan Doyle left as he entered the real word of Sherlock Holmes his fictional outpourings were the direct result of their author s hidden career as an amateur detective and criminologist [A Complete ... Narrative of the Rising ... Official Lists of Prisoners ... Who's who in the Handbook](#) ,1916 **Masculinity and Power in Irish Nationalism, 1884-1938** Aidan Beatty,2016-09-23 This book is a comparative study of masculinity and white racial identity in Irish nationalism and Zionism It analyses how both national movements sought to refute widespread anti Irish or anti Jewish stereotypes and create more prideful and highly gendered images of their respective nations Drawing on English Irish and Hebrew language archival sources Aidan Beatty traces how male Irish nationalists sought to remake themselves as a proudly Gaelic speaking race rooted both in their national past as well as in the spaces and agricultural soil of Ireland On the one hand this was an attempt to refute contemporary British colonial notions that they were somehow a racially inferior or uncomfortably hybridised people But this is also presented in the light of the general history of European nationalism nationalist movements across Europe often crafted romanticised images of the nation s past and Irish nationalism was thus simultaneously European and postcolonial It is this that makes Irish nationalism similar to Zionism a movement that sought to create a more idealized image of the Jewish past that would disprove contemporary anti Semitic stereotypes **Modern Death in Irish and Latin American Literature** Jacob L. Bender,2020-09-22 This comparative literature study explores how writers from across Ireland and Latin America have both in parallel and in concert deployed symbolic representations of the dead in their various anti colonial projects In contrast to the ghosts and revenants that haunt English and Anglo American letters where they are largely either monstrous horrors or illusory frauds the dead in these Irish Latinx archives can serve as potential allies repositories of historical grievances recorders of silenced voices and disruptors of neocolonial discourse *The Crisis* ,1916-09 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens *Dead Firms* Miguel M. The Transnational Activist Stefan Berger, Sean Scalmer, 2017-11-28 This book provides the first historical and comparative study of the transnational activist A range of important recent scholarship has considered the rise of global social movements the presence of transnational networks and the transfer or diffusion of political techniques Much of this writing has registered the pivotal role of transnational or global activists However if the significance of the transnational activist is now routinely acknowledged then the history of this actor is still something of a mystery Most commentators have associated the figure with contemporary history Hence much of the debate around transnational activism is ahistorical and claims for novelty are not often based on developed historical comparison As this volume argues it is possible to identify the transnational activist in earlier decades and even centuries But when did this figure first appear What are the historical conditions that nurtured its emergence What are the principal moments in the development of the transnational activist And

do the transnational activists of the Internet age differ in number or nature from those of earlier years These historical questions will be at the heart of this volume
