**Rogue's Progress** Robert Alter,1964      *A Rogue's Progress* Robert Alter,1962      **The Rogue Narrative and Irish Fiction, 1660-1790** Joe Lines,2021-09-20 With characteristic lawlessness and connection to the common man the figure of the rogue commanded the world of Irish fiction from 1660 to 1790 During this period of development for the Irish novel this archetypal figure appears over and over again Early Irish fiction combined the picaresque genre focusing on a cunning witty trickster or p caro with the escapades of real and notorious criminals On the one hand such rogue tales exemplified the English stereotypes of an unruly Ireland but on the other they also personified Irish patriotism Existing between the dual publishing spheres of London and Dublin the rogue narrative explored the complexities of Anglo Irish relations In this volume Lines investigates why writers during the long eighteenth century so often turned to the rogue narrative to discuss Ireland Alongside recognized works of Irish fiction such as those by William Chaigneau Richard Head and Charles Johnston Lines presents lesser known and even anonymous popular texts With consideration for themes of conflict migration religion and gender Lines offers up a compelling connection between the rogues themselves marked by persistence and adaptability and the ever popular rogue narrative in this early period of Irish writing      **The Marginal World of Oe Kenzaburo: A Study of Themes and Techniques** Michiko N. Wilson,2016-09-16 The first full length book devoted to Japan s 1994 Nobel Laureate The Marginal World of Kenzaburo e introduces the literary universe bursting with the explosive energies of Bakhtinian grotesque realism In its center stands the idiot son a trickster and soulful healer unknowingly thrown into the world of myth making and history The diverse voices of e s characters resonate with one another within and between reinvented texts as the book s analysis flow into the very pores and veins of his masterful writing      **Crisis and Continuity** Brenda Deen Schildgen,1998-02-01 Here is a compact study of how Mark s Gospel meditates on time It examines how the Gospel s contemporary setting in ordinary time defines its genre and how Mark uses the Hebrew scriptures to remember and recall past teachings prophecies and histories The suspended time narratives Mark s intercalations on the other hand interrupt the narrative of the critical time present Finally by bringing the eternal horizon into the events of the present Mark s mythic time reveals the crisis events as a momentary interruption of ordinary time Similarly during the ritual time the Gospel narrative breaks with its own historical setting in order to unravel the dead endedness of the crisis story by symbolically taking it outside time      *Building a Profession* Lionel Gossman,Mihai I. Spariosu,1994-03-08 At a time when the study of literature and the literary canon itself are once again the focus of intense debate Building a Profession offers a retrospective on the early days of Comparative Literature in the United States and on its role in defining literary scholarship in the heady decades following the end of the second World War Composed of autobiographical sketches by a number of eminent comparatists chiefly of the generation that has either recently retired or is approaching retirement it anchors the intellectual and scholarly aspirations of the post War period through the personal narratives of those who shared in them and

promoted them in the experience of war uprooting racial and religious intolerance or persecution and a deep longing for peaceful exchange and international understanding It is both a contribution to the history of literary study in the United States and a record of changes that have taken place in the culture of this country since World War II *Defoe's Major Fiction* Elizabeth R. Napier, 2016-01-28 This book focuses on the pervasive concern with narrativity and self construction that marks Defoe's first person fictional narratives Defoe's fictions focus obsessively and elaborately on the act of storytelling not only in his creation of idiosyncratic voices preoccupied with the telling and often the concealing of their own life stories but also in his narrators repeated aversion to other untold stories that compete for attention with their own Defoe's narratives raise profound questions about selfhood and agency as well as demonstrate competing attitudes about narration in his fictive worlds His canon exhibits a broad range of first person fictional accounts from pseudo memoir *A Journal of the Plague Year* *Memoirs of a Cavalier* to criminal autobiography *Moll Flanders* to confession *Roxana* and the narrators of these accounts secretive compulsive fractive exhibit an array of resistances to the telling of their life stories Such experiments with narration evince Defoe's deep involvement in projects of self description and delineation as he interrogates the boundaries of the self and dramatizes the arduousness of self accounting Defoe's fictions are emphatically consciousness centered and the significance of such a focus to the development of the novel is patently as great as is his realistic style Defoe's narrative project in fact challenges current views on the moment at which inwardness and interiority begin as Lukacs argued to comprise the subject matter of the novel implicitly attributing to identity and consciousness a place of signal and complex importance in the new genre *Rogues and Early Modern English Culture* Craig Dionne, Steve Mentz, 2004-04-07 A

definitive collection of critical essays on the literary and cultural impact of the early modern rogue **Henry Fielding** Jennifer S. Uglow, Jenny Uglow, 1995 A contextual and critical introduction to one of the great originators of the English novel

