White, Kate Gilbert, 2014 A full and provocative reappraisal of the Bayeux Tapestry its origins design and patronage Aspects of the Bayeux Tapestry in fact an embroidered hanging have always remained mysterious despite much scholarly investigation not least its design and patron Here in the first full length interdisciplinary approach to the subject the authors an art historian and a historian consider these and other issues Rejecting the prevalent view that it was commissioned by Odo the bishop of Bayeux and half brother of William the Conqueror or by some other comparable patron they bring new evidence to bear on the question of its relationship to the abbey of St Augustine s Canterbury From the study of art historical archeological literary historical and documentary materials they conclude that the monks of St Augustine s designed the hanging for display in their abbey church to tell their own story of how England was invaded and conquered in 1066 Elizabeth Carson Pastan is a Professor of Art History at Emory University Stephen D White is Asa G Candler Professor of Medieval History emeritus Emory University and an Honorary Professor of Mediaeval History at the University of St Andrews *The Intellectual Foundations of the English Benedictine Reform* Mechthild Gretsch, 1999-03-11 This book explores the foundations of the intellectual renaissance in tenth century England including both the English Benedictine reform and the establishment by thelwald Bishop of Winchester 963-84 of the most influential school in late Anglo Saxon England The vital early stages of thelwald s scholarly career are explored for the first time particularly his formative years in King thelstan s entourage and his period of study at Glastonbury Light is shed on the contribution which thelstan s cosmopolitan court made to intellectual and spiritual life Based on a wide range of evidence Dr Gretsch assigns to thelwald two influential texts an interlinear translation of the psalter and a vast corpus of Old English glosses to Aldhelm s prose *De virginitate* These glosses are shown to have played a pivotal role in the development of the vernacular as a medium for scholarly discourse **Pathos in Late-Medieval Religious Drama and Art** Gabriella Mazzon, 2018-05-23 Pathos as Communicative Strategy in Late Medieval Religious Drama and Art explores the strategies employed to trigger emotional responses in late medieval dramatic texts from several Western European traditions and juxtaposes these texts with artistic productions from the same areas with an emphasis on Britain The aim is to unravel the mechanisms through which pathos was produced and employed mainly through the representation of pain and suffering with mainly religious but also political aims The novelty of the book resides in its specific linguistic perspective which highlights the recurrent use of words structures and dialogic patterns in drama to reinforce messages on the salvific value of suffering in synergy with visual messages produced in the same cultural milieu *Maps and Monsters in Medieval England* Asa Simon Mittman, 2013-09-13 This study centers on issues of marginality and monstrosity in medieval England In the middle ages geography was viewed as divinely ordered so Britain s location at the

periphery of the inhabitable world caused anxiety among its inhabitants Far from the world's holy center the geographic margins were considered monstrous Medieval geography for centuries scorned as crude is now the subject of several careful studies Monsters have likewise been the subject of recent attention in the growing field of monster studies though few works situate these creatures firmly in their specific historical contexts This book sits at the crossroads of these two discourses geography and monstrosity treated separately in the established scholarship but inseparable in the minds of medieval authors and artists

Thomson,2018-04-17 In Communal Creativity in the Making of the Beowulf Manuscript Simon Thomson analyses details of scribal activity to tell a story about the project that preserved Beowulf as one of a collective if error strewn endeavour and arguing for a date in Cnut s reign He presents evidence for the use of more than three exemplars and at least two artists as well as two scribes making this an intentional and creative re presentation uniting literature religious and heroic in poetry and in prose He goes on to set it in the broader context of manuscript production in late Anglo Saxon England as one example among many of communities using old literature in new ways and of scribes working together making mistakes and learning *The Old English Version of Bede's Historia Ecclesiastica* Sharon M.
