Forum-Based Role Playing Games as Digital Storytelling Csenge Virág Zalka, 2019-03-28 When people hear the term role playing games they tend to think of two things a group of friends

sitting around a table playing Dungeons Dragons or video games with exciting graphics Between those two however exists a third style of gaming Hundreds of online forums offer gathering places for thousands of players people who come together to role play through writing They create stories by taking turns describing events through their characters eyes Whether it is the arena of the Hunger Games the epic battles of the Marvel Universe or love stories in a fantasy version of New York people build their own spaces of words and inhabit them day after day But what makes thousands of players many teenagers among them voluntarily type up novel length stories How do they use the resources of the Internet gather images sounds and video clips to weave them into one coherent narrative How do they create together through improvisation and negotiation in ways that connect them to older forms of storytelling Through observing more than a hundred websites and participating in five of them for a year the author has created a pilot study that delves into a subculture of unbounded creativity

Bernhard Schmid, 2021-06-21 The essays in this collection explore the idea that discursive norms the norms governing our thought and talk are profoundly social Not only do these norms govern and structure our social interactions but they are sustained by a variety of social and institutional structures The chapters are divided into three thematic sections The first offers historical perspectives on discursive norms including a chapter by Robert Brandom on the way Hegel transformed Kant's normativist approach to representation by adding both a social and a historicist dimension to it Section II features four chapters that examine the sociality of normativity from within a broadly naturalistic framework The third and final section focuses on the social dimension of linguistic phenomena such as online speech acts oppressive speech and assertions The Social Institution of Discursive Norms will be of interest to scholars and advanced students working in philosophy of language philosophy of mind and social philosophy *Translanguaging for Equal Opportunities* János Imre Heltai, Eszter

Tarsoly, 2023-06-19 This multi authored monograph located in the intersection of translanguaging research and Romani studies offers a state of the art analysis of the ways in which translanguaging supports bilingual Roma students learning in monolingual school systems Complete with a video repository of translanguaging classroom moments this comprehensive study is based on long term participatory ethnographic research and a pedagogical implementation project undertaken in Hungary and Slovakia by a group of primary teachers bilingual Roma participants and researchers Co written by academic and non academic participants the book is an essential reading for researchers pre and in service teachers of Romani speaking students and experts working with collaborators learners informants activists whose home languages are excluded from mainstream education and school curricula The videofiles in the book are available via the following website <http://www.kre.hu/romanitranslanguaging/index.php> video repository *Cultural Migrants and Optimal Language Acquisition* Fanny Forsberg Lundell, Inge Bartning, 2015-08-04 This volume investigates cultural migrants people who from their own free will

move to another country because of their interest in the target language and culture Chapters include studies on cultural migrants acquiring French Italian Spanish and English and consider linguistic psycholinguistic sociolinguistic and pragmatic aspects of language acquisition Cultural migrants have social and psychological advantages when acquiring a second language as adults and the study of their linguistic knowledge and production increases our understanding of the possibilities and limits of L2 ultimate attainment The work thus fills a gap in our understanding of high level proficiency and will be of interest to researchers working in the field of SLA as well as to social scientists studying the relationship between language culture and integration

Korean Honorifics and Politeness in Second Language Learning Lucien Brown, 2011-04-14

This book investigates the ways that advanced speakers of Korean as a second language perceive use and learn the complexities of the Korean honorifics system Despite their advanced proficiency in Korean the study shows that the honorifics use of these speakers diverges in crucial ways from native speaker norms It is argued that rather than reflecting the language competence of these speakers as such this usage is linked to questions of the identity of language learners and foreigners in Korean society In addition it shows the influence of conflicting ideologies regarding the meaning of politeness This argument is backed up by rich data collected through mixed methods discourse completion tests role plays natural interactions introspective interviews allowing for a detailed picture of how the honorifics use of second language speakers emerges in context The book concludes by discussing the implications of the study for politeness research interlanguage pragmatics and language pedagogy

Referring in a Second Language Jonathon Ryan, Peter Crosthwaite, 2020-03-19

The introduction and tracking of reference to people or individuals known as referential movement is a central feature of coherence and accounts for about every third word of discourse Located at the intersection of pragmatics and grammar reference is now proving a rich and enduring source of insight into second language development The challenge for second language L2 learners involves navigating the selection and positioning of reference in the target language continually shifting and balancing the referential means used to maintain coherence while remaining acutely sensitive to the discourse and social context The present volume focuses on how L2 learners meet that challenge bringing together both eminent and up and coming researchers in the field of L2 acquisition The chapters address a range of problems in second language acquisition SLA e g form function mapping first language L1 influence developmental trajectories and do so in relation to various theoretical approaches to reference e g Accessibility Theory Givenness Hierarchy The global outlook of these studies relates to the L2 acquisition of English French Japanese Korean and Spanish and covers a diverse range of situational contexts including heritage language learning English as a medium of instruction and the development of sociolinguistic competence