*The Modern Satiric Grotesque and Its Traditions* John R. Clark, 2021-05-11 Thomas Mann predicted that no manner or mode in literature would be so typical or so pervasive in the twentieth century as the grotesque Assuredly he was correct The subjects and methods of our comic literature and much of our other literature are regularly disturbing and often repulsive no laughing matter In this ambitious study John R. Clark seeks to elucidate the major tactics and topics deployed in modern literary dark humor In Part I he explores the satiric strategies of authors of the grotesque strategies that undercut conventional usage and form the de basement of heroes the denigration of language and style the disruption of normative narrative technique and even the debunking of authors themselves Part II surveys major recurrent themes of grotesquerie tedium scatology cannibalism dystopia and Armageddon or the end of the world Clearly the literature of the grotesque is obtrusive and ugly its effect morbid and disquieting and deliberately meant to be so Grotesque literature may be unpleasant but it is patently insightful Indeed as Clark shows all of the strategies and topics employed by this literature stem from age old and spirited traditions Critics have complained about this grim satiric literature asserting that it is dank cheerless

unsavory and negative But such an interpretation is far too simplistic On the contrary as Clark demonstrates such grotesque writing in its power and its prevalence in the past and present is in fact conventional controlled imaginative and vigorous no mean achievements for any body of art

**A Critical Bibliography of French Literature V4 18th C Supplement** Richard A. Brooks, **Ian Watt** Marina MacKay, 2018 Both an intellectual biography and an intellectual history of the mid century this book reconstructs Ian Watt's wartime world and shows how our ideas about the social moral and psychological work that the novel accomplishes can be traced to the crises of the Second World War and its aftermath

**A History of the Bildungsroman** Petru Golban, 2018-09-30 This book establishes a vector of methodology in the approach to a particular type of fictional discourse namely the English Bildungsroman the novel of identity formation Its wide ranging critical perspectives are also useful to anyone concerned with first of all European and English novelistic genres but also to those interested in theoretical perspectives of modern fiction studies in general as well as in certain aspects of Western literature as a developing tradition

Falling into Matter Elizabeth R. Napier, 2012-03-08 Falling into Matter examines the complex role of the body in the development of the English novel in the eighteenth century Elizabeth R Napier argues that despite an increasing emphasis on the need to present ideas in corporeal terms early fiction writers continued to register spiritual and moral reservations about the centrality of the body to human and imaginative experience Drawing on six works of early English fiction Daniel Defoe's Robinson Crusoe Jonathan Swift's Gulliver's Travels Samuel Richardson's Clarissa Henry Fielding's Tom Jones Elizabeth Inchbald's A Simple Story and Mary Shelley's Frankenstein Napier examines how authors grappled with technical and philosophical issues of the body questioning its capacity for moral action its relationship to individual freedom and dignity and its role in the creation of art Falling into Matter charts the course of the early novel as its authors engaged formally stylistically and thematically with the increasingly insistent role of the body in the new genre

Contexts of Criticism Harry Levin, 1957 15 lectures on novelists and literature ranging from broad problems of critical theory and esthetic formulation to specific analyses of forms and texts

The Life of Daniel Defoe John Richetti, 2015-07-29 The Life of Daniel Defoe examines the entire range of Defoe's writing in the context of what is known about his life and opinions Features extended and detailed commentaries on Defoe's political religious moral and economic journalism as well as on all of his narrative fictions including Robinson Crusoe Places emphasis on Defoe's distinctive style and rhetoric Situates his work within the precise historical circumstances of the eighteenth century in which Defoe was an important and active participant Now available in paperback

