What do you want most What would you lose to get it Those are the questions you will have to answer while playing After the Rain a one shot roleplaying game for 3 6 players After the Rain casts you and your friends as desperate individuals bound together in pursuit of a shared goal Standing in your way is The Rain The longer you are exposed to The Rain the more you will lose your memories experiences and the things that make you who you are As the game progresses you ll be forced to change Will you crumble without your past experiences or adapt to the loss of your memories and embrace the new person you must become With only four six sided dice per player pencils and your wits will you be left standing After the Rain After The Rain is played over 3 Acts each with a different twist that encourages character growth into what The Rain is leaving behind To play you and your friends will need to create a setting that varies as wildly as your imagination ranging from a medieval village during the black plague to an office building where people audit the gods Next you must establish the goal This is what drives your characters and brings them together It s the thing they want the most and could be anything from getting a briefcase full of money to taking out a powerful rival Then you ll need to make your Facets These are the three defining traits of your character This could be as simple as a desire for revenge or as deep as trying to save someone you once loved Finally you ll decide on a past connection with another player at the table to help eliminate any We meet in a Tavern situations and to help get you started right in the midst of The Rain Be careful As the game continues and the players are exposed to The Rain these Facets will start to wash away and they will lose their memories and experiences as the game goes on [Crumbs from the Master's Table](#) G.