*The Orphan in Eighteenth-Century Law and Literature* Cheryl L. Nixon, 2016-02-17 Cheryl Nixon's book is the first to connect the eighteenth century fictional orphan and factual orphan emphasizing the legal concepts of estate blood and body Examining novels by authors such as Eliza Haywood Tobias Smollett and Elizabeth Inchbald and referencing never before analyzed case records Nixon reconstructs the narratives of real orphans in the British parliamentary equity and common law courts and compares them to the narratives of fictional orphans The

orphan's uncertain economic familial and bodily status creates opportunities to plot his or her future according to new ideologies of the social individual. Nixon demonstrates that the orphan encourages both fact and fiction to re-imagine structures of estate property and inheritance, blood, familial origins, and marriage and body, gender, and class mobility. Whereas studies of the orphan typically emphasize the poor urban foundling, Nixon focuses on the orphaned heir or heiress and his or her need to be situated in a domestic space. Arguing that the eighteenth century constructs the valued orphan, Nixon shows how the wealthy orphan became associated with new understandings of the individual. New archival research encompassing print and manuscript records from Parliament, Chancery, Exchequer, and King's Bench demonstrate the law's interest in the propertied orphan. The novel uses this figure to question the formulaic structures of narrative sub-genres such as the picaresque and romance and ultimately encourage the hybridization of such plots. As Nixon traces the orphan's contribution to the developing novel and developing ideology of the individual, she shows how the orphan creates factual and fictional understandings of class, family, and gender.

Criminality and Narrative in Eighteenth-Century England Hal Gladfelder, 2003-04-01

Stories of transgression: Gilgamesh, Prometheus, Oedipus, Eve may be integral to every culture's narrative imaginings of its own origins, but such stories assumed different meanings with the burgeoning interest in modern histories of crime and punishment in the later decades of the seventeenth century. In *Criminality and Narrative in Eighteenth-Century England*, Hal Gladfelder shows how the trial report, providence book, criminal biography, and gallows speech came into new commercial prominence and brought into focus what was most disturbing and most exciting about contemporary experience. These narratives of violence, theft, disruptive sexuality, and rebellion compelled their readers to sort through fragmentary or contested evidence, anticipating the openness to discordant meanings and discrepant points of view which characterizes the later fictions of Defoe and Fielding. Beginning with the various genres of crime narrative, Gladfelder maps a complex network of discourses that collectively embodied the range of responses to the transgressive at the turn of the eighteenth century. In the book's second and third parts, he demonstrates how the discourses of criminality became enmeshed with emerging novelistic conceptions of character and narrative form. With special attention to Colonel Jack, Moll Flanders, and Roxana, Gladfelder argues that Defoe's narratives concentrate on the forces that shape identity, especially under conditions of outlawry, social dislocation, and urban poverty. He next considers Fielding's double career as author and magistrate, analyzing the interaction between his fiction and such texts as the aggressively polemical *Enquiry into the Causes of the Late Increase in Robbers* and his eyewitness accounts of the sensational Canning and Penlez cases. Finally, Gladfelder turns to Godwin's *Caleb Williams*, Wollstonecraft's *Maria*, and Inchbald's *Nature and Art* to reveal the degree to which criminal narrative by the end of the eighteenth century had become a necessary vehicle for articulating fundamental cultural anxieties and longings. Crime narratives, he argues, vividly embody the struggles of individuals to define their place in the suddenly unfamiliar world of modernity.

**Moll Flanders** Daniel Defoe, 2005-02-23 Born to a petty thief in London's

notorious Newgate prison and determined to make her way in a rapacious and materialistic society Moll Flanders recounts the fortunes and misfortunes of her turbulent life in this 1722 novel Though Moll Flanders was shaped by the conventions of criminal biography Defoe also drew on other literary traditions and his own rich background to create a remarkably original and still controversial work In addition to a critical introduction and substantial footnotes this Broadview edition provides a wide range of writings by Defoe as well as contemporary responses to Moll Flanders Other appendices include a selection of eighteenth century writings on crime prisons and the Virginia colony

**The Global South and Literature** Russell West-Pavlov, 2018-03-08 The Global South has largely supplanted the Third World in discussions of development studies postcolonial studies world literature and comparative literature respectively The concept registers a new set of relationships between nations of the once colonized world as their connections to nations of the North diminish in significance Such relationships register particularly clearly in contemporary cultural theory and literary production The Global South and Literature explores the historical cultural and literary applications of the term for twenty first century flows of transnational cultural influence tracing their manifestations across the Global Southern traditions of Africa Asia and Latin America This collection of interdisciplinary contributions examines the origins development and applications of this emergent term employed at the nexus of the critical social sciences and developments in literary humanities and cultural studies This book will be a key resource for students graduates and researchers working in the field of postcolonial studies and world literature
